Program Overview

Providers must be enrolled as a Colorado Medical Assistance Program provider in order to:

- Treat a Colorado Medical Assistance Program member
- Submit claims for payment to the Colorado Medical Assistance Program

The Colorado Medical Assistance Program reimburses providers for medically necessary medical and surgical services furnished to eligible members.

Telemedicine is not a unique service, but a means of providing selected services approved by the Colorado Medical Assistance Program through live interactive audio and video telecommunications equipment. Telemedicine Direct Member Services can involve up to two (2) collaborating providers. The member must be present during any Telemedicine Direct Member Services collaboration between two providers where there is an "originating provider" and a "distant provider". The provider where the member is located is the "originating site" or "originating provider". In most cases the "distant provider" is a clinician who acts as a consultant to the member and originating provider. However, it is also acceptable for the distant provider to be the only provider involved in the service with the member being the only one present at the originating site.

Providers should refer to the Code of Colorado Regulations, [Program Rules](#) (10 CCR 2505-10, Section 8.200.4), for specific information when providing telemedicine services. For further questions, please contact:

Telemedicine Program Coordinator
Colorado Department of Health Care Policy and Financing

Billing Information

National Provider Identifier (NPI)

The Health Insurance Portability and Accountability Act (HIPAA) requires that covered entities (i.e., health plans, health care clearinghouses, and those health care providers who transmit any health information electronically in connection with a transaction for which the Secretary of Health and Human Services has adopted a standard) use NPIs in standard transactions.

Paper Claims

Electronic claims format shall be required unless hard copy claims submittals are specifically prior authorized by the Department of Health Care Policy and Financing (the Department). Requests for paper claim submission may be sent to the Department's fiscal agent, Xerox State Healthcare, P.O. Box 30, Denver, CO 80201-0090. The following claims can be submitted on paper and processed for payment:

- Claims from providers who consistently submit 5 claims or fewer per month (requires prior approval)
- Claims that by policy require attachments
- Reconsideration claims

Electronic Claims

Instructions for completing and submitting electronic claims are available through the following:

- X12N Technical Report 3 (TR3) for the 837P, 837I, or 837D (wpc-edi.com/)
- Companion Guides for the 837P, 837I, or 837D are available on the Department's website in the Provider Services [Specifications](#) section
- Web Portal User Guide (via within the Web Portal)

The Colorado Medical Assistance Program collects electronic claim information interactively through the [Colorado Medical Assistance Program Secure Web Portal](#) (Web Portal) or via batch submission through a host system. Please refer to the Medicaid Provider Information found on [Billing Manuals](#) web page of the Department's website Medicaid Reimbursement for Telemedicine

As of October 1, 2007, the Colorado Medical Assistance Program began accepting telemedicine claims. This enables providers to be reimbursed for selected services provided via telecommunications equipment.

Telehealth Home Health Monitoring

Telehealth monitoring is available for members who are eligible through the Home Health benefit, and should not be billed as telemedicine. Providers rendering telehealth monitoring should consult the [Home Health billing manual](#).

Not Covered Services

- Telemedicine does not include consultations provided by telephone (interactive audio) or facsimile machines
- Providers may only bill procedure codes which they are already eligible to bill.
- Services appropriately billed to managed care should continue to be billed to managed care. All managed care requirements must be met for services billed to managed care. Managed care may or may not reimburse telemedicine costs.
- Colorado Medicaid does not pay for provider or patient education when education is the only service provided via telemedicine.
- Services not otherwise covered by Colorado Medicaid are not covered when delivered via telemedicine.
- The use of telecommunications equipment for delivery of services does not change prior authorization requirements established for the services being provided.

Medicaid Reimbursement for Telemedicine Direct Member Services

As of November 1, 2016, the Colorado Medical Assistance Program began accepting Telemedicine Direct Member Services as outlined in this manual. Telemedicine Direct Member Services can involve up to two (2) collaborating providers and must involve the member. For Telemedicine Direct Member Services appointments, the "originating provider" would be the provider present with the member. The "distant provider" would be the clinician located at a different site who acts as a consultant to the member and originating provider.

