Physical and Occupational Therapy Outpatient – Fee-For-Service

Provider Qualifications

Providers must be enrolled as a Health First Colorado (Colorado's Medicaid Program) provider in order to:

- Treat a Health First Colorado member
- Submit claims for payment to Health First Colorado

Licensed physical therapists (PT) and registered occupational therapists (OT) who meet the qualifications prescribed by federal regulations for participation at 42 CFR 484.4 and who meet all the requirements under state law are eligible to become Colorado Medical Assistance providers.

Physical therapists must be licensed by the Colorado Department of Regulatory Agencies (DORA) pursuant to Title 12 Article 41.106 and may supervise up to four individuals at one time who are not physical therapists, including certified nurse aides, to assist in the therapist's clinical practice. Supervision authority extends to the limits stated in the Physical Therapists Practice Act per section C.R.S. §12-41-113(1).

Physical therapist assistants (PTA) must be certified by DORA pursuant to Title 12 Article 41.204 and must work under the supervision of a licensed physical therapist as defined in the Colorado Physical Therapy Practice Act (§12-41-203(2) C.R.S.) and accompanying rules as promulgated by the State Board of Physical Therapy.

Occupational therapists must be registered by DORA pursuant to Title 12 Article 40.5.

Occupational therapy assistants (OTA) must practice under the general supervision of a Colorado registered occupational therapist.

Provider Participation

Providers must be enrolled as a Health First Colorado provider in order to:

- Treat a Health First Colorado member
- Submit claims for payment to Health First Colorado

All physical and occupational therapists must submit a completed provider enrollment to become a Health First Colorado provider. Providers will find enrollment information in the Provider Services Enrollment section of the Department's website (colorado.gov/hcpf).

General Benefit Policies

Physical and occupational therapists not employed by an agency, clinic, hospital, or physician may bill Health First Colorado directly. Providers should refer to the Code of Colorado Regulations, Qualified Non-Physician Practitioners Eligible to Provide Physician's Services (10 CCR 2505-10, Section 8.200.2.C), for further regulatory information when providing physical and occupational therapy.

1. All PT/OT services must have a written order, referral, or prescription by any of the following:
   a. Physician (M.D. or D.O.)
   b. Physician's assistant
   c. Nurse practitioner
   d. Individualized Family Service Plan (IFSP) for Early Intervention PT/OT
2. Pursuant to the Affordable Care Act's requirements that State Medicaid Agencies ensure correct ordering, prescribing, and referring (OPR) National Provider Identification (NPI) numbers be on the claim form (42 CFR §455.440):
   a. All Outpatient PT/OT claims must contain the valid NPI number of the OPR physician, physician assistant, nurse practitioner, or provider associated with an Individualized Family Service Plan (IFSP), in accordance with Program Rule 8.125.8.A.
   b. All physicians, physician assistants, nurse practitioners, or providers associated with an IFSP who order, prescribe, or refer Outpatient PT/OT services for Medicaid members must be enrolled in Health First Colorado (42 CFR §455.410), in accordance with Program Rule 8.125.7.D. OPR Providers can begin enrollment on Health First Colorado's website.
      i. The new enrollment requirement for OPR providers does not include a requirement to see Medicaid members or to be listed as a Medicaid provider for patient assignments or referrals.
      ii. Physicians or other eligible professionals who are already enrolled in Health First Colorado as participating providers and who submit claims to Health First Colorado are not required to enroll separately as OPR providers.
3. The term "valid OPR NPI number" means the registered NPI number of the provider that legitimately orders, prescribes, or refers the Outpatient PT/OT service being rendered, as indicated by the procedure code on the claim.
   a. Claims without a valid OPR NPI number which are paid will then be subject to recovery.
   b. Medical documentation must be kept on file to substantiate the order, prescription, or referral for Outpatient PT/OT. Claims lacking such documentation on file will be subject to recovery.
4. Health First Colorado recognizes that Outpatient PT/OT ordered in conjunction with an approved IFSP for Early Intervention may not necessarily have an ordering provider. Under this circumstance alone the rendering provider must use their own NPI number as the OPR NPI number.

