

NOTICE OF WATER-LINE MAINTENANCE FOREST VIEW ACRES WATER DISTRICT

Please be advised that water service will be temporarily shut-off due to a water main break that needs to be repaired.

Water service will be shut off; Tuesday, October 21, 2014 from 10:00 am to repair the District's main water line. The District anticipates that the water service will be restored by Tuesday, October 21, 2014 at 5:00pm.

Be advised that a loss of pressure may result in sediment being stirred up in the water lines when pressure is restored. We highly recommend flushing your faucets prior to use.

All water service will be restored as quickly as possible upon repair. This is an estimated time frame only. There is no guarantee that service interruptions will fall within the allotted time frame. Please plan accordingly.

We apologize for any inconvenience.
