

Air Pollution Control Division

Notice of a Proposed Title V Operating Permit Modification Warranting Public Comment

Website Title: Suncor Energy (U.S.A.), Inc. - Commerce City Refinery - Plants 1 and 3 - Adams County

Notice Period Begins: May 11, 2017

NOTICE is hereby given that an application to modify an Operating Permit has been submitted to the Colorado Air Pollution Control Division, 4300 Cherry Creek Drive South, Denver, Colorado 80246-1530, for the following source of air pollution:

Applicant: *Suncor Energy (U.S.A.), Inc.
5801 Brighton Blvd
Commerce City, CO 80022*

Facility: *Commerce City Refinery - Plants 1 and 3
5801 Brighton Blvd
Commerce City, CO 80022*

Suncor Energy (U.S.A.), Inc. has requested to modify their Operating Permit for the Commerce City Refinery - Plants 1 and 3 in Adams County, CO. This facility is a petroleum refinery. This revised permit incorporates several modification applications submitted by Suncor. Some of the equipment affected by this revision to the permit include the flares, the fluid catalytic cracking unit, remediation equipment and tank degassing equipment. The overall change to permitted emissions associated with these modifications are increases in PM, PM10, PM2.5 and NOX at or below 1 ton per year, increases of SO2, VOC and HCN of 16.76, 9.2 and 12.8 tons per year, respectively, and a decrease in CO of less than 1 ton per year. A copy of the application, including supplemental information, the Division's analysis, and a draft of the modified Operating Permit 96OPAD120 have been filed with the Adams County Clerk's office. A copy of the draft permit and the Division's analysis are available on the Division's website at <https://www.colorado.gov/pacific/cdphe/air-permit-public-notice>. The Division has made a preliminary determination of approval of the application. Based on the information submitted by the applicant, the Division has prepared the draft modified operating permit for approval. Any interested person may contact Jacqueline Joyce of the Division at 303-692-3267 to obtain additional information. Any interested person may submit written comments to the Division concerning 1) the sufficiency of the preliminary analysis, 2) whether the permit application should be approved or denied, 3) the ability of the proposed activity to comply with applicable requirements, 4) the air quality impacts of, alternatives to, and control technology required on the source or modification, and 5) any other appropriate air quality considerations. Only those portions of the permit affected by the modification are subject to Public Comment. Those portions of the permit affected by the modification are summarized in Appendix F of the permit. Any interested person may submit a written request to the Division for a public comment hearing before the Colorado Air Quality Control Commission (*Commission*) to receive comments regarding the concerns listed above as well as the sufficiency of the preliminary analysis and whether the Division should approve or deny the permit application. If requested, the hearing will be held before the Commission within 60 days of its receipt of the request for a hearing unless a longer time period is agreed upon by the Division and the applicant. The hearing request must: 1) identify the individual or group requesting the hearing, 2) state his or her address and phone number, and 3) state the reason(s) for the request, the manner in which the person is affected by the proceedings, and an explanation of why the person's interests are not already adequately represented. The Division will receive and consider the written public comments and requests for any hearing for thirty calendar days after the date of this Notice.
