

# Provisional Certification Name-Based Criminal History Record Check Information

The State of Colorado requires that applicants for provisional EMS Provider certification submit with their application a name-based criminal history record check for every state the applicant has lived in during the last three (3) consecutive years. All name-based criminal history record checks shall include:

- Full legal name and all aliases (if applicable)
- Date of birth or Social Security number
- Any and all criminal activity including misdemeanors, felonies and sex offender registration
- Date that the criminal history record check was conducted

All name-based criminal history record checks shall be conducted by the respective state's bureau of investigation or equivalent state-level law enforcement agency where available. Record checks may be available by mail-in and/or online requests. If a state does not offer name-based criminal history record checks, an applicant may submit a name-based criminal history record check conducted by a private vendor; however, this record check shall be state specific and include all of the above requested information.

Below is a list of every state agency that offers name-based criminal history record checks. All name-based criminal history record checks are valid for the purposes of provisional certification for 90 days after the record check was conducted.

*Information is subject to change without notification. Contact the state's criminal justice or law enforcement agency for more information.*
