II. SENIOR DENTAL PROGRAM ADMINISTRATION

A. PROGRAM OVERVIEW

The General Assembly, through Senate Bill (SB) 14-180, created the Colorado Dental Health Care Program for Low-Income Seniors (Senior Dental Program) to promote the health and welfare of low-income seniors. This law makes it possible for low-income seniors to have access to patient-centered dental care. Part 4 of Article 3 in Title 25.5 is where the program's enabling legislation resides. The following segment of the legislative declaration at Section 25.5-4-402, C.R.S. (2017) illustrates the program's purpose.

The general assembly hereby determines, finds, and declares that:

(b) By relocating and reorganizing the "Colorado Dental Care Act of 1977", which provided dental services to certain eligible seniors, the state department can align those dental health care services with adult dental benefits provided through other dental health care programs for seniors and thereby target the resources effectively to low-income seniors who may not qualify for those programs.

FY 2014-15 was the transition phase of the Colorado Dental Care Act of 1977 administered by the Colorado Department of Public Health and Environment (CDPHE) to the Senior Dental Program administered by the Department of Health Care Policy and Financing (the Department). This transition consisted of defining grant criteria, establishing program rules and awarding grant monies to qualified grantees. Grants for the Senior Dental Program were issued by the Department on July 1, 2015 and qualified seniors were able to receive dental services on that date.

B. STAKEHOLDER COLLABORATION

SENIOR DENTAL ADVISORY COMMITTEE

SB 14-180 recognized the importance of continuing stakeholder participation in the Senior Dental Program and established the Senior Dental Advisory Committee (DAC). The DAC is comprised of eleven members appointed by the Department's executive director and consists of the following:

1. One member representing the Department;
2. One dentist in private practice providing dental care to the senior population who represents a statewide organization of dentists;
3. One dental hygienist providing dental care to seniors;
4. One representative of either an agency that coordinates services for low-income seniors or the office in the Department of Human Services responsible for overseeing services to the elderly;
5. One representative of an organization of Colorado community health centers, as defined in the federal "Public Health Service Act", 42 U.S.C. sec. 254b;

6. One representative of an organization of safety-net health providers that are not community health centers;
7. One representative of the University of Colorado, School of Dental Medicine;
8. Two consumer advocates;
9. One senior who is eligible for services under the program; and
10. One representative of a foundation with experience in making dental care grants.

The DAC not only serves as a forum where the Department and the stakeholder community can discuss the Senior Dental Program, it also makes recommendations to the Medical Services Board (MSB) regarding rules.

With comments by both the DAC and Senior Dental Program stakeholders, the Department is developing a database that can be accessed by the grantees to ensure duplicate procedures are not completed when patients have seen previous grantees. The DAC and stakeholders also assisted the Department in adding:

- ✓ Immediate dentures;
- ✓ The removal of tori; and
- ✓ Changing the time frame a new partial can be obtained from every five years to every three years to the procedures provided by the Senior Dental Program.

The Senior Dental Program rules were first established on January 9, 2015 and are located at 10 CCR 2505-10, Section 8.960 and also on the Department's website.

The Senior Dental Program fee schedule encompasses the Senior Dental Program's max allowable fee, program payment, max patient co-pay and dental procedure guidelines.

SENIOR DENTAL PROGRAM COMMUNICATION

The Department publishes a quarterly newsletter that provides Senior Dental Program grantees and stakeholders with updates on Senior Dental Program policies and other Department news. The Department also creates fact sheets to provide Senior Dental Program clients with program eligibility guidelines for the Senior Dental Program. The quarterly newsletter and fact sheets are published on the Department's website:

www.colorado.gov/pacific/hcpf/colorado-dental-health-care-program-low-income-seniors-0.

