Extension of Time for Filing a Colorado C Corporation Income Tax Return

Corporate income tax returns are due on the fifteenth day of the fourth month after the end of your tax year, or by April 17, 2018, for traditional calendar year filers. If you are unable to file by your prescribed due date, you may file under extension. This will allow you an additional six months to file your return, or until October 15, 2018 for traditional calendar year filers. However, the extension to file DOES NOT allow you to extend your payment due date. You must pay at least 90% of your tax liability by the original due date of your return (or April 17) and the remainder by the filing extension due date (or October 15) to avoid delinquent payment penalties.

Penalties and Interest

If the 90% rule is NOT met by the original due date, then delinquent penalty and interest will be assessed when you file your return. If 90% or more of your tax liability is paid by the original due date, and the remaining balance is paid by the extension due date, no penalty will be assessed. However, you will be billed interest, but only on the amount being paid by the extension due date.

If after the original due date, you determine that you underpaid your extension payment you should pay the additional tax as soon as possible to avoid further accumulation of penalty and/or interest.

Pay Online

Visit Colorado.gov/RevenueOnline to pay online. Online payments reduce errors and provide instant payment confirmation. Revenue Online also allows users to submit various forms and to monitor their tax account. Electronic Funds Transfer (EFT), Debit and Credit options are free services offered by the department. EFT services require pre-registration before payments can be made. Visit Colorado.gov/Revenue/EFT for more information.

The DR 0158-C is not required to be sent if an online payment is made. Please be advised that a nominal processing fee may apply to e-check or credit card payments.

Instructions For Completing the DR 0112

S Corporations use the DR 0106

This filing guide will assist you with completing your Colorado Income Tax Return. Please read through this guide before starting your return. Once you finish the form, file it with a computer, smartphone or tablet using our free and secure Revenue Online service at Colorado.gov/RevenueOnline. You may also file using private e-File software or with a paid tax preparer. You significantly reduce the chance of errors by filing your return electronically. If you cannot file electronically for any reason, mail the enclosed forms as instructed. All Colorado forms and publications referenced in this guide are available for download at Colorado.gov/Tax – the official Taxation website.

Filing Requirements

Each C corporation doing business in Colorado, or those who derive income from Colorado sources, must file this return. Organizations that have been granted tax-exempt status by the IRS are generally exempt from Colorado taxation. However, those tax exempt entities that file federal Form 990-T to report unrelated business taxable income from Colorado sources or from business activity in Colorado are subject to Colorado taxation and are required to file the DR 0112. Any insurance company subject to the tax imposed on gross premiums by §10-3-209, C.R.S. is exempt from Colorado income tax.

Due Date

Corporate income tax returns are due **April 17, 2018** for traditional calendar year filers. If you are unable to file by your prescribed due date, you may file under extension. See the DR 0158-C for more information about filing extensions.

Estimated Tax

Every C corporation subject to Colorado income tax must file the DR 0112EP, if it can reasonably expect the net tax liability to exceed \$5,000 during the taxable year. See publication FYI Income 51 for more information.

Accounting Period and Method

The accounting period and method for Colorado income tax must be the same accounting period and method as used for federal income tax.

Account Numbers

The Colorado Account Number (CAN) is 8 digits and must be listed in addition to the Federal Employer Identification Number (FEIN) on any form where requested. The CAN used on this form is usually the same number that is found on sales tax licenses and forms related to wage withholding.

Line-by-Line Instructions

First, complete the federal income tax return to be filed with the IRS. You will use information from that return to complete the Colorado income tax return.

Section A

Mark the appropriate box related to your apportionment method. Corporations doing business in multiple states must apportion their taxable income to each state in which they conduct business. This ensures the tax is paid to the state in which the income is earned and taxable, and eliminates double taxation. We recommend that you read publication FYI Income 59 for more information. Generally, income is apportioned using the single sales factor.

