Dear Pediatric Behavioral Therapy Provider,

This email is to clarify guidance contained in the recent Accountable Care Collaborative: Important Information for Primary Care & Behavioral Health Providers Special Provider Bulletin (B1800414).

If you provide pediatric behavioral therapy and only bill procedure H0046 and T1024, you do not need to contract with a Regional Accountable Entity (RAE) and should continue billing DXC Technology (DXC) as usual. If you provide pediatric behavioral therapy as well as other behavioral health services (defined mental health and substance use disorder services), you may need to contract with the RAE.

For more information, please see the following resources:
