

Colorado Immunization Information System New Look and Feel

CIIS will have a new look and feel this fall! CIIS features and functionality will **NOT** change; however, you will notice improved visibility on many of the screens. This will make it easier to navigate the system on your computer as well as on a mobile device, such as a tablet. Below is a preview of what you'll see in comparison to the old CIIS screen:

New CIIS Login Screen

- Has more white space for easier screen viewing.
- Will display a pop-up message if you forget to turn off the caps lock .

The new CIIS login screen features a dark teal header with the CIIS logo and the text "Colorado Immunization Information System". Below the header is a white section titled "Main Application". The login form includes a "Username" field with the text "krichards", a "Password" field with masked characters "*****", and a "Login" button. A "Forgot Password?" link is located below the username field. A red callout box points to the username field with the text "Username will appear in lowercase letters." At the bottom, contact information for CIIS User Support is provided.

Old CIIS Login Screen

The old CIIS login screen has a dark blue header with the CIIS logo and the text "WELCOME TO THE COLORADO IMMUNIZATION INFORMATION SYSTEM MAIN APPLICATION". The login form is enclosed in a white box with a blue border. It includes a "User Name" field with the text "KRICHARDS", a "Password" field with masked characters "*****", and a "Log In" button. A "Forgot your password?" link is located below the password field. At the bottom, contact information for CIIS User Support is provided.