a. Early Intervention Outpatient PT/OT claims must have modifier 'TL' attached on the procedure line item for Health First Colorado to identify that the services rendered were associated with an approved IFSP.
   i. Any claim with modifier 'TL' attached must be for a service ordered by an approved IFSP and delivered within the time span noted in the IFSP.
   ii. If the OPR NPI on the claim is that of the rendering provider, and the claim does not have modifier 'TL' attached, the claim is subject to recovery.

5. Educational, personal need, and comfort therapies are not covered PT/OT therapy benefits for any member regardless of age.

Payment for Covered Services

Regardless of whether Health First Colorado (Colorado's Medicaid Program) has actually reimbursed the provider, billing members for covered services is strictly prohibited. Balance billing is prohibited. If reimbursement is made, providers must accept this payment as *payment in full* (see Program Rule 8.012). The provider may only bill the member for services not covered by Health First Colorado.

- Members may be billed for non-covered services in accordance with C.R.S. 25.5-4-301(1)(a)(I).
  - *(1)(a)(I) Except as provided in section 25.5-4-302 and subparagraph (III) of this paragraph (a), no recipient or estate of the recipient shall be liable for the cost or the cost remaining after payment by Medicaid, Medicare, or a private insurer of medical benefits authorized by Title XIX of the social security act, by this title, or by rules promulgated by the state board, which benefits are rendered to the recipient by a provider of medical services authorized to render such service in the state of Colorado, except those contributions required pursuant to section 25.5-4-209 (1). However, a recipient may enter into a documented agreement with a provider under which the recipient agrees to pay for items or services that are nonreimbursable under the medical assistance program. Under these circumstances, a recipient is liable for the cost of such services and items.*
- If Prior Authorization Requests (PAR) for services are required, the following policy applies:
  - Technical/lack of information (LOI) denial does not mean those services are not covered. Members may not be billed for services denied for LOI.
  - Services partially approved are still considered covered services. Members may not be billed for the denied portion of the request.
  - Services totally denied for not meeting medical necessity criteria are considered non-covered services.
- Members ages 20 and under who reach the initial 48 unit limit for physical and occupational therapy (PT/OT) require a PAR to obtain further coverage. Refusal, failure, or negligence by the provider to request a PAR for services beyond the first 48 units of PT/OT does not mean that those further services are non-covered.

Medically Necessary

Physical and Occupational Therapy services must be medically necessary to qualify for Health First Colorado reimbursement. Medical necessity, as defined under program rule 8.200.1, physician services, means:

> *A covered service that will, or is reasonably expected to prevent, diagnose, cure, correct, reduce or ameliorate the pain and suffering, or the physical, mental, cognitive or developmental effects of an illness, injury or disability; and for which there is no other equally effective or substantially less costly course of treatment suitable for the member's needs.*

Non-Covered Services

- Educational, personal need, and comfort therapies are not covered benefits of fee-for-service for any member regardless of age
- Duplicated services (in general, and those overlapped between PTs and OTs)
- Art and craft activities for the purpose of recreation
- Hippotherapy/equine therapy
- Vocational or educational services

Billing Edits

The provider's adherence to the application of policies in this manual is monitored through either post-payment review of claims by the Department, or computer audits or edits of claims. When computer audits or edits fail to function properly, the application of policies in this manual remain in effect. Therefore, all claims shall be subject to review by the Department.

Billing Information

National Provider Identifier (NPI)

The Health Insurance Portability and Accountability Act (HIPAA) requires that covered entities (i.e., health plans, health care clearinghouses, and those health care providers who transmit any health information electronically in connection with a transaction for which the Secretary of Health and Human Services has adopted a standard) use NPIs in standard transactions. Certain Provider Types are not able to obtain a NPI. Those providers will be assigned a Health First Colorado provider number.

