TTR Colleges

TTR Colleges

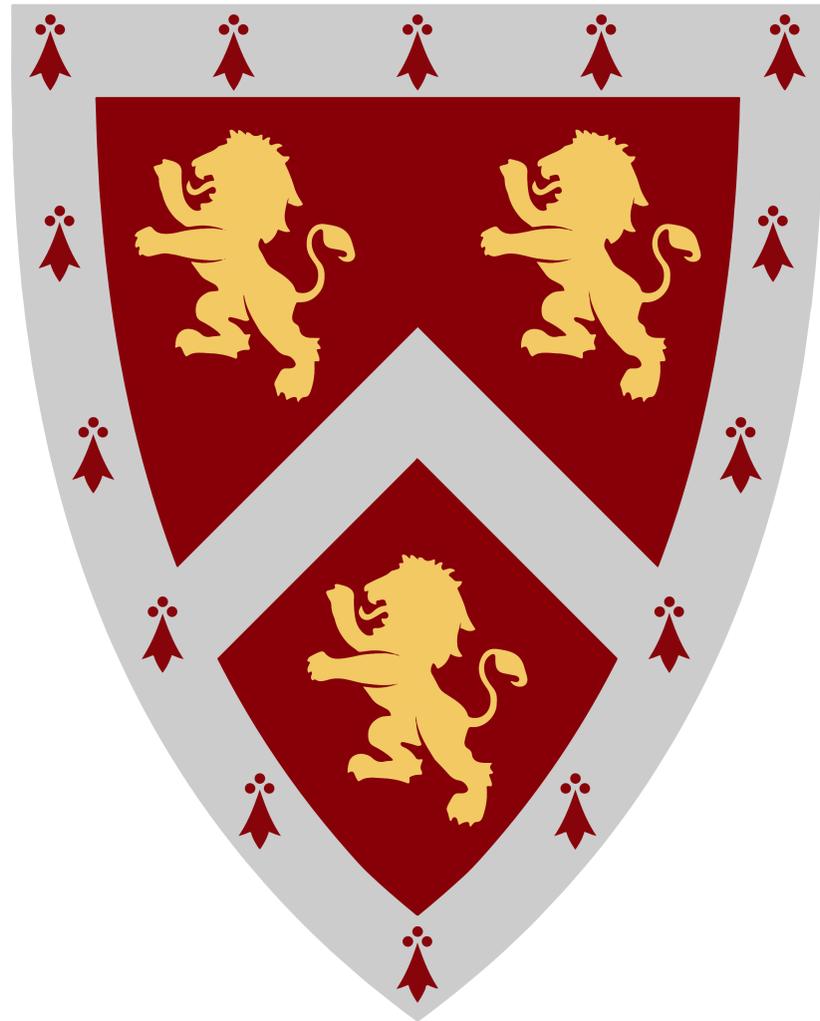

TTR is organized into colleges.

A college is simply defined as an organized group of professional people with particular goals, aims, duties, privileges, and responsibilities.

Everyone at TTR is part of a TTR College.

We use our unique organizational structure to improve the quality of people's lives—everywhere.

