Town of Bennett and Bennett Park and Recreation District Begin Work on New Recreation Center Parking Lot

Town of Bennett, Colo. – The Town of Bennett and the Bennett Park and Recreation District will begin work on a new parking lot on August 22, 2018.

Kuhn Construction and PLM Asphalt and Concrete will be working the next few weeks to improve the Park and Recreation District Parking lot. Dirt work will begin on Wednesday, August 22, 2018. Concrete install is expected to begin the week of August 27, 2018, with Asphalt Paving expected to occur during the week of September 3, 2018. The anticipated project completion date is scheduled for September 12, 2018.

At various times during construction, the Park and Recreation Center Parking lot will be closed. Visitors of the recreation center are asked to park in the adjacent lots near the Town of Bennett Town Hall. During all times of construction, the contractors are committed to ensuring the recreation center stays ADA accessible. We ask patrons to please be patient and cautious while the work is in progress.

This project was made possible thanks to an Adams County Open Space Grant. This project includes an access road and parking lot for the Civic Center Park to improve access and parking amenities to the recreational facilities. For more information on Adams County Open Space Grants visit www.adcogov.org/grant-information.

For project and construction updates please visit www.townofbennett.org or www.bennettrec.org.
