Department of Health Care  
Policy & Financing

Dear Provider,

You are receiving this message because our records indicate you have started the process of selecting an X12 835 transaction, but did not complete it by entering in your vendor's trading partner ID in the provider portal.

The Remittance Advice (RA) is available to all providers and has the same data as the 835.

If you need the X12 835 in addition to the RA, please validate your trading partner ID.

[Please refer to this cheat sheet for instruction on completing this process.](#)

Once the delegation has been completed, 835 files will be available to the trading partner on an ongoing basis. However, 835 files for previous cycles will not be available. Trading partners will need to use the RA as an alternative solution.

Information regarding the assignment of the RA and 835 files was published in the [May Provider Bulletin](#).

Thank you,

The Colorado Department of Health Care Policy and Financing
