

Public Notice Of A Proposed Project Or Activity Warranting Public Comment

Website Title: Noble Energy, Inc. - Rohn LD04 EcoNode - Weld County

Notice Period Begins: November 12, 2014

Notice is hereby given that an application for a proposed project or activity has been submitted to the Colorado Air Pollution Control Division for the following source of air pollution:

Applicant: Noble Energy, Inc.

Facility: Rohn LD04 EcoNode

Oil and Natural Gas Exploration and Production Facility

NESE Section 4, T9N, R58W, approximately 11 miles north of Raymer, CO

Weld County

The proposed project or activity is as follows: Applicant proposes to construct a new exploration and production facility with an annual condensate throughput of 2,700,000 BBL.

The Division has determined that this permitting action is subject to public comment per Colorado Regulation No. 3, Part B, Section III.C due to the following reason(s):

- permitted emissions exceed public notice threshold values in Regulation No. 3, Part B, Section III.C.1.a (25 tpy in a non-attainment area and/or 50 tpy in an attainment area)
- the source is requesting a federally enforceable limit on the potential to emit in order to avoid other requirements

The Division has made a preliminary determination of approval of the application.

A copy of the application, the Division's analysis, and a draft of Construction Permit 14WE0501 have been filed with the Weld County Clerk's office. A copy of the draft permit and the Division's analysis are available on the Division's website at <https://www.colorado.gov/pacific/cdphe/air-permit-public-notice>

The Division hereby solicits submission of public comment from any interested person concerning the ability of the proposed project or activity to comply with the applicable standards and regulations of the Commission. The Division will receive and consider written public comments for thirty calendar days after the date of this Notice. Any such comment must be submitted in writing to the following addressee:
