Accountable Care Collaborative (ACC) Phase II Update

Regional Accountable Entity Contract Awards:

In November 2017, the Department announced the awards for the seven Regional Accountable Entity (RAE) contracts. The Department has made available the proposals and contact information from each of the awarded entities on CO.gov/HCPF/ACCPhase2.

Next Steps:

The Department continues to prepare for the implementation of the next phase of the Accountable Care Collaborative (ACC) and will be immediately focusing on contract negotiations with the new Regional Accountable Entities vendors, finalizing the 1915(b) waiver with the Centers for Medicare & Medicaid Services (CMS), managing system updates, and performing a variety of implementation activities.

The Department is also working to provide key communications about the program over the next few months. Some of the topics we will address include:

- Overview of ACC Phase II
- Provider Contracting
- Attribution Process
- Behavioral Health Services in Primary Care
- Performance Measurement

Below is a high-level timeline of the Department's activities:
