

## **COLORADO/NEW MEXICO COMMUTER CATTLE AGREEMENT**

The animals being moved must be accompanied by a Certificate of Veterinary Inspection (CVI) issued prior to movement and a copy of this Commuter Cattle Agreement. The commuter agreement number is to be written on the CVI.

With an approved commuter agreement, the official animal ID tag numbers of the cattle do not need to be individually listed on the CVI.

All Trichomoniasis test results for bulls 18 months of age and older **MUST** accompany the application. With an approved commuter agreement, trich testing can be done within annual herd testing cycles and is not required to be done in the 60 days prior to movement. If you have purchased cattle from another producer please include those test results. Your application will be returned if all test information is not furnished or if testing dates are not within the acceptable guidelines.

This permit must be renewed in writing on a yearly basis; the State Veterinarian's Office at the Colorado Department of Agriculture (CDA) must receive applications at least two weeks prior to movement.

The following Commuter Cattle Agreement, when completed and signed by the owner and the State Animal Health Officials of Colorado and New Mexico, will allow for the movement of your herd and their offspring. Commuter permits are for bonafide breeding herds only – NO TRADER CATTLE.

**APPLICATION INSTRUCTIONS:** Sections I and II are to be completed by the herd owner and submitted by mail, fax, or e-mail to the State Veterinarian's Office at CDA. Section III will be completed by the State Animal Health Officials.