An originating provider is not required for all Telemedicine Direct Member Services. It is acceptable to use Telemedicine Direct Member Services to facilitate 'live' contact directly between a member and a distant provider via telecommunications equipment.

Telemedicine Direct Member Services Covered for Primary Care Providers

A primary care provider can be reimbursed as the 'originating provider' for any eligible Telemedicine Direct Member Services where the member is present with the provider at the

‘originating site’. Please see the ‘Originating Site Billing’ section for further information on reimbursement requirements for providers at an originating site with a member.

In order for a primary care provider to be reimbursed for Telemedicine Direct Member Services as the ‘distant provider’ the primary care provider must be able to facilitate an in-person visit in the state of Colorado if necessary for treatment of member’s condition. Please see the ‘Distant Provider Billing’ section for further information.

Telemedicine Direct Member Services Covered for Specialty Care Providers

A medical specialist provider can be reimbursed as the ‘originating provider’ for any Telemedicine Direct Member Services where the member is present with the provider at the ‘originating site’. Please see the ‘Originating Site Billing’ section for further information on reimbursement requirements for providers at an originating site with a member.

A medical specialist provider can be reimbursed as the “distant provider”. Please see the ‘Distant Provider Billing’ section for further information.

Allowable Locations for Telemedicine Direct Member Services

If no originating provider is present during a Telemedicine Direct Member Services appointment, then the location of the originating site is at the member’s discretion and can include the member’s home. However, members can be required to choose a location suitable to delivery of telemedicine services that may include adequate lighting, and environmental noise levels suitable for easy conversation with a provider.

When Should a Provider Choose Telemedicine?

The primary purpose of telemedicine is to allow a member to receive direct medical services from a health care provider without person-to-person contact with a provider. Telemedicine can also be used by a member’s medical provider to receive medical consultation from another medical provider regarding the member that may be accomplished in real-time. Additionally, telemedicine brings providers to people living in rural or frontier communities as well as members facing transportation difficulties. Providers should weigh these advantages against quality of care and member safety considerations. They should also consider the provider’s liability. Members may choose which is more convenient for them when providers make telemedicine available.

However, telemedicine should not be selected when face-to-face services are medically necessary. Members should establish relationships with primary care providers who are available on a face-to-face basis.

Telemedicine Confidentiality Requirements

All Medicaid providers using telemedicine to deliver Medicaid services must employ existing quality-of-care protocols and member confidentiality guidelines when providing telemedicine services. Health benefits provided through telemedicine must meet the same standard of care as in-person care. Record-keeping should comply with Medicaid requirements in 10 CCR 2505-10, Section 8.130.

Transmissions must be performed on dedicated secure lines or must utilize an acceptable method of encryption adequate to protect the confidentiality and integrity of the transmission. Transmissions must employ acceptable authentication and identification procedures by both the sender and the receiver.

Providers of telemedicine services must implement confidentiality procedures that include, but are not limited to:

- Specifying the individuals who have access to electronic records.

- Using unique passwords or identifiers for each employee or other person with access to the member records.
- Ensuring a system to routinely track and permanently record such electronic medical information.
- Members must be advised of their right to privacy and that their selection of a location to receive telemedicine services in private or public environments is at the member’s discretion.

Waiving the Face-to-Face Requirement

The Medicaid requirement for face-to-face contact between provider and member may be waived prior to treating the member through telemedicine for the first time. The rendering provider must furnish each member with all of the following written statements which must be signed (electronic signatures will be accepted) by the member or the member’s legal representative:

- The member retains the option to refuse the delivery of health care services via telemedicine at any time without affecting the member’s right to future care or treatment and without risking the loss or withdrawal of any program benefits to which the member would otherwise be entitled.
- All applicable confidentiality protections shall apply to the services.
- The member shall have access to all medical information resulting from the telemedicine services as provided by applicable law for member access to his or her medical records.

These requirements do not apply in an emergency. [C. R. S. 2006, 25.5-5-320 (4) & (5)].