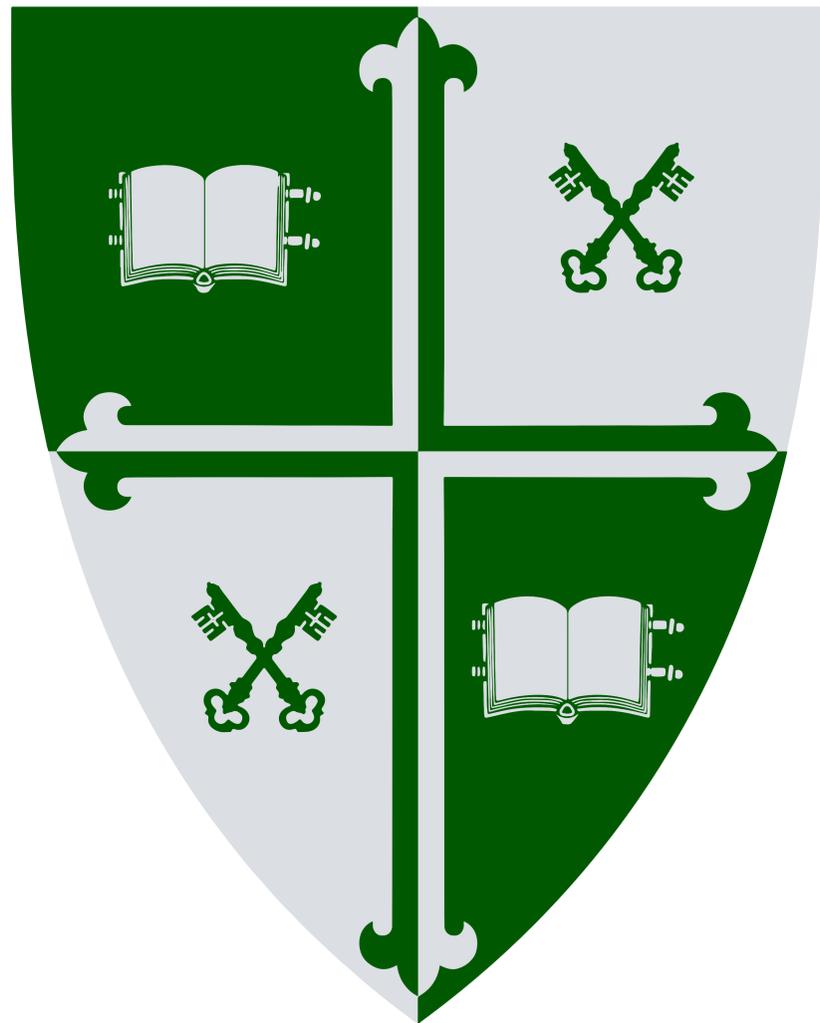

TTR Colleges

Executive

Sole focus on our culture and the success of our people. They oversee and ensure all branches of our business are functioning to their fullest potential.

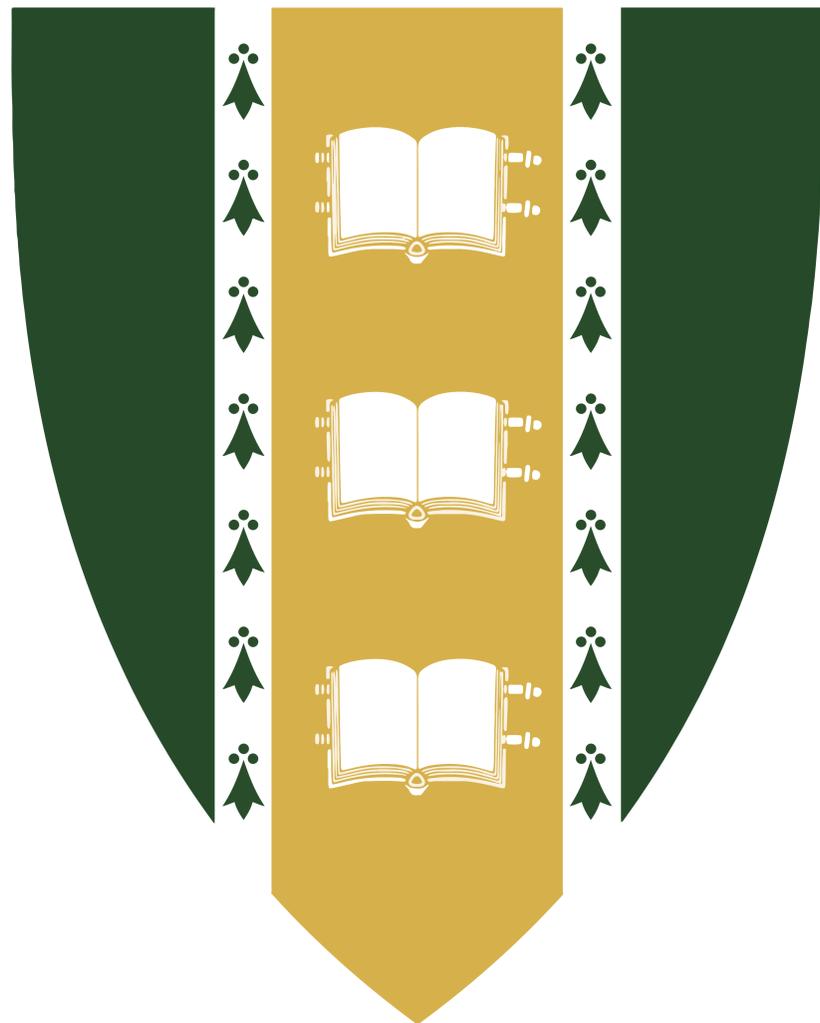

TTR Colleges

Research

Nearly the size of a mid-sized law firm and has the sole focus to read tax law, review tax law changes, and apply this information to create easy to understand tax answers.

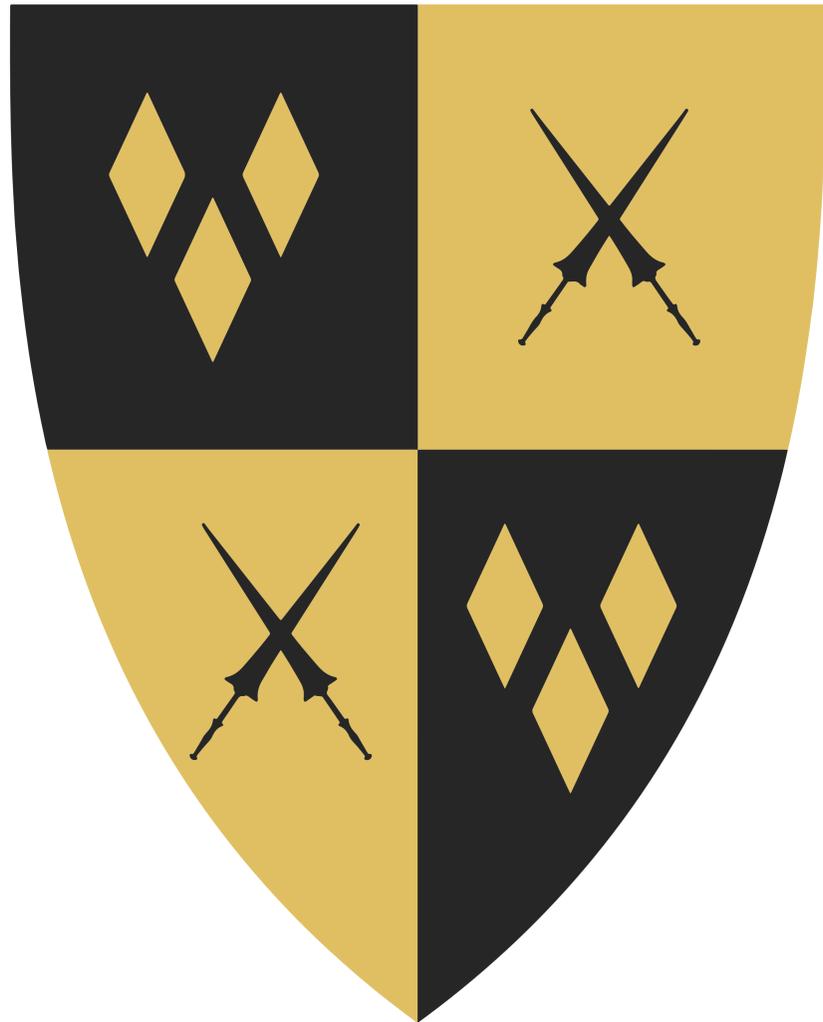

TTR Colleges

Laws

Sole focus on daily maintenance of laws, forms, and exemption certificates. They use TTR-created software and government relationships to obtain and review every tax-related change in the US – daily.