Paper Claims

Electronic claims format shall be required unless hard copy claims submittals are specifically prior authorized by the Department. Requests may be sent to DXC Technology (DXC), P.O. Box 30, Denver, CO 80201-0030. The following claims can be submitted on paper and processed for payment:

- Claims from providers who consistently submit five (5) claims or fewer per month (requires prior approval)
- Claims that, by policy, require attachments

- Reconsideration claims

Paper claims require an NPI for those provider types that can obtain one. Providers that cannot obtain an NPI are required to use an assigned Health First Colorado provider number on their claims. Electronically mandated claims submitted on paper are processed, denied, and marked with the message "Electronic Filing Required".

Electronic Claims

Instructions for completing and submitting electronic claims are available through the following:

- X12N Technical Report 3 (TR3) for the 837P, 837I, or 837D (wpc-edi.com/)
- Companion Guides for the 837P, 837I, or 837D in the Provider Services
- Online Portal User Guide (via within the Online Portal)

Health First Colorado collects electronic claim information interactively through the Health First Colorado Secure Online Portal (Online Portal) or via batch submission through a host system. Please refer to the Colorado General Billing Information Manual for additional electronic information.

Interactive Claim Submission and Processing

Interactive claim submission through the Online Portal is a real-time exchange of information between the provider and Health First Colorado. Health First Colorado providers may create and transmit HIPAA compliant 837P (Professional), 837I (Institutional), and 837D (Dental) claims electronically one at a time. These claims are transmitted through the Health First Colorado Online Portal (OP).

The Online Portal contains training, user guides and help that describe claim completion requirements, edits that verify the format and validity of the entered information, and edits that assure that required fields are complete

The Health First Colorado OP reviews the claim information for compliance with the Health First Colorado billing policy and passes the claim to the Colorado interChange system for adjudication and reporting on the Health First Colorado Provider Remittance Advice (RA).

The OP immediately returns a response to the provider about that single transaction indicating whether the claim will be rejected, suspended or paid.

- If the claim is rejected, the OP sends a rejection response that identifies the rejection reason. The rejected claim can immediately be resubmitted.
- If the claim is suspended then it needs additional manual review by the Fiscal Agent.
- If the claim is accepted, the provider receives a message indicating that the claim is will be paid.

The Online Portal provides immediate feedback directly to the submitter. All claims are processed to provide a weekly Health Care Claim Payment/Advice (Accredited Standards Committee [ASC] X12N 835) transaction and/or Remittance Advice to providers. The Online Portal also provides access to reports and transactions generated from claims submitted via paper and through electronic data submission methods other than the Online Portal. The reports and transactions include:

- Accept/Reject Report
- Remittance Advice
- Health Care Claim Payment/Advice (ASC X12N 835)
- Managed Care Reports such as Primary Care Physician Rosters
- Eligibility Inquiry (interactive and batch)
- Claim Status Inquiry

Claims may be adjusted, edited and resubmitted, and voided in real time through the Online Portal. Access the Online Portal through Secured Site at colorado.gov/hcpf. For help with claim submission via the Online Portal, please choose the *User Guide* option available for each Online Portal transaction.

For additional electronic billing information, please refer to the appropriate Companion Guide located in the Provider Services Specifications section of the Department's website.

Procedure/HCPCS Code Overview

The codes used for submitting claims for services provided to Health First Colorado represent services that are approved by the Centers for Medicare and Medicaid Services (CMS) and services that may be provided by an enrolled Health First Colorado provider.

The Healthcare Common Procedural Coding System (HCPCS) is divided into two principal subsystems, referred to as level I and level II of the HCPCS. Level I of the HCPCS is comprised of CPT (Current Procedural Terminology), a numeric coding system maintained by the American Medical Association (AMA). The CPT is a uniform coding system consisting of descriptive terms and identifying codes that are used primarily to identify medical services and procedures furnished by physicians and other health care professionals. Level II of the HCPCS is a standardized coding system that is used primarily to identify products, supplies, and services not included in the CPT codes, such as ambulance services and durable medical equipment, prosthetics, orthotics, and supplies (DMEPOS) when used outside a physician's office. Level II codes are also referred to as alpha-numeric codes because they consist of a single alphabetical letter followed by 4 numeric digits, while CPT codes are identified using 5 numeric digits.

