

Beef Websites for Education

www.beefitswhatsfordinner.com All in one place, the www.beefitswhatsfordinner.com combines many of the things you want to know about beef – recipes, cooking, cuts, nutrition and raising beef in one place. Videos and producer profiles tell the stories of beef cattle production. Other topics addressed are: Healthier Animals; Better Use of Resources and Better Beef.

[You Tube – BeefPasturetoPlate and Beef It’s What’s for Dinner channel](#) These channels contain short videos about the questions you and your students ask about raising beef. Examples include: organic beef, grass-finished beef, grain-finished beef, sustainability at the feedyard and more. Make sure to watch and share with your students “How Beef Goes from Pasture to Plate”

[Colorado Beef Council – www.cobeef.com](http://www.cobeef.com) The Colorado Beef Council provides materials to Colorado residents FREE of charge. Check out our Resources section to order materials!
