

COLORADO

Department of Health Care
Policy & Financing

Dear Provider,

The Department of Health Care Policy & Financing (the Department) and DXC Technology (DXC) are working to implement rate increases for rates approved as of July 1, 2017. DXC will adjust affected claims to apply the new rates to those claims. As a reminder, claims already billed with a rate lower than the new rate cannot be adjusted for the higher rate, as the Department will always use the “lower of” pricing logic. Providers are advised to bill their usual and customary charges. The Department will not waive timely filing rules (to find more information about timely filing, refer to the [Frequently Asked Questions](#) web page) to allow providers to adjust and rebill at the new rates. The Department and DXC will keep providers updated on implementing the new rates and reprocessing qualified claims. Please continue to check the provider bulletins for updates on rate increases, fee schedules and reprocessing.

Thank you,

Colorado Department of Health Care Policy & Financing