HIPAA requires providers to comply with the coding guidelines of the AMA CPT Procedure Codes and the International Classification of Disease, Clinical Modification Diagnosis Codes. If there is no time designated in the official descriptor, the code represents one unit or session. Providers should regularly consult monthly bulletins located in the Provider Services Bulletins section. To receive electronic provider bulletin notifications, an email address can be entered into the Online Provider Web Portal in the *Provider Data Maintenance* area or by filling out a publication preference form. Bulletins include updates on approved procedure codes as well as the maximum allowable units billed per procedure.

Rehabilitative and Habilitative Therapy Definitions

The Colorado Division of Insurance defined Habilitative services as:

> *Services that help a person retain, learn, or improve skills and functioning for daily living that are offered in parity with, and in addition to, any rehabilitative services offered in*

Colorado's Essential Health Benefits (EHB) benchmark plan. Parity in this context means of like type and substantially equivalent in scope, amount, and duration.

Habilitative therapy is a covered physical, occupational, and speech therapy benefit for children of any eligibility type, and for adults ages 19 through 64 who receive benefits through the Alternative Benefits Plan (ABP).

When checking a member's ID in the eligibility portal, adult expansion members will have the coverage of "ABP – Alternative Benefit Plan – HR" listed in the *coverage details* box. Eligible members may receive outpatient PT, OT, and ST for the purposes of habilitation **in addition to** rehabilitation. If the adult member **only** has the benefit coverage of "TXIX – Medicaid State Plan – HR", they are not eligible for Habilitative PT/OT service.

Rehabilitative therapies are those meant to assist a member with recovery from an acute injury, illness, or surgical recovery. Habilitative therapies are those meant to help the member retain, learn, or improve skills and functions for daily living. This includes the treatment of long-term chronic conditions and meeting developmental milestones.

Additional Notes

- Habilitative therapies are not an Inpatient or Home Health benefit.
- Habilitative therapies are not a benefit if provided in nursing facilities; Rehabilitative PT, OT, ST remain so.
- Habilitative therapies are not to be confused with Habilitation services found within Home and Community Based Services (HCBS) waivers.

Assistive Technology Assessments

The following billing policies are effective for CPT procedure code 97755 to accommodate HB14-1211. HB14-1211 requires that all Medicaid members seeking complex rehabilitation technology must have an initial Assistive Technology Assessment (complex rehabilitative technology evaluation/assessment) prior to receiving complex rehabilitation technology, and follow-up assessments, as needed. Only licensed speech, physical, and occupational therapists may render this specialty evaluation.

All providers using procedure code 97755 must follow these guidelines. The Department recognizes that only a portion of Assistive Technology Assessments will be used for complex rehabilitation technology evaluation/assessment. Providers will be asked upon PAR submission if the service is for a complex rehabilitation technology assessment.

Policy	Notes
Complex rehabilitation technology evaluations / assessments are billed using **only** 97755.	Combinations of procedure codes, including procedure code 97542, for the purposes of complex rehabilitation technology evaluation / assessment are not allowed.
97755 always requires a Prior Authorization Request (PAR).	PARs must be submitted electronically using ColoradoPAR. Details are found here.
Member daily limit of 97755 is 20 units.	Up to five hours of assessment is allowed per date of service.
Member yearly limit of 97755 is 60 units.	Members may have up to 60 units of procedure code 97755 per State Fiscal Year (July 1 – June 30). This limit will reset with the start of each new State Fiscal Year.

