## Notice of a Proposed Project or Activity Warranting Public Comment

Website Title: Encana Oil & Gas (USA) Inc. - State 3H - Weld County

Notice Period Begins: November 19, 2014

Notice is hereby given that an application for a proposed project or activity has been submitted to the Colorado Air Pollution Control Division for the following source of air pollution:

Applicant: Encana Oil & Gas (USA) Inc.  
Facility: State 3H  
Oil and Gas Exploration and Production Facility  
NWSW SEC 16 T3N R68W  
Weld County

The proposed project or activity is as follows: Applicant proposes the activity of loading out 410,520 BBL of condensate into tank trucks per year.

The Division has determined that this permitting action is subject to public comment per Colorado Regulation No. 3, Part B, Section III.C due to the following reason(s):

- the source is requesting a federally enforceable limit on the potential to emit in order to avoid other requirements

The Division has made a preliminary determination of approval of the application.

A copy of the application, the Division's analysis, and a draft of Construction Permit 14WE1232 have been filed with the Weld County Clerk's office. A copy of the draft permit and the Division's analysis are available on the Division's website at <https://www.colorado.gov/pacific/cdphe/air-permit-public-notice>

The Division hereby solicits submission of public comment from any interested person concerning the ability of the proposed project or activity to comply with the applicable standards and regulations of the Commission. The Division will receive and consider written public comments for thirty calendar days after the date of this Notice. Any such comment must be submitted in writing to the following addressee:
