

Clean Power Plan: Development of Colorado's State 111(d) Plan

All Stakeholder Meeting Agenda

Wednesday, January 27, 2016

5:00-8:00 PM (Brush High School Auditorium¹)

MEETING DETAILS

This meeting will be webcast live. For materials related to this or future meetings:

- visit <https://www.colorado.gov/cdphe/CleanPowerPlan> or
- submit questions or comments to cdphe.commentsapcd@state.co.us

FOCUS - Rural community concerns & the Clean Energy Incentive Program (CEIP)

PURPOSE

1. Provide a brief update on Colorado's status in developing our State 111(d) Plan.
2. Moderate panel discussion on rural community concerns and the CEIP.
3. Solicit and listen to stakeholder comments on the Colorado's State 111(d) Plan. Note that CDPHE will not be responding to comments during this public comment session.

DESIRED OUTCOMES

By 8:00 PM tonight,

- A. Clearly understand CDPHE's schedule for developing Colorado's State 111(d) Plan.
- B. Identify key rural community concerns around the CPP.
- C. Gauge community interest in participating in the CEIP.
- D. Receive public comment on the development of Colorado's State 111(d) Plan.

AGENDA

5:00-6:45 PM

- Introduction: agenda review, ground rules, today's public comment process, and announcements.
- Presentation: CDPHE process for developing Colorado's State 111(d) Plan.
- Moderated Panel² Discussion: Panelists will provide a brief overview of their respective roles and responsibilities within the communities they represent. A moderated panel discussion will follow during which panelists will respond to specific questions about those communities, and questions and concerns about the CPP and the CEIP. Panelists may also respond to questions from the audience, time permitting.

¹ See attached map.

² See panelist bios on back.

Panelists:

- Jennifer Gremmert - Energy Outreach Colorado, *Deputy Director*
- Alice Laird- Clean Energy Economy for the Region (CLEER), *Executive Director*
- Michael Turner- Colorado Energy Office, *Energy Efficiency Program Manager*
- Doug Hargrave- Iconergy, Ltd., *President*
- Kent Singer- Colorado Rural Electric Association (CREA), *Executive Director*

15 Minute Break

7:00-8:00 PM

- Public Comment (60 min): in-person attendees will have 3 minutes each, to provide comment to CDPHE. Speakers who registered in advance via the web will comment first.
- Meeting Wrap-Up (5 min): next steps on this process.

