Goals & Objectives

To improve health and life outcomes for Members

To use state resources wisely

• Join physical and behavioral health under one accountable entity
• Strengthen coordination of services by advancing team-based care and health neighborhoods
• Promote Member choice and engagement
• Pay providers for the increased value they deliver
• Ensure greater accountability and transparency
Key Concepts

• Single regional administrative entity for physical health care and behavioral health services
• Mandatory enrollment
• Modifications to behavioral health benefit
• Population health management approach
• Health neighborhood and community
• Payment for value
Opportunities for Comments

- Webinar & phone
- In-person meetings across the state
- Written input

Questions

• What aspects of program are still unclear from the RFP?

• What program features might be difficult to implement? How can the Department better ensure success?

• Are there unforeseen consequences to the approach outlined in the draft RFP?