- **Not Apportioning**

The C corporation conducts business only in the state of Colorado. Tax will be calculated on 100% of the Colorado taxable income.

- **Single Sales Factor**

All business income must be apportioned using a single factor: sales. Nonbusiness income may either be directly allocated to the appropriate state or treated as business income, subject to the single sales factor. The DR 0112SF is required if using this method and can be completed by clicking the appropriate edit button on Revenue Online. Otherwise, submit via the e-Filer Attachment on Revenue Online or send with the paper return.

- **Gross Receipts**

The C corporation that performs no Colorado activities other than making sales, that does not own or rent real estate within Colorado borders, and that generates annual Colorado gross sales of \$100,000 or less, may elect to pay tax on 0.5% of the annual Colorado gross receipts – in lieu of paying the normal income tax. We recommend that you read publication FYI Income 58 if this applies to you. If using this method, you must enter the annual Colorado gross receipts on line 17, the calculated 0.5% tax on line 18, and enter “gross receipt tax” next to each of these two lines.

- **Other Apportionment Method**

When Colorado apportionment methods do not fairly measure the Colorado-source income, the corporation may request (or the Department might require) an alternative apportionment method.

Section B

Mark the appropriate box to designate a separate, consolidated, or combined return.

There are four possible filing alternatives for C corporations. We recommend that you read publication FYI Income 60 for additional information.

- **Separate**

This designation is for a single corporation, regardless of its membership in an affiliated group. A single corporation cannot use this filing alternative if it elects to be part of a consolidated return or if it is required to be included in a combined filing.

- **Consolidated**

This designation is for affiliated members of a group of corporations defined by §1504 Internal Revenue Code. However, only those members conducting business in Colorado can be included in the consolidated return. This filing alternative is binding for four years and requires consent of the Colorado members of the group. Filing such a return shall be deemed consent.

- **Combined**

This designation is for affiliated members of a group of corporations defined by §39-22-303, C.R.S. that meets at least half of the six-part intercompany business relationship test for this year and the preceding two years. This is a required filing alternative.

- **Combined/Consolidated**

This designation is for an affiliated group filing a combined return, but who has a member that filed a federal consolidated return with another corporation, and the other corporation is conducting business in Colorado but is not otherwise eligible to be included in the combined report.

- Interest income – the amount of state or municipal obligations that were not included in federal taxable income. DO NOT include bond premium amortization, or any interest earned from bonds issued by any state or political subdivision, excluding any bonds issued by the State of Colorado or its political subdivisions on or after May 1, 1980. Qualifying interest shall be net of any expense required to be allocated thereto by the Internal Revenue Code for federal income tax purposes. See publication FYI Income 52 for more information.
- Foreign-source income – the amount of any income, war profits, or excess profits taxes paid or accrued to any foreign country or to any possession of the United States that were claimed as a deduction on the federal return.
- Gross Conservation Easement charitable contribution – Any charitable deduction taken on the federal return for a gross conservation easement that has also been claimed for a Colorado tax credit. Complete the DR 1305 Part D.

Line 7

Enter the sum of lines 3 through 6.

Subtractions

Line 8

Enter any income that is included on line 1, which is derived from any U.S. government bond interest and any interest or dividend income on obligations securities of any authority, commission, or instrumentality of the United States to the extent that such income is exempt from state taxation by federal law. We recommend that you read publication FYI Income 20 if this applies to you.

Line 9

Enter any income that is included on line 1, which is derived from foreign income that qualifies as excludable foreign-source income. Excludable foreign-source income means taxable income from sources outside the United States as used in §862 of the Internal Revenue Code. Excludable foreign-source income shall also be omitted in determining the Colorado sales factor on the DR 0112SF.

We recommend that you read publication FYI Income 58 if these conditions apply to you:

- The corporation has elected to claim foreign tax paid or accrued as a deduction on the federal income tax return and therefore the Colorado exclusion can equal that of the federal deduction
- The corporation has elected to claim foreign tax paid or accrued as a credit on the federal income tax return.

