

creed to said ditch shall be allowed to flow therein constantly;

(4th)—That ditches entitled to the same priority shall share the priority alike, and be on the same footing with reference thereto; and when there is not sufficient water to supply all the ditches having the same priority with the several quantities of water herein decreed to them, at any and all such times of insufficient supply the water obtainable shall be divided among such ditches proportionate to the quantities of water to which such ditches are respectively entitled;

(5th)—That the ditches within said Water District No. 12, which said water district consists of all lands irrigated from ditches and canals taking water from that part of the Arkansas river lying in Fremont county; also all lands irrigated from ditches and canals taking water from the tributaries of said portion of the Arkansas river, except that part of Grape Creek which lies above the south line of said Fremont County, be, and are, hereby numbered according to the dates of their respective and several constructions; and said dates are hereby determined to be as follows, to-wit:

- No. 1—The Hardscrabble Ditch, May 1st, 1860.
- No. 2—The Conley Ditch, March 30th, 1861.
- No. 3—The Burdock Ditch, March 30th, 1861.
