Ambulatory Surgery Centers (ASCs)

The Department of Health Care Policy and Financing (the Department) periodically modifies billing information. Therefore, the information in this manual is subject to change, and the manual is updated as new billing information is implemented.

Providers must be enrolled as a Colorado Medical Assistance Program provider in order to:

- Treat a Colorado Medical Assistance Program member
- Submit claims for payment to the Colorado Medical Assistance Program

Medical services provided in Ambulatory Surgery Centers (ASCs) are a benefit of the Colorado Medical Assistance Program.

Ambulatory Surgery Centers are distinct entities that provide a surgical setting for members who do not require hospitalization. If the ASC is part of a hospital, the ASC portion must be physically separated from all other health services offered at the hospital.

To receive payment, the center must be certified as an ASC, licensed by the Colorado Department of Public Health and Environment (CDPHE), and enrolled in the Colorado Medical Assistance Program.

Providers should refer to the Code of Colorado Regulations, [Program Rules](#) (10 CCR 2505-10), for specific information when providing care in an ASC.

Billing Information

National Provider Identifier (NPI)

The Health Insurance Portability and Accountability Act (HIPAA) requires that covered entities (i.e., health plans, health care clearinghouses, and those health care providers who transmit any health information electronically in connection with a transaction for which the Secretary of Health and Human Services has adopted a standard) use NPIs in standard transactions.

Paper Claims

Electronic claims format shall be required unless hard copy claims submittals are specifically prior authorized by the Department. Requests may be sent to Xerox State Healthcare, P.O. Box 90, Denver, CO 80201-0090. The following claims can be submitted on paper and processed for payment:

- Claims from providers who consistently submit five (5) claims or fewer per month (requires prior approval)
- Claims that, by policy, require attachments
- Reconsideration claims

Paper claims do not require an NPI but do require the Colorado Medical Assistance Program provider number. Electronically mandated claims submitted on paper are processed, denied, and marked with the message "Electronic Filing Required".

Electronic Claims

Instructions for completing and submitting electronic claims are available through the following:

- X12N Technical Report 3 (TR3) for the 837P, 837I, or 837D (wpc-edi.com/)
- Companion Guides for the 837P, 837I, or 837D in the Provider Services
- Web Portal User Guide (via within the Web Portal)

The Colorado Medical Assistance Program collects electronic claim information interactively through the Colorado Medical Assistance Program Secure Web Portal ([Web Portal](#)) or via batch submission through a host system. Please refer to the [Colorado General Billing Information Manual](#) for additional electronic information.

Procedure/HCPCS Codes Overview

The Department accepts procedure codes that are approved by the Centers for Medicare & Medicaid Services (CMS). The procedure codes are used for submitting claims for services provided to Colorado Medical Assistance Program members and represent services that may be provided by enrolled certified Colorado Medical Assistance Program providers.

The Healthcare Common Procedural Coding System (HCPCS) is divided into two principal subsystems, referred to as level I and level II of the HCPCS. Level I of the HCPCS is comprised of Current Procedural Terminology (CPT), a numeric coding system maintained by the American Medical Association (AMA).

The CPT is a uniform coding system consisting of descriptive terms and identifying codes that are used primarily to identify medical services and procedures furnished by physicians and other health care professionals. Level II of the HCPCS is a standardized coding system that is used primarily to identify products, supplies, and services not included in the CPT codes, such as ambulance services and durable medical equipment, prosthetics, orthotics, and supplies (DMEPOS) when used outside a physician's office. Level II codes are also referred to as alpha-numeric codes because they consist of a single alphabetical letter followed by four numeric digits, while CPT codes are identified using five numeric digits.

HIPAA requires providers to comply with the coding guidelines of the AMA CPT Procedure Codes and the International Classification of Disease, Clinical Modification Diagnosis Codes. If there is no time designated in the official descriptor, the code represents one unit or session. Providers should regularly consult monthly bulletins located on the Department's website (colorado.gov/hcpf/Provider-Services) in the [Provider Bulletins](#) section. To receive electronic provider bulletin notifications, an email address can be entered into the Web Portal in the (MMIS) *Provider Data Maintenance* area or by completing and submitting a publication preference form. Bulletins include updates on approved procedure codes as well as the maximum allowable units billed per procedure.