PARs for 97755 must comply with the following policies:

- Must have a current prescription/referral for an Assistive Technology Assessment from the member's primary care physician.
- May indicate up to one year duration.
- May indicate initial/new assessments or follow-up assessment visits.
- Only one active PAR for 97755 is allowed per member, per span of time. Overlapping 97755 PAR requests will be denied.
- Initial PT/OT evaluation services, such as 97001, are not required prior to requesting 97755.
- 97755 is separate from PT/OT and is not part of the PT/OT benefit limitation.
- PARs for 97755 should be submitted independently from other services. The Medical PAR type should be selected for 97755 at ColoradoPAR.com.

If a member requires further assessment by a different provider not indicated on the original PAR, and that PAR is still active, then it must be closed by the original requesting provider. Once closed a new PAR can be submitted. Members may request a 'change of provider' on their PAR by contacting the vender directly. Please see the Prior Authorization Request section of this manual.

Benefit Limitations

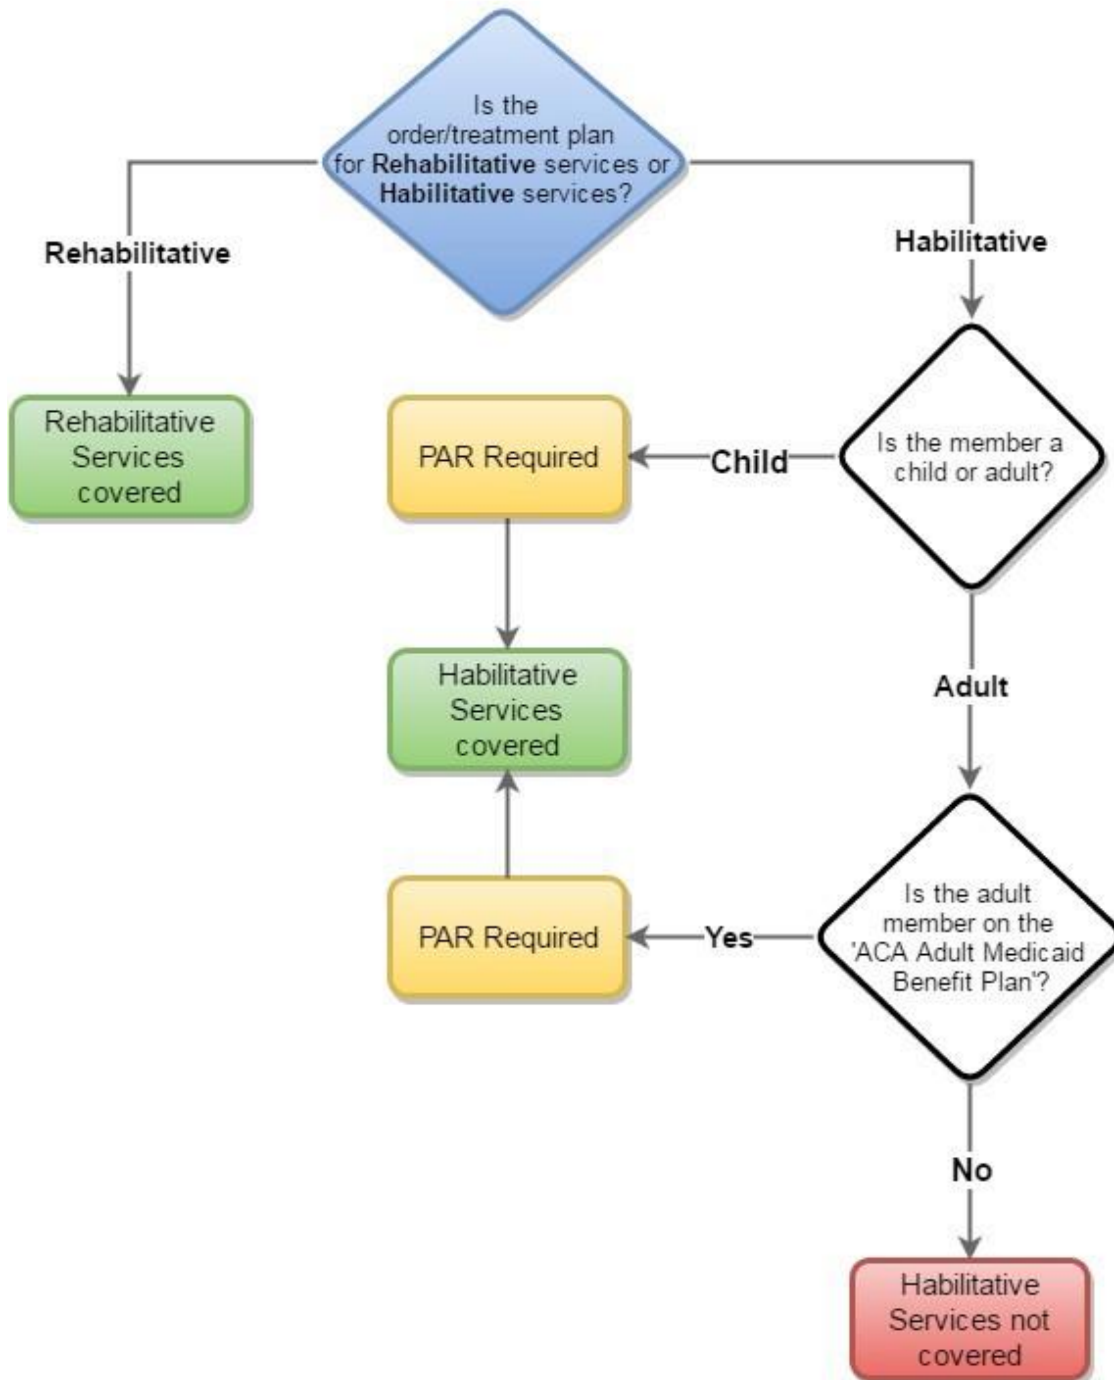
Members may receive up to 48 units of any combination of PT/OT services per 12 month period before a Prior Authorization Request (PAR) is required. Evaluation and orthotic services are not included in this limit (97001, 97002, 97003, 97004). This equates to roughly twelve hours of therapy services (each unit of service being equal to 15 minutes). This unit limit will be automatically enforced by the claims payment system by denying claims that exceed the limit.

