C2BT's Premise

The primary premise of the Colorado Capacity Building Team is that it is an integrated effort and collaborative responsibility of the employee, the contract monitor, the training consultant, the supervisor and the executive director to successfully guide, support and reinforce the knowledge and skills needed to successfully provide prevention, care and referral services to clients with diverse cultures, backgrounds, situations and risk-taking behaviors.

C2BT will build capacity through

Revise and
train
existing
classes

Develop
new
classes and
training
events

Coordinate
classes and
training
events
through
other
training
centers
