REVISED SEPT 2013

E-MAIL BLASTS and FACEBOOK POSTS

E-mail blasts have very successfully been utilized by the Logan County Chamber/Lodging Tax Board since their inception three years ago to attract boaters and/or hunters to our area.

Julie Tonsing, Publisher and Andrew Ohlson, your *Sterling Journal-Advocate* advertising Account Executive, will be in charge of working with the Logan County Lodging Tax Board and its representatives on this advertising promotion and can be reached at (970) 522-1990.

E-Mail blasts are specifically and geo- and behavior-targeted to those people who you are interested in reaching. That is the true beauty of them. They have compelling e-mail subjects that will be of interest to those that receive them and they are sent to those people who have expressed interest in hunting and/or boating and can be further targeted to those who live within specific pre-determined locations. The e-mail blasts are $30/M and 100,000 people will be reached with the proposed $3,000. I am proposing that we use $1500 for boating and $1500 for hunting and send out two different times of the year – perhaps boating in the Spring and hunting toward late Summer, as we have in the past.

We are also proposing three smaller e-mail blasts at $500 each. Last year, we used those to promote specific activities, Express Baseball and July Jamz. The activities can change if you so deem.

Facebook posts are gaining in popularity as social media gains in popularity. We have had incredible luck with our posts and we are suggesting posts totaling $1,000. Each post is $100/day, so that can be any number of combinations.

Logan County has so much to offer and getting people to come experience our county and all of its beauty is paramount to continued growth. You just never know, when someone comes to visit and ends up falling in love with us and moves here, perhaps bringing more family and friends or even businesses.

That's money well spent and e-mail blasts and digital advertising, coupled with our incredible print product, will certainly drive folks to Logan County – where something special will always await them!

The *Explore* the High Plains of Northeast Colorado and Southwest Nebraska magazine is an incredibly popular tourist information source distributed by a number of area newspapers, spearheaded by the *Sterling Journal-Advocate*.

35,000 of these magazines will be distributed FREE to Visitors Centers, all Colorado Welcome Centers, Chambers, realtors, area conventions, motels, tourist attractions, museums and more along I-76 from the eastern border to the Front Range and I-80 from Ogallala to Sidney and points west. Households from Holyoke to Brush and Akron and Fort Morgan to Julesburg and more will receive the publication. Promotion and marketing of the product will be done on newspaper.com websites and in participating newspapers. The printed ads would include the prized inside back cover, and two half-page ads within the edition at a cost of $4,010.

In addition to the printed version of *Explore,* we would like to dramatically increase your reach to attract others interested in visiting our wonderful area through the use of digital media. There's never been a better time to invest in ourselves! Our tax dollars show that people are coming to our county. I want us to reach out to the many, many other folks who have not yet discovered our gem.

Our county is so incredibly fortunate to have many festivals and activities of all kinds. One could never say that there is not something to do in Logan County! Let's reach those people who have interests in the many things we offer. Let's reach out to the family and friends of the construction and oil field workers that are here and bring even more folks to our county. Let's bring them to Logan County and listen to the cash registers ring. They will stay in our hotels and motels, eat in our restaurants and shop in our stores. They will spend money – we just have to get them here. That's our mission – to peak their interest, to show them what we have and to get them here. Our digital products, coupled with our Explore magazine, can do just that!

We propose two digital E-mail blasts, one now and then one later in the summer, which can both geo- and behavior-target your ads and message to specific groups, including those tailored to travel and tourism, boating, fishing, hunting – all of which we offer in Logan County. These targets are determined by you.

Together, the *Explore* printed version and the proposed digital and social campaign at a cost of $9,010, the same amount as in 2014, will effectively promote this area and successfully encourage everyone to come be our guests and Explore Logan County!