C. CLIENTS

ELIGIBILITY REQUIREMENTS

Qualified grantees administer enrollment into the Senior Dental Program developed by the Department and the DAC. Clients must meet the following criteria to be eligible for the Senior Dental Program:

D. GRANTEES

GRANT REQUIREMENTS

Preference was also given to grant proposals that demonstrated an ability to serve a greater number of eligible seniors or that would serve eligible seniors in rural or underserved areas.

The Senior Dental Program allows participation from any interested provider that can provide or arrange for the provision of comprehensive dental and oral care services and may include but is not limited to:

1. An Area Agency on Aging, as defined in Section 26-11-203, C.R.S.;
2. A community-based organization or foundation;
3. A Federally Qualified Health Center, safety-net clinic, or health district;
4. A local public health agency; or
5. A private dental practice.

For purposes of this FY 2016-17 Annual Report, the Senior Dental Program grantees are identified in the following categories:

E. PROGRAM ADMINISTRATION

The Department had one regular full-time equivalent (FTE) position for the administration of the Senior Dental Program. For state fiscal year 2016-17 program administrative costs were \$82,575 and is approximately 2.8% of total funds awarded to the Department for the Senior Dental Program.

REPORTING REQUIREMENTS

To meet its fiduciary responsibility, the Department requires grantees that participate in the Senior Dental Program to submit monthly invoices to the Senior Dental Grant Program Administrator. The invoice includes:

- ✓ Client's name;
- ✓ Gender;
- ✓ Date of birth;
- ✓ Date dental services received;
- ✓ Treating provider;
- ✓ Treating provider's zip code;
- ✓ Procedure code;
- ✓ Tooth number(s);
- ✓ Tooth surface(s);
- ✓ Quadrant(s);
- ✓ Patient copayment amount;
- ✓ Amount charged to program if less than the maximum program fee; and
- ✓ Administration cost, not to exceed 7%.

SENIOR DENTAL PROGRAM COMPLIANCE AUDIT

In accordance with the Senior Dental Program contract, the Department may request random audits at any time and can be requested up to four (4) times per year.

The grantee is notified of the client files to be audited and has ten (10) business days of notification to submit the requested files. Grantee files are assessed to ensure they include documentation of the following criteria:

- ✓ Client eligibility, including income and evidence of lawful presence;
- ✓ The Department was not double billed for procedures;
- ✓ The dental services provided match the grantee billing records; and
- ✓ The client was not charged more than the maximum program co-payment.

If found to be out of compliance, the grantee receives a review summary which indicates what compliance issues were found along with a Corrective Action Plan (CAP) form. The grantee is required to fill out the CAP form indicating what internal controls will be implemented to ensure the compliance issues are resolved. Failure to submit requested audit files or CAP to the Department may result in the Department terminating the grantee's contract. In the future, the Department may conduct onsite audits to ensure all files are complete and accurate.

IV. GRANTEE ANNUAL REPORTS

Per the program statute, Senior Dental Program grantees are required to submit an annual report by September 1 each year.

The annual reports received by the grantees communicated the gratitude patients conveyed and the grantees' appreciation of no pre-approval authorization requirement and no cap on dental procedures.

The Department also learned that grantees would like to add more covered procedures, i.e., crowns on second molars, full mouth debridement, scaling with inflammation, pulpal debridement, retreatment of previous root canal, bridges, implants, nitrous oxide administration, and filling restorations every two years instead of every three years. Grantees understand that there are limited funds for the entire state; however, some grantees stated the 7% administrative fee is not adequate to pay for actual time determining eligibility, processing payment, completing reports, or promoting the program. Finally, the demand for this program is greater than available funds can cover. As with last fiscal year, several grantees ran out funds and began waiting lists for FY 2017-18. More than half of the grantees indicated the need of more funds to alleviate waiting lists and provided suggestions to assist with this. Some of the suggestions included were to increase co-pays and to decrease the 7% administrative fee. There was a total of 1,110 seniors on waiting lists for FY 2016-17 and a projected spending amount of \$1,175,628. This amount works out to be approximately \$1,059 per senior.