Procedure Coding

The Colorado Medical Assistance Program provides benefits for medically necessary services. An ASC is an entity that operates exclusively for the purpose of furnishing surgical procedures that do not require hospitalization. An ASC may be part of a hospital, but only if the building space utilized by the ASC is physically separated from other health services offered by a hospital.

Medicaid-enrolled ASC providers must be certified by the Centers for Medicare and Medicaid Services (CMS) to participate in the Medicare program as an ASC. The facility must also be licensed by the CDPHE.

For payment purposes, ASC surgical procedures are grouped into ten (10) reimbursement categories. The Colorado Medical Assistance Program uses the Healthcare Common Procedural Coding System (HCPCS) to identify surgical services. HCPCS includes all codes published in the American Medical Association's (AMA) Current Procedural Terminology (CPT) and HCPCS Level II codes published by CMS. The AMA and CMS publish annual coding revisions. Medicaid bulletins notify providers when annual coding updates are implemented.

Refer to the end of this manual for a complete list of the Medicaid-approved ASC procedure codes effective January 1, 2014. The list is divided into related groups for payment. Only surgical procedure codes that are published in this manual are an ASC Medicaid benefit.

Services Must be Reported Using HCPCS Surgical Procedure Codes

During claim processing, the HCPCS surgical code is linked to the appropriate ASC group for payment calculation.

ASC Authorized Services

This manual contains a complete list of the Medicaid-approved ASC procedure codes effective January 1, 2014. The list is divided into related groups for payment. Only surgical procedure codes that are published in this manual are ASC Medicaid benefits.

Reimbursement

For payment purposes, ASC surgical procedures are grouped into ten categories. Within the tables below, please find the ASC Grouper rates and their effective dates.

The Colorado Medicaid reimbursement rates are the lower of billed charges or the maximum allowable payment by group are as follows:

Grouper	January 1 – June 30, 2011	July 1, 2011 – June 30, 2013	July 1, 2013- June 30, 2014	July 1, 2014 – Current

Colorado Medicaid Program Payment Calculation

Submitted charges must represent usual and customary charges. Do not adjust charges to correspond to the anticipated Medicaid payment.

Colorado Medical Assistance Program providers must agree to accept Medicaid reimbursement as payment in full for benefit services. Medicaid members may not be billed for charges that exceed the Medicaid allowance. The Colorado Medicaid Management Information System (MMIS) calculates payment as the provider's billed charge or the established rate for the group, *whichever is less*.

Ambulatory Surgery Center Pilot Reimbursement

Beginning November 1, 2014, Colorado Medicaid is piloting a change in reimbursement for professional fees and Ambulatory Surgery Center facility fees for targeted procedures with the goal of moving targeted procedures from hospitals to Ambulatory Surgery Centers. The targeted procedures are for hernia repair and knee arthroscopies. The pilot reimbursement program will continue until June 30, 2015. The utilization of these procedure codes in hospitals and Ambulatory Surgery Centers will be analyzed to evaluate any utilization

change. The results of the analysis will be used to plan possible future professional and facility rates for services in Ambulatory Surgery Centers.

For the procedure codes identified in the table below, Colorado Medicaid has changed the grouper assignment for the Ambulatory Surgery Center facility fee to the grouper reimbursement that is closest to the Medicare rate without exceeding the Medicare rate.

	Hernia Repair	From Grouper	To Grouper
49500	RPR 1ST INGUN HRNA AGE 6 MO-5 YRS REDUCIBLE	4	9

The professional fee for the procedures identified in the table below will be reimbursed at Medicare rates when the service is rendered in an ASC. To identify that the professional service was done at an ASC, the line item on the claim must use the SG modifier. The SG modifier for professional services should only be used when a hernia repair or a knee arthroscopy is done in an ASC. The professional service rates for the targeted procedures in any other setting will not be changed.

Multiple Procedures

When multiple procedures are performed during the same session, the ASC claim should reflect the highest or most complex procedure.

Additional payment is not available for multiple or subsequent procedures performed at the same surgical setting. When multiple procedures are performed, the procedure with the highest reimbursement should be listed first on the claim.

