

Clinic	Quality Score	Quality Tier	Tier Payment	Visits	Quality Points	Payment
A	13	3	\$1.13	100	1300	\$1,472.49
H	18	4	\$1.51	100	1800	\$2,718.44
K	21	5	\$1.89	100	2100	\$3,964.39

Quality points are calculated by multiplying the provider's quality score by their total visits. These quality points are then multiplied by the amount assigned to the payment tier the provider falls into to calculate the provider's Quality Grant payment. Above is an example of how payments can change depending on the quality tier the provider falls into.