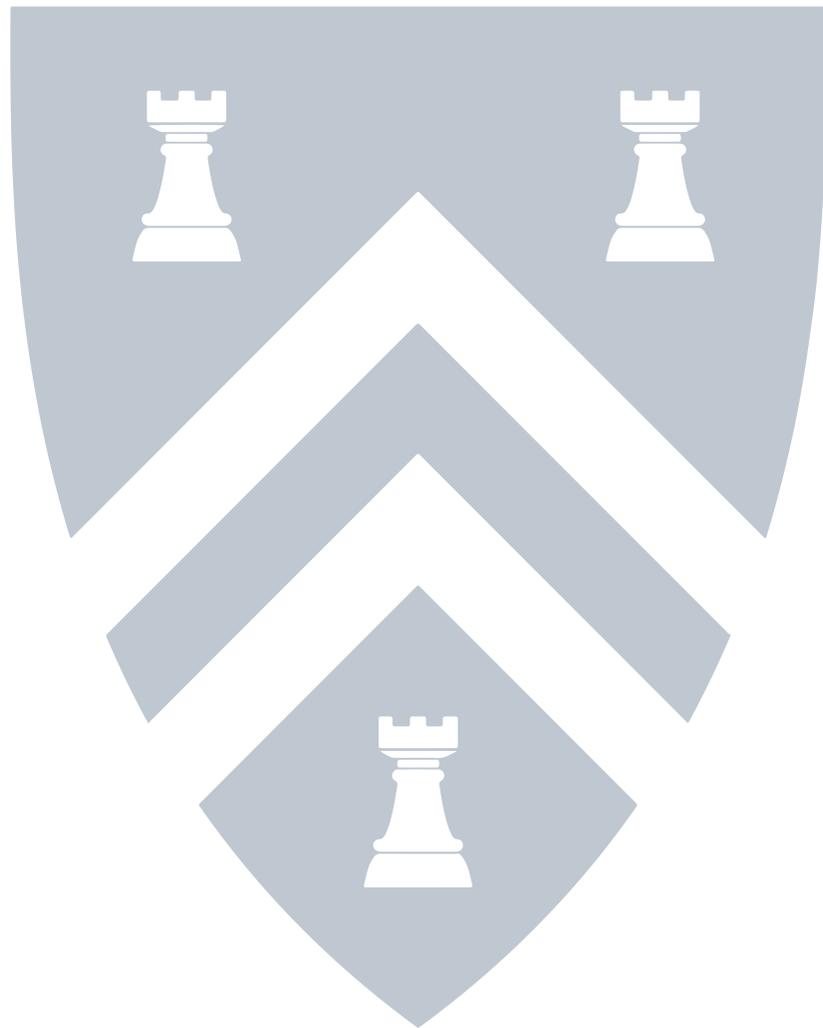

TTR Colleges

Rates

Sole focus on gathering, organizing, and maintaining the most accurate tax rates in the world on a daily basis. They also assist clients with any questions or special requests related to tax rates.

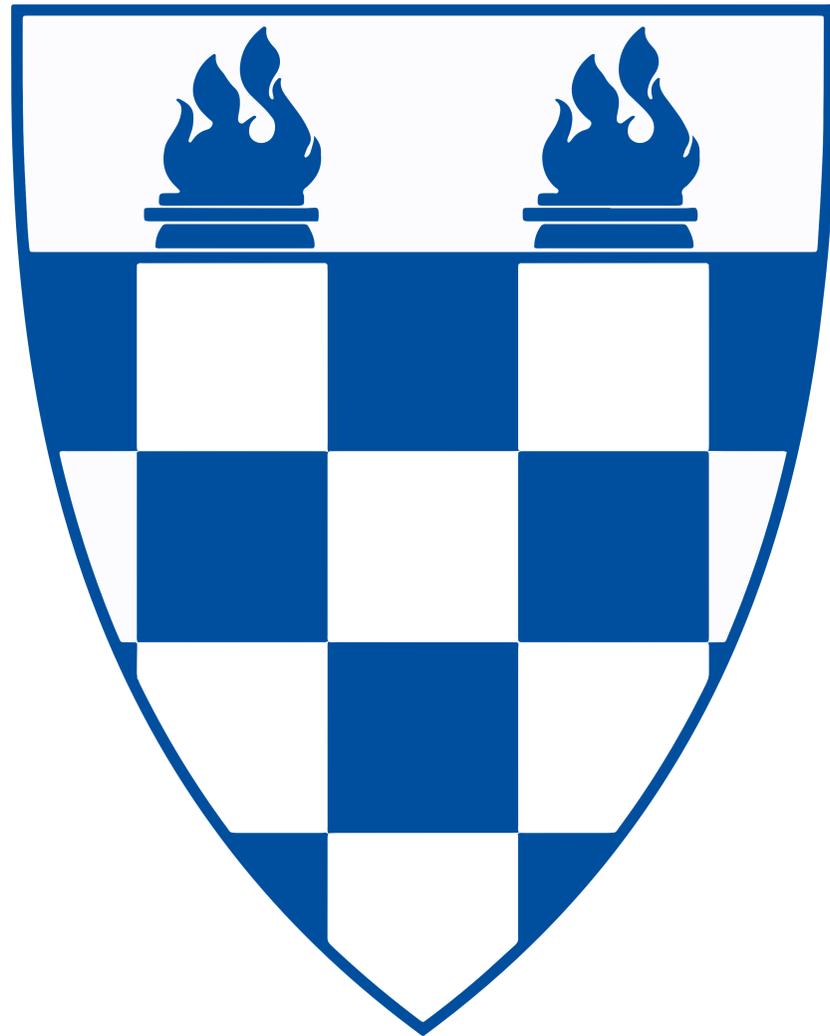

TTR Colleges

Technology

Consists of professional programmers, network architects, and equipment infrastructure experts. Their sole focus is ensuring that every user experience is simple and works every time—effortlessly.