Taxable Income

Line 1

Enter the federal taxable income (or loss) from federal Form 1120 or 990-T.

Line 2

Enter any amount from line 1 that is attributed to affiliated corporations that are not included in this consolidated or combined return.

Line 3

Subtract line 2 from line 1. This reflects the taxable income of the federal pro-forma return included on the Colorado form.

Additions

Line 4

Enter any federal net operating loss deduction claimed in the computation of the federal taxable income. We recommend that you read publication FYI Income 19 if this applies to you.

Line 5

Enter any Colorado income tax claimed as a deduction in the computation of the federal taxable income.

Line 6

Enter the sum of all other qualifying additions. For this line, you must further explain your basis for this adjustment. If you are using Revenue Online, submit this explanation to your return electronically with the E-Filer Attachment option. Otherwise, use the DR 1778 or attach a written statement to your paper return. We recommend that you read publication FYI Income 58 if this applies to you:

Line 10

You might be eligible to subtract the income you earned from a Colorado-source capital gain. The amount of this subtraction is limited to \$100,000. We recommend that you read publication FYI Income 15 if this applies to you.

You must complete and submit the DR 1316 with your return. Take precaution to completely fill out each item of this form. Be as detailed as possible, especially when providing property descriptions, ownership, and dates of acquisition and sale.

Line 11

For Colorado-licensed marijuana businesses, list any expenditure that is eligible to be claimed as a federal income tax deduction but is disallowed by section 280E of the Internal Revenue Code because marijuana is a controlled substance under federal law.

To calculate this deduction, you must create pro forma federal schedule(s) for Business Profit or Loss as if the federal government would have allowed the expenditures from the marijuana business. The Colorado deduction shall be the difference between the profit/loss as calculated on the ACTUAL schedule(s) filed with the federal return and the pro forma schedule(s) described above. You must attach both the pro forma schedule(s) and the actual schedule(s) to your Colorado return to receive this deduction.

Line 12

Agricultural Asset Lease Deduction

Enter the certificate number (YY-####) for the deduction certificate that was provided by the Colorado Agricultural Development Authority (CADA). If you received more than one certificate you must file electronically. Enter the amount of the deduction on this line. The amount of deduction allowed to a qualified taxpayer may not exceed \$25,000. You must submit a copy of each certificate with your return.

Line 13

Enter the sum of all other qualifying subtractions. For this line, you must further explain your basis for this adjustment. The explanation can be scanned and attached to your electronic filing through Revenue Online or most tax software, mailed with the DR 1778 or attached to your paper return.

We recommend that you read publication FYI Income 58 if these subtractions apply to you:

- Colorado income tax refund—the amount of any Colorado income tax refund that was included on line 3.
- Gross up provisions—the amount of any IRC section 78 gross up provisions that was included on line 3.
- Various credits—the amount of any salary or wage expense that was not allowed as a federal deduction by the IRS due to the provisions of the Indian employment credit, work opportunity credit, empowerment zone employment credit, orphan drug credit, the credit for increasing research activities, employee retention credit, welfare-to-work credit, or mine rescue team training credit.

Line 14

Enter the sum of lines 8 through 13.

Taxable Income

Line 15

Calculate your modified federal taxable income by subtracting line 14 from line 7.

Line 16

Enter the Colorado taxable income. This amount is transferred from line 15 if not apportioning income. Otherwise, for corporations that are apportioning income, this amount shall be transferred from line 16 of the DR 0112SF.

Line 17

Enter the Colorado net operating loss deduction. This amount is calculated in the same manner as the federal net operating loss deduction, except that in the case of a corporation apportioning income, it is the part of the federal net operating loss (as modified) that is from Colorado sources. Colorado net operating losses may be carried forward 20 years for tax years beginning on or after August 6, 1997. They may not be carried back. Federal limitations on carryover losses between predecessor and successor corporations apply to Colorado income tax as well. We suggest that you read publication FYI Income 19 if this applies to you.

