Corn, wheat, proso millet
9. **Crowley** **\$161.5 million**  
Cattle
10. **Otero** **\$144.2 million**  
Cattle, hay, corn, vegetables

When people think of  Colorado, outdoor fun in the Rocky Mountains is what usually comes to mind. Think again. Nearly half of Colorado's 66 million acres are farms and ranches, and Colorado agribusinesses contribute about \$40 billion to Colorado's economy.

Hungry for a juicy steak? Colorado has plenty. With more than 12,000 beef producers, the cattle industry is the largest ag sector in the state, bringing in \$3 billion in cash receipts.

Love a baked potato with your steak or french fries with your leg of lamb? Ranked fifth nationally in production of potatoes, Colorado produces over two billion pounds of potatoes annually.

Having veggies or salad for dinner? Colorado produces a wide variety of tasty specialty crops including onions, sweet corn, tomatoes, lettuce and cabbage.

Need something to quench your thirst? Annual production of eight million bushels of barley helps make Colorado one of the top beer producing states in the nation. The state is also home to more than 140 licensed wineries and dozens of distilleries. Cheers!

Colorado agriculture is more than just food. Farmers and ranchers help create products in construction, manufacturing, health care, education, transportation and personal care.

- ▲ X-ray film    ▲ Bandages    ▲ Crayons
- ▲ Paper        ▲ Piano Keys    ▲ Footballs
- ▲ Shoes        ▲ Plastics        ▲ Tires
- ▲ Soaps        ▲ Insulation    ▲ Perfume

Agriculture feeds the state, nation and the world; provides wildlife habitat and open space; protects the environment and fuels the state economy.
