

DON'T GET BITTEN FOR NOT KNOWING THE LAW!

Advisory Notice of Colorado's New Law Regarding Service & Assistance Animals

- During the 2015-16 legislative session, HB16-1426 was passed and will become effective on **January 1, 2017**
- Fines under this new offense range from **\$50 - \$500**
- In order to be charged, a person ***must have had a previous warning*** – either written or verbal – regarding the law
- Under the new law, it is a petty offense to ***intentionally misrepresent that an animal is a service animal*** – this means it is a crime to knowingly take a non-service animal into a ***public business*** under the guise that it is actually a service animal
- It is also a petty offense to ***intentionally misrepresent that your animal is an assistance, companion, or emotional support animal*** in order to avoid pet fees or have an animal in ***housing*** that otherwise does not allow animals
- In the context of housing, the requirement in the new law that a doctor write a letter supporting that the person has a disability AND needs the animal ***does NOT trump federal law*** – while a doctor CAN write a letter supporting both factors, the need for the animal can also come from anyone “in the know” and does not have to be from a medical professional – that said, a letter from a doctor supporting both that you have a disability AND a disability-related need for the animal serves as an ***affirmative defense in the context of housing*** if an individual is charged under this law
