

Pesticide Testing Working Group

Agenda

Wednesday, January 13, 2016

8:00-11:00 a.m. (Laboratory Services Division)

MEETING DETAILS

Meeting room: **Laboratory Services Division, 8100 Lowry Blvd, Denver, CO 80230**
Front Training Room
Colorado Department of Public Health and Environment

For questions about this meeting, contact us at 303-691-4028

PURPOSE

To work with impacted stakeholders to determine a path forward for testing marijuana/marijuana products for pesticide residues and for marijuana testing facility pesticide analysis certification. In addition, to clarify expectations/requirements in the event of test failures and product recalls.

DESIRED OUTCOMES

- A. A decision on which pesticides should be tested for
- B. A decision on which products will be tested for pesticide residues
- C. A decision on a required minimum detection limit
- D. Establishment of a proposed timeline for certification and testing requirements
- E. An understanding of compliance procedures and expectations in regard to product recalls

AGENDA

1. Start up: welcome, introductions, agenda review, process and timeline
2. Discussion of the draft list of pesticide residues to be tested for
3. Discussion of which products will be tested for pesticide residues
4. Discussion of establishing required minimum detection limits for testing facilities
5. Discussion of proposed timeline for certification of testing facilities and implementation of required pesticide testing, including any possible MED Rule updates
6. Discussion of compliance procedures and expectations in the event of test failures and product recalls
7. Public Comment
8. Meeting review +/-Δ
