

COLORADO
Department of Health Care
Policy & Financing

Dear Trading Partner/Submitter,

Effective January 9, 2019, trading partners/submitters may see an increase in the number of ERA X12 835 reports received each week dependent upon the provider's financial activity occurring during that period. Any payment holds, Accounts Receivable (AR) recoveries and third-party garnishments may result in an additional ERA X12 835 being generated (separate from the standard weekly ERA X12 835). An additional ERA X12 835 will not be generated if there is no such financial activity during that period.

Current claim payments will still be paid on a weekly cycle. The standard weekly ERA X12 835 reports which were previously posted each Wednesday will now be posted on Mondays.

Thank you,

Department of Health Care Policy & Financing