Medicare Crossover Payment

Colorado Medicaid payment for Part B Medicare crossover claims is made as follows:

1. The sum of reported Medicare deductible and coinsurance **or**
2. The Colorado Medicaid allowed benefit **minus** the Medicare payment, *whichever is less*. Third Party liability payments and Medicaid copay amounts, as applicable, will be subtracted after the crossover allowed payment has been determined.

If the amount paid by Medicare equals or is greater than the Medicaid benefit, the Colorado Medicaid Program makes no additional payment. This method of determining payment is commonly referred to as "lower-of" pricing.

Note: Except for applicable Colorado Medicaid copayment amounts, unpaid balances cannot be billed to the Colorado Medicaid member or the member's family.

Services and Items Included at a Minimum in the ASC Reimbursement

1. Use of the facilities where the surgical procedures are performed
2. Nursing, technician, and related services
3. Drugs, biologicals, surgical dressings, supplies, splints, casts, and appliances and equipment directly related to the provision of surgical procedures
4. Diagnostic and therapeutic items and services directly related to the provision of a surgical procedure
5. Administrative, record keeping, and housekeeping items and services
6. All blood products (whole blood, plasma, platelets, etc.)
7. Materials for anesthesia
8. Intra-ocular lenses (IOLs)
9. Supervision of the services of an anesthetist by the operating surgeon

Services That may be Billed Separately

The following services/items are not included in the ASC rate and may be billed separately **by the actual provider of services.**

1. Physician services
2. Anesthetist services
3. Laboratory, radiology or diagnostic procedures (other than those directly related to performance of the surgical procedure)
4. Prosthetic devices (except IOLs)
5. Ambulance services
6. Leg, arm, back, and neck braces
7. Artificial limbs
8. Durable medical equipment for use in the member's home

Billing Procedures

Ambulatory Surgical Center facility claims are submitted as an 837 Professional (837P) electronic transaction or on the CMS 1500 paper claim form. Claim completion instructions are described in the above Billing Information. The following instructions are specific to ASC facility services claims. Ambulatory Surgical Center information does not apply to other provider types.

Ambulatory Surgical Center claims should be submitted electronically. Electronic claims submission reduces billing expense and claims processing time. Information about electronic claims submission may be obtained from Electronic Data Interchange (EDI) Support at 1-800-237-0757, Monday through Friday from 8:00 a.m. to 5:00 p.m. Mountain Time (MT).

Procedure codes: ASCs identify services using HCPCS surgical procedure codes. During claim processing, the surgical code is linked to an appropriate ASC group for payment calculation.

Implantable prosthetics: The following implantable prosthetic HCPCS codes are approved for billing by the ASC or the surgeon as an 837P transaction or on the CMS 1500 paper claim form:

- L8600 Implantable breast prosthesis, silicone or equal
- L8603 Injectable bulking agent, collagen implant, urinary tract, 2.5 ml syringe, includes shipping and necessary supplies
- L8606 Injectable bulking agent, synthetic implant, urinary tract, 1 ml syringe, includes shipping and necessary supplies
- L8610 Ocular implant
- L8612 Aqueous shunt
- L8613 Ossicular implant
- L8614 Cochlear device / system
- L8619 Cochlear implant external speech processor, replacement
- L8630 Metacarpophalangeal joint implant
- L8631 Metacarpal phalangeal joint replacement, two or more pieces, metal (e.g., stainless steel or cobalt chrome), ceramic-like material (e.g., pyrocarbon), for surgical implantation (all sizes, includes entire system)
- L8641 Metatarsal joint implant
- L8642 Hallux implant
- L8658 Interphalangeal joint spacer, silicone or equal, each
- L8659 Interphalangeal finger joint replacement, two or more pieces, metal (e.g., stainless steel or cobalt chrome), ceramic-like material (e.g., pyrocarbon) for surgical implantation, any size
- L8670 Vascular graft material, synthetic, implant
- L8689 External recharging system for battery (internal) for use with implantable neurostimulator
- V2785 Processing, preserving and transporting corneal tissue

Billing Information

The ASC is responsible for obtaining required billing information from the surgeon. ASC providers are required to verify Medicaid eligibility before services are rendered. If eligibility is not verified, payment may be denied.