Units of service exceeding the initial 48 units will not be reimbursed without an approved PAR. Only children may obtain a PAR for further services; adults are limited to 48 units. Adults therefore do not require a PAR unless it is for Habilitative therapy. Only some adults qualify to receive an additional 48 units of Habilitative therapy. See the coverage table and diagram that follows.

	Children (ages 0 – 20)	**Adults (ages 21+)**
Rehabilitative Benefit Limit	No limit	48 units per 12 month period
Habilitative Benefit Limit	No limit	48 units per 12 month period covered for certain adult members only
Prior Authorization Required	Required to exceed the initial 48 units per 12 months, which do not require prior authorization. Habilitative services always require prior authorization.	Not required for Rehabilitative services. Always required for Habilitative services.
Billing Cycle	Claims for services beyond 48 units per 12 months that do not have prior authorization will be denied.	Claims for services beyond 48 units per 12 months will be automatically denied. Claims for Habilitative services which do not have prior authorization will be denied.

Members will have their benefit limit renewed on the 366th day since their first date of PT/OT service. The 48 units accumulate from paid units for a specific member, regardless of provider, for each treatment modality, beginning on the first date of service. A unit equals either 1) a timed increment or 2) one treatment session as described in the specific CPT procedure codes.

Coverage Diagram



Daily Limits and Coding Modifiers

A daily limit of five units of physical therapy services and five units of occupational therapy services is allowed, whether it is Rehabilitative or Habilitative. All PT/OT PARs and claims must have the correct modifiers attached. Correct modifier use indicates the precise nature of the procedure being rendered and is mandatory.