General Billing Instructions

Billing Providers

Telemedicine services will only be reimbursed for providers who are enrolled in the Colorado Medical Assistance Program at the time service.

The availability of services through telemedicine in no way alters the scope of practice of any health care provider; or authorizes the delivery of health care services in a setting or manner not otherwise authorized by law. [C. R. S. 2006, 25.5-5-414 (7)(a) & (b)].

Originating Site Billing

All telemedicine services are billed on the CMS 1500 paper claim form or as an 837P transaction regardless of provider type.

The originating provider may bill for an office, outpatient or inpatient Evaluation & Management (E&M) service that precedes a telemedicine consultation and for other Medicaid-covered services. In some cases, the originating provider site will not be providing clinical services, but only providing a site and telecommunications equipment.

Originating providers bill as follows:

- If the originating provider is making a room and telecommunications equipment available but is not providing clinical services, the originating provider bills Q3014, the procedure code for the telemedicine originating site facility fee.
- If the originating provider also provides clinical services to the member, the provider bills the rendering provider’s appropriate procedure code and bills Q3014.
- The originating provider may also bill, as appropriate, on the UB-04 paper claim form or as an 837I transaction for any clinical services provided on-site on the same day that a telemedicine originating site claim is made. The originating provider must submit two separate claims for the member’s two separate services.

The following provider types may bill procedure code Q3014 (telemedicine originating site facility fee):

Physician	05
Clinic	16
Osteopath	26
Federally Qualified Health Center	32
Psychologist	37
MA Psychologist	38
Physician Assistant	39
Nurse Practitioner	41
Rural Health Clinic	45

Provider types not listed above may facilitate Telemedicine Direct Member services with a distant provider, but may not bill procedure code Q3014. Examples include Nursing Facilities, Intermediate Care Facilities, Assisted Living Facilities, etc.

If practitioners at both the originating site and the distant site provide the same service to the member, both providers submit claims using the same procedure code with modifier 77. (Repeat procedure by another physician.)

The originating site may not bill for assisting the distant site provider with an examination.

Distant Provider Billing

All distant site rendering providers bill the appropriate procedure code using modifier GT (interactive communication) on the CMS 1500 paper claim form or as an 837P transaction. The previously listed provider types may bill using modifier GT. The procedure codes for billing telemedicine are listed below.

Using modifier GT adds \$5.00 to the fee for the procedure code billed.

Rendering Providers

If a rendering provider’s number is required on the claim for a face-to-face visit, it is required on the claim for a telemedicine visit.

Rural Health Clinics should leave field 19D on the CMS 1500 paper claim form blank. Federally Qualified Health Centers, Clinics and the other provider types are required to enter the rendering provider’s Colorado Medical Assistance Program provider number in field 19D.

When an originating site bills Q3014 (originating site facility fee), there is generally no rendering provider actually involved in the service at the originating site.

However, a rendering provider number is still required and must be affiliated with the billing provider. The facility may enter either the patient’s usual provider’s number; or another provider number affiliated with that site as the rendering provider.

When the patient sees a rendering provider at the originating site and also uses the site as the telemedicine originating site, the facility bills the rendered service procedure code and Q3014 for the use of the telemedicine facility. The same rendering provider number is entered in field 19D.

Procedure/HCPCS Codes Overview

The Department accepts procedure codes that are approved by the Centers for Medicare & Medicaid Services (CMS). The codes are used for submitting claims for services provided to Colorado Medical Assistance Program members and represent services that may be provided by enrolled certified Colorado Medical Assistance Program providers.

The Healthcare Common Procedural Coding System (HCPCS) is divided into two principal subsystems, referred to as level I and level II of the HCPCS. Level I of the HCPCS is comprised of CPT (Current Procedural Terminology), a numeric coding system maintained by the American Medical Association (AMA). The CPT is a uniform coding system consisting of descriptive terms and identifying codes that

are used primarily to identify medical services and procedures furnished by physicians and other health care professionals. Level II of the HCPCS is a standardized coding system that is used primarily to identify products, supplies, and services not included in the CPT codes, such as ambulance services and durable medical equipment, prosthetics, orthotics, and supplies (DMEPOS) when used outside a physician's office. Level II codes are also referred to as alpha-numeric codes because they consist of a single alphabetical letter followed by 4 numeric digits, while CPT codes are identified using 5 numeric digits.

