

COMMIT

Colorado Medicaid Management Information System Transformation Project

COLORADO

Department of Health Care
Policy & Financing

Benefits of the Colorado interChange system

- Supports HCPF's business model going forward, allowing HCPF to adapt to the next decade's healthcare transformation
- Interoperability: Adaptable to changing technologies and changing interface requirements
- Payment Reform: paying for quality rather than volume
- Advance the ACC
- Ability to transform administrative and clinical data into true population management practices

Policy & Financing

Benefits of the Colorado interChange system

- Eliminate manual work arounds
- Changes to the system can happen as the Department prioritizes them, not due to system limitations.

6 Steps to “Go Live”

Stage I

The COMMIT project is 24 months into the 32 month implementation schedule.

Stage 1 is the Colorado interChange Provider Revalidation and Re-enrollment

- Over 25,000 Providers have started an application
- 13,250 Providers have been enrolled
- 13,000 applications currently under review
- 2,900 applications Returned to Providers for additional information
- 4,313 have been started but not completed
- 35,805 applications have been received in total
- All “enrollment waves” have been completed
- New Call Center go live is April 11th
- 20 additional staff have been brought into Colorado by HPE to assist with reviewing applications
- Additional enhancements to the enrollment website continue to be made to make the process easier
- Over 200 applications are received daily

