Dear Mrs. Jones,

Welcome to a new program to help with your Medicare and Medicaid services!

On June 1, 2013 you will be in a new program for people who get both Medicare and Medicaid benefits. This new program will help your Medicare and Medicaid services work together better, making it easier for you to get the services you need.

In this new program, your local Regional Care Collaborative Organization, <name of RCCO> will work with you and your doctors and other providers to coordinate your care, and help you find social and community services in your area.

Your regional care collaborative organization: Colorado Community Health Alliance, 1-877-919-2888

The clinic or practice you use: Example Clinic

What do you have to do to be in the new program?

You don't have to do anything. You are automatically in the program. Within a few weeks your <local RCCO> will call you to explain how the new program can help you.