ICD-9-CM diagnosis: The diagnosis field(s) must be completed with an appropriate ICD-9-CM diagnosis code(s).

Place of service: Complete the Place Of Service (POS) field with a "24" for ASC facility charges.

Note: Electronic billers should consult the software instructions to assure that POS coding is submitted properly.

Rendering provider: Complete with the eight digit Colorado Medical Assistance Program provider number assigned to the operating surgeon.

Referring provider: If the member is enrolled in the Primary Care Physician (PCP) program and the operating surgeon is not the PCP, the PCP's Colorado Medical Assistance Program provider number must be entered in this field. PCP-enrolled members must obtain PCP referral if surgical services are performed by a physician other than the PCP. If the member does not have an assigned PCP, this field may be left blank.

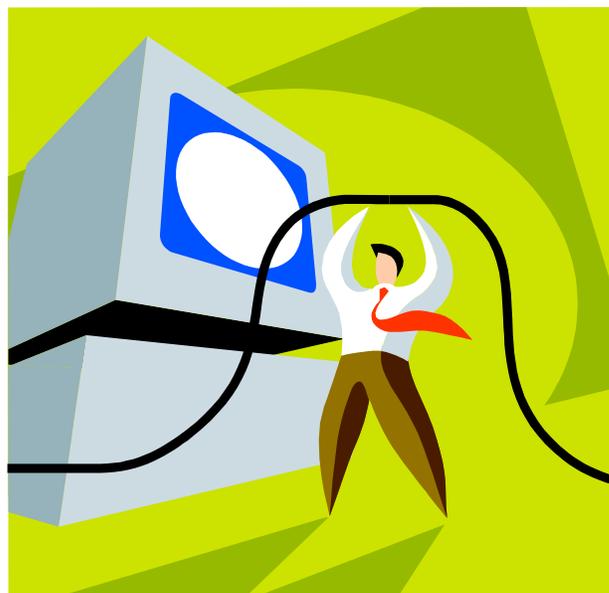

Sterilization procedures: All sterilization claims must have an attached copy of a properly completed MED-178 sterilization consent form. The surgeon is responsible for providing a copy of the MED-178 to the ASC. Claims without a properly completed MED-178 are denied. Refer to the [Ambulatory Surgical Centers](#) provider manual for complete billing requirements.

Hysterectomy procedures: Hysterectomy procedures are a benefit of Colorado Medicaid when performed solely for medical reasons. Hysterectomy is not a benefit if the procedure is performed solely for the purpose of sterilization, or if there was more than one purpose for the procedure and it would not have been performed but for the purpose of sterilization. Refer to the [Ambulatory Surgical Centers](#) provider manual for complete billing requirements.

Medicare crossover claims: Medicaid pays the Medicare deductible and coinsurance **or** the Medicaid-allowed benefit minus the Medicare payment, *whichever is less*. If Medicare's payment equals or is more than the Medicaid allowed benefit, crossover claims are paid at zero.

Most Medicare crossover claims are transmitted electronically from Medicare to Medicaid. If a Medicare claim does not cross automatically, the provider is responsible for submitting a "hardcopy crossover" claim on the CMS 1500 paper claim form. Refer to the end of the manual for an example of a completed paper crossover claim.

Late Bill Override Date

For electronic claims, a delay reason code must be selected and a date must be noted in the “Claim Notes/LBOD” field.

Valid Delay Reason Codes

- 1 Proof of Eligibility Unknown or Unavailable
- 3 Authorization Delays
- 7 Third Party Processing Delay
- 8 Delay in Eligibility Determination
- 9 Original Claim Rejected or Denied Due to a Reason Unrelated to the Billing Limitation Rules
- 11 Other

The Late Bill Override Date (LBOD) allows providers to document compliance with timely filing requirements when the initial timely filing period has expired. Colorado Medical Assistance Program providers have 120 days from the date of service to submit their claim. For information on the 60-day resubmission rule for denied/rejected claims, please see the General Provider Information manual in the Provider Services [Billing Manuals](#) section.

Making false statements about timely filing compliance is a misrepresentation and falsification that, upon conviction, makes the individual who prepares the claim and the enrolled provider subject to fine and imprisonment under state and/or federal law.
