- Contiguous neighbors have signed plans indicating they have been notified of project.

VARIANCES

Are you requesting a Variance? yes no

Height Variance _____ amount

Setback Variance – building within the 40 foot setback

Which lot line(s) are you requesting variance for and amount required

Immediate Neighbors Acknowledged

Lot Coverage Variance – square foot and percentage _____

In order for the Town of Bow Mar to grant a variance to the Town's ordinances, you will need to explain in detail why such a variance should be considered. Is a variance your only option? What is your hardship?

PROJECT INFORMATION

Please fill out as thoroughly as possible. The more information made available, the less left to the imagination of the members of ACC. Sample materials should be submitted, as well as pictures of "similar" styles.

A. Total square footage of house footprint, including garages _____

B. Total Square footage of property _____

CALCULATE THE LOT COVERAGE % (A/B) _____

Allowable Coverage for the Town of Bow Mar	
LOT SIZE – 1 acre = 43,560 sq ft	LOT COVERAGE %
< .75	15%
.75 - .99	14%
1.0 - 1.24	13%
1.25 or >	12%

PROJECT DESCRIPTION – please describe exactly what changes/modifications you plan:

EXTERIOR MATERIALS/COLORS

Please detail all exterior materials that will be used in the project,. Break down by elevation and detail whether or not the material is new, replacement, or existing. A further detailing of color would be appreciated.

ROOFING – Type and material in relation to existing roof. Will the new roof be compatible with existing? yes no

In either case, describe the roofing materials that will be used?

Describe roofline, eaves, and its ties into the existing roof.

WINDOWS/EXTERIOR DOORS/SHUTTERS – type in relation to existing windows:

Describe any green related design or materials you have incorporated into your project:

Additional Notes which might benefit or expedite the review process.

CONSTRUCTION DATES:

PROPOSED START DATE ____/____/____ If actual construction/landscaping is not initiated within 180 days from the issuance of a permit or plan acceptance, the plans must be resubmitted to ACC and begin the process anew.

ANTICIPATED COMPLETION DATE ____/____/____ The Town of Bow Mar allows a maximum of 365 days from the day the building permit is issued for construction. If construction is not completed within the allotted time, the Building Commissioner shall assess monetary penalties that must be paid prior to the next inspection.