- All PT claims must have modifier 'GP' attached to each procedure code line.
- All OT claims must have the modifier 'GO' attached to each procedure code line.
- All Habilitative PT/OT claims must have the second modifier "HB" attached in addition to "GP" or "GO" to each procedure code line.
- All Early Intervention PT/OT claims must have the second modifier "TL" attached in addition to "GP" or "GO" to each procedure code line. Services rendered via Early Intervention are not distinguished as either rehabilitative or Habilitative for billing modifier purposes

Benefit	Rehabilitative Modifiers	Habilitative Modifiers
Physical Therapy	GP	GP + HB
Occupational Therapy	GO	GO + HB
Early Intervention PT	GP + TL	
Early Intervention OT	GO + TL	

National Correct Coding Initiative (NCCI)

National Correct Coding Initiative Procedure-To-Procedure (PTP) and Medically Unlikely Edits (MUE) edits apply to certain combinations of PT and OT procedure codes. Please refer to the Medicaid.gov website for NCCI edits, for a complete list of impacted codes, guidance on bypass modifier use, and general information.

Prior Authorization Requests (PARs)

Independent Physical and Occupational Therapists and hospital based therapy clinics providing outpatient therapy services must submit PARs for medically necessary services when:

- The member is a child (age 20 and under) and has exceeded 48 units of PT/OT service per 12 month period, or
- When Habilitative PT/OT is being sought.

PARs are approved for up to a twelve (12) month period (depending on medical necessity determined by the reviewer).

- Retroactive PAR request forms will not be accepted.

- Overlapping PAR request dates for same provider types will not be accepted, with the exception of Early Intervention PAR requests which may have overlapping dates of service and multiple provider types. All Early Intervention PT/OT PARs must additionally indicate that the member has an Individual Family Service Plan (IFSP) and that it is current and approved.
- Incomplete, incorrect or insufficient member information on a PAR request form will not be accepted.

Submit PARs for the number of units for each specific procedure code requested, not for the number of services. Modifier codes must be included. The same modifiers used on the PAR must be used on the claim, in the same order.

- When submitting Rehabilitative Therapy PARs, and subsequent claims, CPT codes for PT services must have the GP modifier (e.g. 97001+GP). CPT codes for OT services must have the GO modifier (e.g. 97003+GO).
- When submitting Habilitative Therapy PARs, and subsequent claims, CPT codes for PT services must have the GP modifier and HB modifier (e.g. 97001+GP+HB). CPT codes for OT services must have the GO modifier and HB modifier (e.g. 97003+GO+HB).
- Early Intervention PARs, and subsequent claims, must have the GP or GO modifier plus the TL modifier (e.g. 97110+GP+TL).

Additional Limitations:

- Members may receive PT and OT services during the same time period and service dates. However, duplicative therapies (the same therapy performed by both an OT and PT) may not be performed on the same date of service.
- Members may not receive both Rehabilitative and Habilitative therapies of the same type (e.g. Rehabilitative PT and Habilitative PT) on the same date of service.
- Members may have one active PAR for each type of therapy (Rehabilitative PT, Rehabilitative OT, Habilitative PT, and Habilitative OT) with independent time spans. These PARs may not overlap in time span unless one of them is for Early Intervention.
- Evaluation and orthotic services do not require a PAR.

PAR Requirements:

- Legibly written and signed ordering practitioner prescription, to include diagnosis (preferably with ICD-10 code) and reason for therapy, the number of requested therapy sessions per week and total duration of therapy.
- The member's Physical or Occupational treatment history, including current assessment and treatment. Include duration of previous treatment and treating diagnosis.
- Documentation indicating if the member has received PT or OT under the Home Health Program or inpatient hospital treatment.
- Current treatment diagnosis.
- Course of treatment, measurable goals and reasonable expectation of completed treatment.

