CATPA Financial Reports

Operating Budget Reports

FY2018 Grant Closing
Director Force provided a Grant Budget Report to the Board. As of today, the CATPA office has expended $433,548.70 or 97.6% of its total budget. There is a balance remaining of $10,451.30 or 2.4%. Director Force informed the Board that FY2018 closed on June 30, 3018, approximately 2 weeks ago. Of the 6.1 million awarded, all but $156,545.59 was spent. Director Force informed the Board that all grantees did good at spending all their funds. Director Force informed the Board that CATPA hit a new benchmark of leaving 2.5% of all funds unspent. Historically the rate of unspent funds has been around 12%. Director Force discussed the two grantees who left the majority funds remaining. The Attorney General’s office had a cost savings due to a vacancy leaving 8.7% unexpended. BATTLE planned to spend 100% of their grant; however; 7% remained unexpended primarily on their Equipment Line.

Director Force explained the $97,000 left unspent by BATTLE was because of a delay in the integration of the ALPR Database which set in motion a delay in the purchase of the necessary ALPR’s. The ALPR Database was launched February 2018 which only allowed for delivery of a portion of the equipment needed.

It was asked if there was an error in the amount remaining for CMATT. Director Force clarified the Board that CMATT expended all but $3.22 of their award. Director Force also informed the Board that the City of Lakewood absorbed approximately $30,000 in personnel costs for the month of June.

• Jason Juarez seconded the motion.
• Motion Passed (unanimous)

For the 2017 Assessment year, the total revenue collected was $5,017,990.51. This is an overage of 51 cents. The 51 cents are from one insurance company overpaying by 50 cents and a second insurance company sending 01 cents as a test to ensure they are able to transfer funds electronically in the future. Both companies were informed of their overpayment. Director Force informed the Board that the cash fund balance as of now is at $5,000,000.00.

Grant Project Report
Director Force informed board members the Addendum includes all final reports from grantees except CBI. Additionally, he reported that all final reimbursement requests have been processed by CATPA. As a note, the City of Lakewood absorbed approximately $30,000 in personnel costs from the FY2018 CMATT grant, as the amount could not be reimbursed due to the grant award being maximized. Director Force informed the Board that there were no major issues with the Grantees and the CATPA Staff is planning to perform site visits, which will be reported in future meetings.