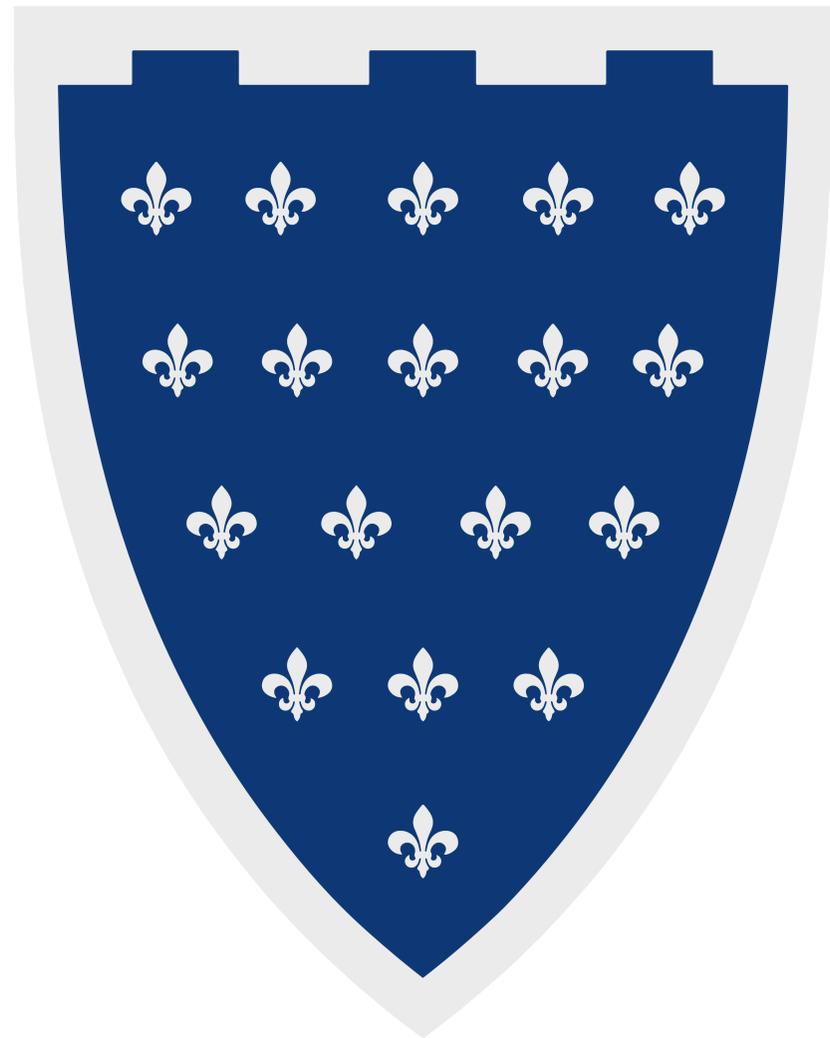

TTR Colleges

ECMS

Accurately gathers, organizes, stores, and validates exemption certificates, forms, and related information for businesses all over the world. They use TTR-created software and government relationships in order to make sure that every exemption certificate is valid and safely stored in the ECMS system.

TTR Colleges

SALES

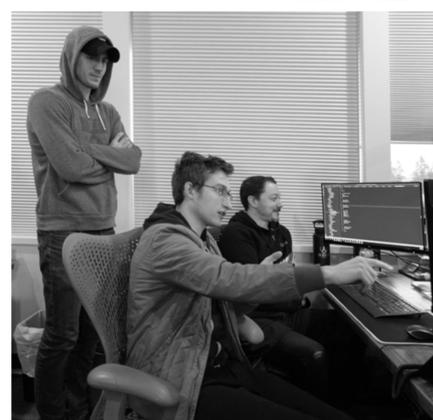

Connects our company, professionals, and products & services to other businesses. They ensure that our valuable products and services get in the hands of those that will benefit from them and provide the best customer service available – anywhere.