NEXT MEETING(S) - *watch website (@ above link) for details*

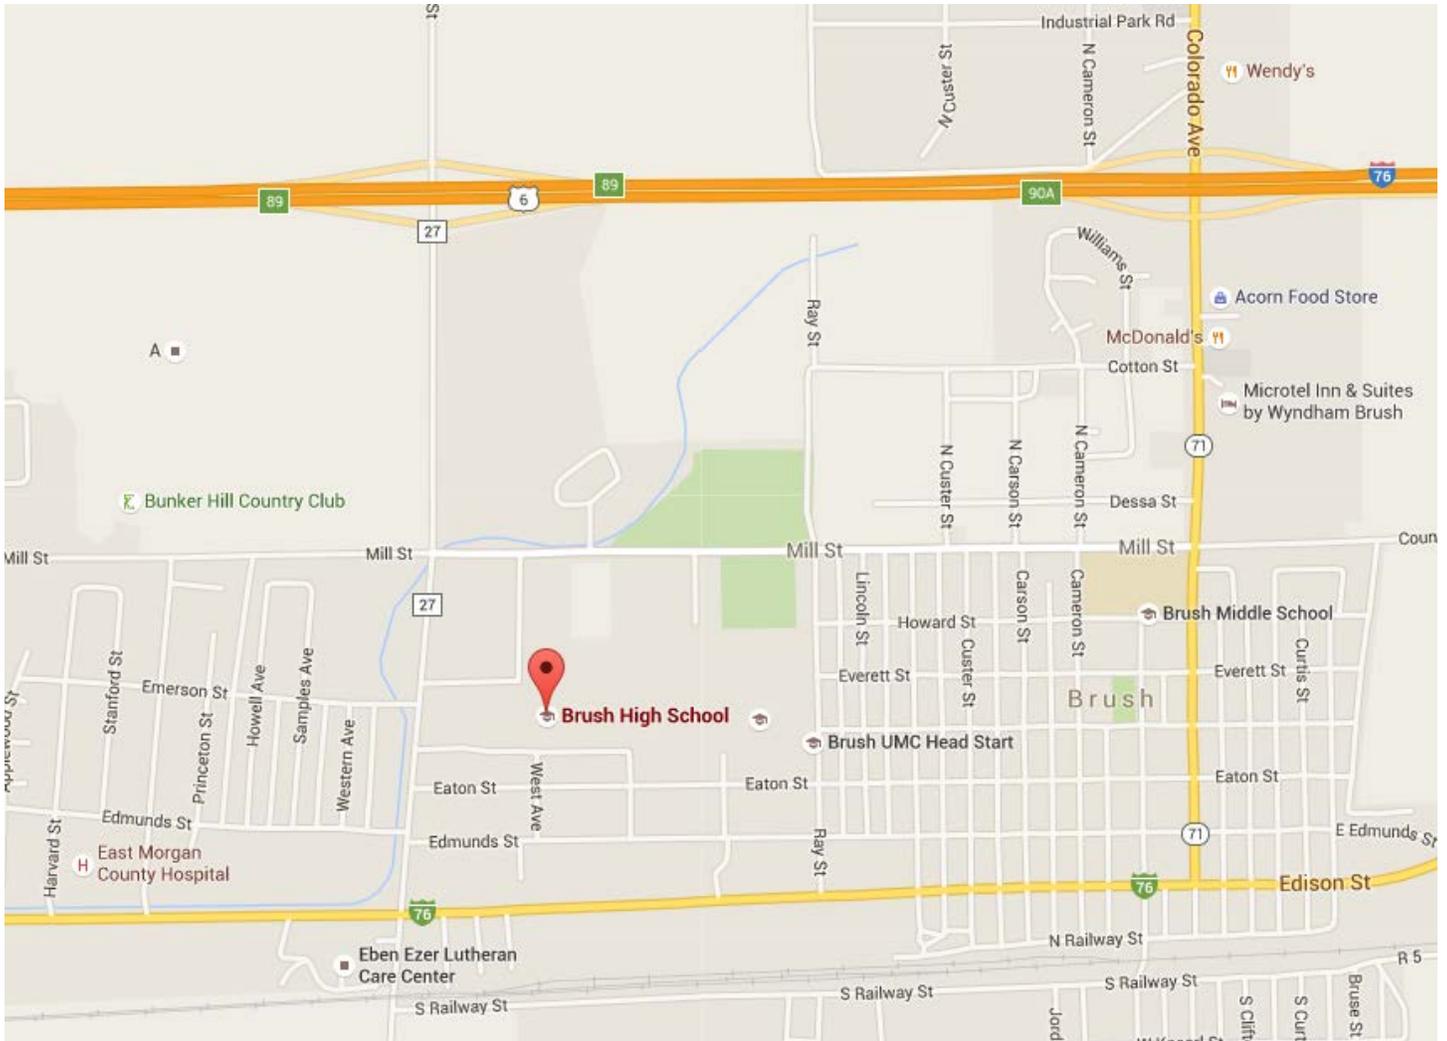

February 22, 2016, 8:30-11:30 AM - CDPHE

CDPHE will hold a general CPP public meeting.

Panelist Bios

Jennifer Gremmert

Jennifer Gremmert is Deputy Director of Energy Outreach Colorado, a 501(c)(3) non-profit that raises funds to help thousands of low-income Coloradans afford home energy and remain warm and safe in their homes. Jennifer is responsible for all program management and advocacy activities for the organization. Previously, Jennifer worked for numerous nonprofit organizations including Urban Peak, a shelter for homeless youth, the national office of Junior Achievement in Colorado Springs, Up With People, the University of Arizona and the University of California system. Jennifer received her Masters of Nonprofit Management from Regis University and her undergraduate degrees in Economics and Political Science from the University of Arizona. She currently serves on the Advisory Board for the National Energy and Utility Affordability Coalition and on the Governor's Commission on Low-Income Energy Assistance in Colorado.

Doug Hargrave

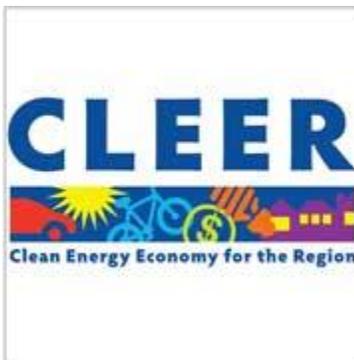

COLORADO
Department of Public
Health & Environment

Doug Hargrave is the President of Iconergy, Ltd., a company comprising experienced energy engineering and design build professionals. Doug's energy management and sustainability work began in the mid-1990's as a junior engineer working with the pioneers of the industry. Through his work on public policy, government and utility programs, and individual projects Doug has experience in all facets of energy management and sustainability as it applies to the commercial and industrial sectors. At Iconergy, Doug shapes programs and projects by developing and refining goals and directing performance from both a technical and program/project management perspective. In addition, Doug manages select technical programs and projects including government (federal, state, local) and utility energy efficiency programs, diversified energy management programs and projects for large commercial and industrial entities, and performance contracts. He holds a Bachelors in Mechanical Engineering from Washington University in St. Louis as well as a variety of industry designations, including being an International Organization for Standardization (ISO) 9001 Internal Auditor and a Leadership in Energy and Environmental Design Operations and Maintenance Accredited Professional (LEED AP O+M). In his free time, Doug enjoys exploring Colorado with his wife and their two children.

Alice Laird

Alice Laird is cofounder and Executive Director of CLEER - Clean Energy Economy for the Region - a nonprofit that helps households, businesses, and governments increase energy efficiency and tap renewable energy. CLEER manages programs and services for Garfield Clean Energy, a network of nine governments in western Colorado. Alice has focused on local implementation and economic development aspects of energy efficiency and renewable energy for over 20 years. Alice grew up in rural areas of Colorado and the Southwest and is a graduate of Colorado College.

CLEER
CLEAN ENERGY ECONOMY FOR THE REGION

Michael Turner

Michael Turner is the Energy Efficiency Programs Manager at the Colorado Energy Office where he manages the State's energy programs for agriculture, state and local government, commercial/industrial, and k-12 sectors. A primary objective of his work is to bring energy efficiency to both rural and urban areas of the State. Before joining CEO, Michael worked on a broad range of energy projects, both domestically and abroad, and holds degrees in Energy Policy and Economics. He was born in Denver, Colorado.

Kent Singer

Kent Singer is the Executive Director of the Colorado Rural Electric Association. CREA is a statewide trade association that represents the interests of Colorado's electric cooperatives in legislative matters in Colorado and Washington, D.C. CREA also provides loss control, education, and communications services to Colorado's 22 electric distribution cooperatives. Prior to becoming CREA's Executive Director, Kent was the association's general counsel. Kent has also served as corporate counsel for Tri-State Generation & Transmission Association and general counsel for Holy Cross Energy. Kent began his legal career as a staff