Policy & Financing

Accomplishments

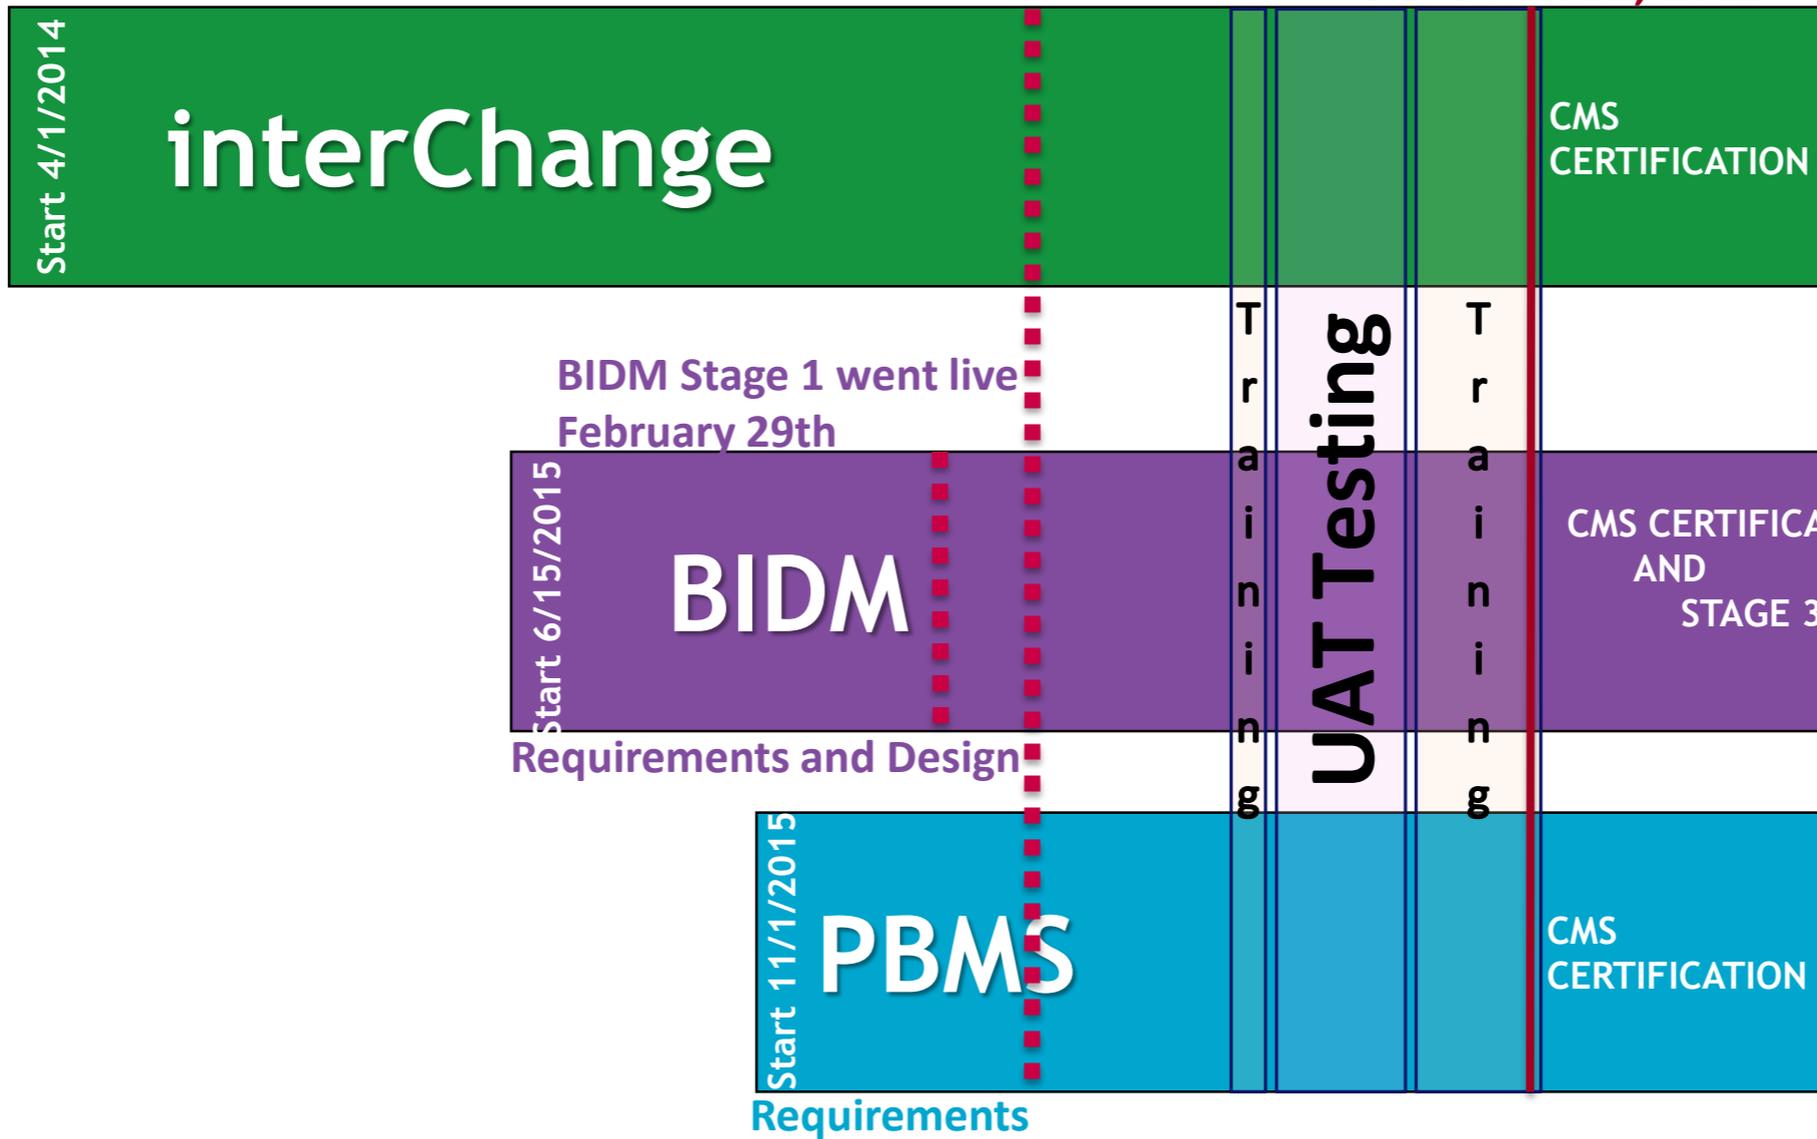

Overall Schedule Progress and Successes:

- BPR (Business Process Reengineering) – 100% Complete!
- Stage I – 99% Complete!
- Stage II – 77% Complete!
- 130 of 161 deliverables in the Work Breakdown Schedule (WBS) have been submitted.
- 126 deliverables are Approved

Note: Percent Complete = Actual Duration / Duration. The Stage I percentage reflects the remaining re-enrollment wave tasks.
