

Adding Peaks & Shields to the Pacific Footer Area

Pacific now allows Minisite Administrator (MSA) level users to incorporate Brand Colorado logos into the footer area of Pacific sites.

Follow the steps below to add your peak and shield to the footer region of your Pacific site!

Step 1: Access Creation Screen

In your Admin Menu, click Content > Create > Brand CO Footer Logo.

The screenshot shows the Admin Menu interface. The 'Content' menu is expanded, showing 'Create', 'Content (All Sites)', and 'Content (Current Site)'. The 'Create' option is further expanded, showing a list of content types: Banner, Block, Blog Entry, Brand CO Footer Logo, Event, Footer Link, Link, News, Page, Slider Image, Social Link, Text-Area, and Webform. A red arrow points to the 'Brand CO Footer Logo' option. A red-bordered box contains the text: 'Go to Content > Create > Brand CO Footer Logo within the Admin Menu.'

Step 2: Complete Information on Creation Page

Give your Brand CO Footer Logo a Title and associate it with the correct Minisite(s). The Title will not be visible to unauthenticated users.

Upload your Footer Logo. Ideally, the image should be 245 px by 50 px and have a transparent background. Images will be scaled down to a height of 50 px if they are larger when uploaded.

When happy with your choices, click Save or Publish.

Image *

No file selected.

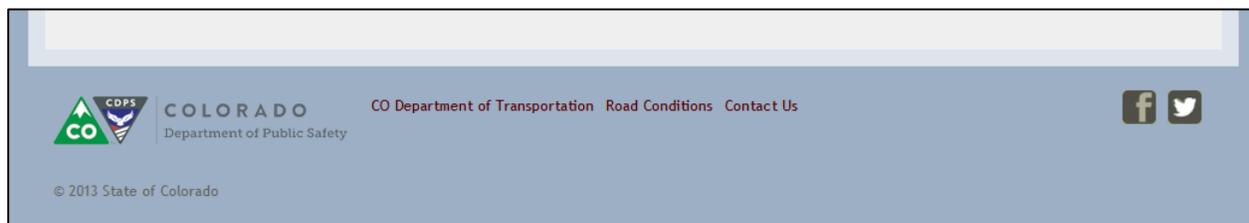

Images with transparent backgrounds are preferred. Ideal image dimensions are 245px by 50px. Image will be scaled down to a height of 50px. Files must be less than 12 MB. Allowed file types: **png jpg jpeg**.

Optional Link

Upload your image and, if desired, add a link. Save or Publish your work.

Step 3: Double Check Your Work

Confirm that the image looks good and that the link, if applicable, directs to the correct page.
