It is unlawful for any person to perform any work for which a building permit is required by the City, as a contractor within the City without first obtaining a license pursuant to Article 10 of the Idaho Springs Municipal Code. No other City license is required.

Types of Contractors

GENERAL CONTRACTOR

A contractor who is permitted to construct both commercial and residential structures, do the same type of work as a building trades contractor and perform structural remodeling work. In order to qualify for a general contractor license, a person must either furnish a copy of a current, valid general contractor license issued by any Colorado county or municipality

BUILDING TRADES CONTRACTOR

A contractor who is permitted to construct carports sheds, decks, nonstructural and nonbearing remodeling only, fences, paving, siding, type V structure roofing, sign installations, slabs for sidewalks and driveways.

SET-UP CONTRACTOR

A contractor who is permitted to set up mobile homes, with the exception of electrical work, and also permitted to install patio covers, decks and carports on mobile homes only.

PLUMBING CONTRACTOR

A contractor who is permitted to perform all plumbing and mechanical work, and also permitted to install fire protection systems. A plumbing contractor must submit a copy of a state master's plumbing license.

MECHANICAL CONTRACTOR

A contractor who is permitted to perform all mechanical work, sheet metal, heating and air cooling systems.

ELECTRICAL CONTRACTOR

A contractor who is permitted to perform all electrical work. An electrical contractor must submit a copy of a state master electrician's license.

PUBLIC WAY CONTRACTOR

A contractor who is permitted to perform work affecting public property or grounds and/or utility systems within any street right-of-way, utility easement or other public property. The holder of a plumbing contractor's license shall be entitled to apply for a public way contractor's license without payment of any additional fee.) Attach \$5,000.00 Surety Bond and additional bonding required.