Line 18

Calculate your Colorado taxable income by subtracting line 17 from line 16.

Tax

Line 19

Calculate your Colorado tax. Multiply line 18 by the tax rate of 4.63%.

Credits

Line 20

Complete the DR 0112CR to calculate this line. Transfer the amount of nonrefundable credits from line 26 of the DR 0112CR. You must submit the DR 0112CR with your return.

Line 21

Use your tax software, Revenue Online or the DR 1366 to calculate the total amount of nonrefundable enterprise zone credits being used to offset the current year tax liability. The sum of line 19 and 20 cannot exceed the amount entered on line 18. You must submit the DR 1366 and a copy of each certificate with your return. **The Department strongly recommends electronic filing for taxpayers with enterprise zone credits. Failure to file electronically may result in delays processing your return.**

Line 22

Subtract the sum of lines 20 and 21 from line 19. The value on line 21 cannot be a negative number, as the total of nonrefundable credits cannot exceed the tax due.

Line 23

Corporations required to recapture federal investment credits with respect to Colorado assets must recapture

the “old” Colorado investment credits as well. Include any investment credit recapture, historic property preservation credit recapture, low income housing credit recapture, or any other credit recapture. Submit an explanation that itemizes each recaptured amount calculated for this line. The explanation can be scanned and attached to your electronic filing through Revenue Online or most tax software, mailed with the DR 1778 or attached to your paper return.

Line 24

Enter the sum of lines 22 and 23.

Line 25

Carefully review payment records before completing this line. Use Revenue Online (Colorado.gov/RevenueOnline) to verify estimated taxes paid on the account. Doing so will reduce processing delays. Enter the amount of credit for prepayments. Include the sum of the following on line 25:

- Estimated tax payments for 2017; *and*
- Any overpayment from 2016 that was carried forward to 2017; *and*

Line 28

Enter the Innovative Motor Vehicle Credit from the DR 0617. You must submit each DR 0617 with your return.

Line 29

This credit is only available if business personal property tax was paid to a Colorado county in 2017 and the business had business personal property valued at \$15,000 or less.

Submit a copy of the assessor’s statement with your return.

Section F

Mark the “Yes” box to allow the Colorado Department of Revenue to discuss this tax return with the paid preparer or designee who signed it. This authorization is valid for any period of time and can be revoked with a written statement to the Department. Revocations must declare the return filing period and tax type, must designate that the Third Party Designee is being revoked and must be signed and dated by the taxpayer and/or designee. By completing this area of the return, the taxpayer is granting the designee the ability to:

- Provide any missing information needed for the processing of your return; *and*

This designation **does not** allow the third party to receive any refund check, bind the taxpayer to anything (including any additional tax liability), or otherwise represent the taxpayer before the Colorado Department of Revenue. In order to expand the designee’s authorization, complete the DR 0145 Power of Attorney for Department-Administered Tax Matters and submit via Revenue Online.

Section G – H

Signature

The law requires the return to be signed under penalty of perjury. Persons authorized to sign this return must either be the president, vice president, treasurer, assistant treasurer, chief accounting officer, or other officer that is duly authorized to act on behalf of the corporation. In cases where receivers, trustees in bankruptcy, or assignees are operating the property or business of corporations, such receivers, trustees, or assignees shall make returns for such corporations in the same manner and form as corporations are required to make returns.

Amendments

If an amended return is filed with the IRS, or if the IRS changes the content of the return, an amendment must be filed with Colorado. Use Revenue Online or the DR 0112X to amend the Colorado return. If the corporation operates in multiple states, the Department will accept the revenue agent report (RAR) in lieu of an amended return. Be sure to list the Colorado Account Number on the RAR before mailing a copy to one of the addresses below:
