Alternate Materials and Methods Request

7 Colorado Code of Regulation (C.C.R.) 1101-8 Section 2-12 allows the Division of Oil and Public Safety – Conveyance Section (OPS) to grant the use of alternate materials and methods on a case-specific basis, for the implementation requirements of the standards identified in Section 2-12 Standard Adoption. The submission of this form does not relieve a person from complying with the standards adopted in statute or regulation unless the OPS approves the use of the proposed alternate materials and methods. Submit this completed form and any related materials to the address above.