HIPAA requires providers to comply with the coding guidelines of the AMA CPT Procedure Codes and the International Classification of Disease, Clinical Modification Diagnosis Codes. If there is no time designated in the official descriptor, the code represents one unit or session. Providers should regularly consult monthly bulletins located in the Provider Services [Bulletins](#) section. To receive electronic provider bulletin notifications, an email address can be entered into the Web Portal in the (MMIS) *Provider Data Maintenance* area or by completing and submitting a publication preference form. Bulletins include updates on approved procedures codes as well as the maximum allowable units billed per procedure.

Telemedicine Procedure Coding

The following procedure codes, when billed with modifier GT by appropriate providers, pay the telemedicine transmission fee. Any other procedure codes billed with modifier GT will not pay the telemedicine transmission:

Late Bill Override Date

For electronic claims, a delay reason code must be selected and a date must be noted in the "Claim Notes/LBOD" field.

Valid Delay Reason Codes

- 1 Proof of Eligibility Unknown or Unavailable
- 3 Authorization Delays
- 7 Third Party Processing Delay
- 8 Delay in Eligibility Determination
- 9 Original Claim Rejected or Denied Due to a Reason Unrelated to the Billing Limitation Rules
- 11 Other

The Late Bill Override Date (LBOD) allows providers to document compliance with timely filing requirements when the initial timely filing period has expired. Colorado Medical Assistance Program providers have 120 days from the date of service to submit their claim. For information on the 60-day resubmission rule for denied/rejected claims, please see the General Provider Information manual in the Provider Services [Billing Manuals](#) section.

Making false statements about timely filing compliance is a misrepresentation and falsification that, upon conviction, makes the individual who prepares the claim and the enrolled provider subject to fine and imprisonment under state and/or federal law.

LBOD Completion Requirements	<ul style="list-style-type: none"> • Electronic claim formats provide specific fields for documenting the LBOD. • Supporting documentation must be kept on file for 6 years. • For paper claims, follow the instructions appropriate for the claim form you are using. <ul style="list-style-type: none"> ➤ <i>UB-04</i>: Occurrence code 53 and the date are required in FL 31-34. ➤ <i>CMS 1500</i>: Indicate "LBOD" and the date in box 19 – Additional Claim Information. ➤ <i>2006 ADA Dental</i>: Indicate "LBOD" and the date in box 35 - Remarks
Adjusting Paid Claims	<p>If the initial timely filing period has expired and a previously submitted claim that was filed within the original Colorado Medical Assistance Program timely filing period or the allowed 60 day follow-up period was paid and now needs to be adjusted, resulting in additional payment to the provider.</p> <p>Adjust the claim within 60 days of the claim payment. Retain all documents that prove compliance with timely filing requirements.</p> <p><i>Note: There is no time limit for providers to adjust paid claims that would result in repayment to the Colorado Medical Assistance Program.</i></p>