- Documentation supporting medical (physical NOT developmental) necessity for the course and duration of treatment being requested.
- Assessment or progress notes submitted for documentation, must not be more than sixty (60) days prior to submission of PAR request.
- If the PAR is submitted for services delivered by an independent therapist, the name and address of the individual therapist providing the treatment must be present in field #24 of the PAR.
- The billing provider name and address needs to be present in field #25 on the PAR.
- The Health First Colorado provider number of the independent therapist must be present in PAR field #28.
- The billing provider's Health First Colorado number must be present in field #29 of the PAR.
- Early Intervention PT/OT PARs must additionally indicate that the member has an Individual Family Service Plan (IFSP) and that it is current and approved.
- DME products cannot be requested on the same PAR as therapy services.

The authorizing agency reviews all completed PARs and approves or denies, by individual line item, each requested service or supply listed on the PAR. PAR status inquiries can be made through the Online Provider Web Portal and results are included in PAR letters sent to both the provider and the member. **Read the results carefully as some line items may be approved and others denied. Do not render or bill for services until the PAR has been processed.**

The claim must contain the PAR number for reimbursement.

Approval of a PAR does not guarantee Health First Colorado reimbursement and does not serve as a timely filing waiver. Prior authorization only assures that the service is considered a benefit of Health First Colorado. All claims, including those for prior authorized services, must meet eligibility and claim submission requirements (e.g. timely filing, third party resources payment pursued, required attachments included, etc.) before reimbursement can be made.

If the PAR is denied, providers should direct inquiries to the authorizing agency:

PT/OT Allowed Procedure Codes

Physical and Occupational Therapists are indicated as rendering providers for the following procedures. Reference the current Fee Schedule for rates. Evaluation and orthotic services are not subject to the 48 unit limit.

Note: This table serves only as a reference guide and not a guarantee of payment or coverage. Definitive coverage of a specific procedure code is found on the Fee Schedule.

Note: Report procedure codes 97001, 97002, 97003, 97004 for evaluation services performed prior to 12/31/2016. Report procedure codes 97161-97168 for evaluation services performed on/after 1/1/2017.

UB-04 Paper Claim Reference Table

PT and OT outpatient hospital paper claims must be submitted on the UB-04 claim form.

The information in the following Paper Claim Reference Table lists the required, optional and/or conditional form locators for submitting the UB-04 paper claim form to Health First Colorado for PT and OT services. It also provides instructions for completing Form Locators (FL) as they appear on the paper UB-04 claim form. Instructions for completing the UB-04 claim form are based on the current *National Uniform Billing Committee (NUBC) UB-04 Reference Manual*. Unless otherwise noted, all data FLs on the UB-04 have the same attributes (specifications) for Health First Colorado as those indicated in the *NUBC UB-04 Reference Manual*.

All code values listed in the *NUBC UB-04 Reference Manual* for each FL **may not** be used for submitting paper claims to Health First Colorado. The appropriate code values listed in this manual must be used when billing Health First Colorado.

The UB-04 certification must be completed and attached to all claims submitted on the UB-04 paper claim form. A copy of the certification form is included with this manual. Completed UB-04 paper Health First Colorado claims, including hardcopy Medicare claims, should be mailed to the correct fiscal agent address located in Appendix A of the Appendices section in Provider Services Billing Manuals.

Do not submit "continuation" claims. Each claim form has a set number of billing lines available for completion. Do not crowd more lines on the form. Billing lines in excess of the designated number are not processed or acknowledged. Claims with more than one page may be submitted electronically.

Timely Filing

Health First Colorado allows providers to document compliance with timely filing requirements when the initial timely filing period has expired. Health First Colorado providers have 120 days from the date of service to submit their claim. For information on the 60-day resubmission rule for denied/rejected claims, please see the General Provider Information manual in the Provider Services Billing Manuals section.

Making false statements about timely filing compliance is a misrepresentation and falsification that, upon conviction, makes the individual who prepares the claim and the enrolled provider subject to fine and imprisonment under state and/or federal law.