Billing Instruction Detail	Instructions
	<p>LBOD = the run date of the Colorado Medical Assistance Program Provider Claim Report showing the payment.</p>
<p>Denied Paper Claims</p>	<p>If the initial timely filing period has expired and a previously submitted paper claim that was filed within the original Colorado Medical Assistance Program timely filing period or the allowed 60 day follow-up period was denied.</p> <p>Correct the claim errors and refile within 60 days of the claim denial or rejection. Retain all documents that prove compliance with timely filing requirements.</p> <p>LBOD = the run date of the Colorado Medical Assistance Program Provider Claim Report showing the denial.</p>
<p>Returned Paper Claims</p>	<p>A previously submitted paper claim that was filed within the original Colorado Medical Assistance Program timely filing period or the allowed 60 day follow-up period was returned for additional information.</p> <p>Correct the claim errors and re-file within 60 days of the date stamped on the returned claim. Retain a copy of the returned claim that shows the receipt or return date stamped by the fiscal agent.</p> <p>LBOD = the stamped fiscal agent date on the returned claim.</p>
<p>Rejected Electronic Claims</p>	<p>An electronic claim that was previously entered within the original Colorado Medical Assistance Program timely filing period or the allowed 60 day follow-up period was rejected and information needed to submit the claim was not available to refile at the time of the rejection.</p> <p>Correct claim errors and refile within 60 days of the rejection. Maintain a printed copy of the rejection notice that identifies the claim and date of rejection.</p> <p>LBOD = the date shown on the claim rejection report.</p>
<p>Denied/Rejected Due to Member Eligibility</p>	<p>An electronic eligibility verification response processed during the original Colorado Medical Assistance Program timely filing period states that the individual was not eligible but you were subsequently able to verify eligibility. Read also instructions for retroactive eligibility.</p> <p>File the claim within 60 days of the date of the rejected eligibility verification response. Retain a printed copy of the rejection notice that identifies the member and date of eligibility rejection.</p> <p>LBOD = the date shown on the eligibility rejection report.</p>
<p>Retroactive Member Eligibility</p>	<p>The claim is for services provided to an individual whose Colorado Medical Assistance Program eligibility was backdated or made retroactive.</p> <p>File the claim within 120 days of the date that the individual’s eligibility information appeared on state eligibility files. Obtain and maintain a letter or form from the county departments of social services that:</p> <ul style="list-style-type: none"> • Identifies the patient by name • States that eligibility was backdated or retroactive

Billing Instruction Detail	Instructions
	<ul style="list-style-type: none"> Identifies the date that eligibility was added to the state eligibility system. <p>LBOD = the date shown on the county letter that eligibility was added to or first appeared on the state eligibility system.</p>
<p>Delayed Notification of Eligibility</p>	<p>The provider was unable to determine that the patient had Colorado Medical Assistance Program coverage until after the timely filing period expired.</p> <p>File the claim within 60 days of the date of notification that the individual had Colorado Medical Assistance Program coverage. Retain correspondence, phone logs, or a signed Delayed Eligibility Certification form (see Certification & Request for Timely Filing Extension in the Provider Services Forms section) that identifies the member, indicates the effort made to identify eligibility, and shows the date of eligibility notification.</p> <ul style="list-style-type: none"> Claims must be filed within 365 days of the date of service. No exceptions are allowed. This extension is available only if the provider had no way of knowing that the individual had Colorado Medical Assistance Program coverage. Providers who render services in a hospital or nursing facility are expected to get benefit coverage information from the institution. The extension does not give additional time to obtain Colorado Medical Assistance Program billing information. If the provider has previously submitted claims for the member, it is improper to claim that eligibility notification was delayed. <p>LBOD = the date the provider was advised the individual had Colorado Medical Assistance Program benefits.</p>
<p>Electronic Medicare Crossover Claims</p>	<p>An electronic claim is being submitted for Medicare crossover benefits within 120 days of the date of Medicare processing/ payment. (Note: On the paper claim form (only), the Medicare SPR/ERA date field documents crossover timely filing and completion of the LBOD is not required.)</p> <p>File the claim within 120 days of the Medicare processing/ payment date shown on the SPR/ERA. Maintain the original SPR/ERA on file.</p> <p>LBOD = the Medicare processing date shown on the SPR/ERA.</p>
<p>Medicare Denied Services</p>	<p>The claim is for Medicare denied services (Medicare non-benefit services, benefits exhausted services, or the member does not have Medicare coverage) being submitted within 60 days of the date of Medicare processing/denial.</p> <p><i>Note: This becomes a regular Colorado Medical Assistance Program claim, not a Medicare crossover claim.</i></p> <p>File the claim within 60 days of the Medicare processing date shown on the SPR/ERA. Attach a copy of the SPR/ERA if submitting a paper claim and maintain the original SPR/ERA on file.</p> <p>LBOD = the Medicare processing date shown on the SPR/ERA.</p>
