Executive Session as Needed
Adjournment

February 16, 2016

The Logan County Board of Commissioners met in regular session with the following members present constituting a quorum of the members thereof:

Rocky L. Samber	Chairman
David G. Donaldson	Commissioner
Gene A. Meisner	Commissioner

Also present:

Alan Samber	Logan County Attorney
Pamela M. Bacon	Logan County Clerk
Marie Granillo	Logan County Deputy Clerk
David Conley	Logan County Lodging Tax Board
Matt Chrisp	Logan County Landfill
Debbie Unrein	Logan County Finance
Callie Jones	Journal Advocate
Forrest Hershberger	South Platte Sentinel

Chairman Samber called the meeting to order at 9:00 a.m. The meeting opened with the Pledge of Allegiance.

Chairman Samber asked if there were any revisions for today's agenda. None were indicated.

The Board continued with the Consent Agenda items:

- Approval of the Minutes of the February 2, 2016 meeting.
- Acknowledgement of the receipt of the Landfill Supervisor's report for the month of January, 2016.
- Acknowledgement of the receipt of the Tourist Information Center Coordinator's report for the month of January, 2016.
- Acknowledgment of the receipt of the Treasurer's report for the month of January, 2016.

Commissioner Meisner moved to approve the Consent Agenda for the February 16, 2016 Board meeting. Commissioner Donaldson seconded and the motion carried 3-0.

Chairman Samber continued with Unfinished Business:
Commissioner Donaldson made a motion to award the bid for the purchase of a compact track loader to Ag Tech Repair, for a Bobcat model T770 with two additional options, one being the roller suspension and one being an air ride seat for a total of $77,744.52. Commissioner Meisner seconded and the motion carried 3-0.

Chairman Samber continued with New Business:
Commissioner Meisner moved to approve the Lodging Tax Board project for BYU Young Ambassadors in the amount up to $1,250. Commissioner Donaldson seconded and the motion carried 3-0.

Commissioner Donaldson made a motion to approve an Agreement to non-simultaneous exchange of real property between Logan County and the State of Colorado, State Land Board of Land Commissioners for the purchase of 46 acres of land described as Lot 3, and a portion of Lot 2 of Section 3, Township 7 North, Range 52 West of the 6th PM and authorize the chairman to sign. Commissioner Meisner seconded and the motion carried 3-0.

Commissioner Meisner moved to approve a software license agreement between Logan County and Computer Information Concepts, Inc. for the use of licenses computer software on behalf of the Logan County Finance Department and authorize the chairman to sign. Commissioner Donaldson seconded and the motion carried 3-0.

Commissioner Donaldson made a motion to approve Resolution 2016-5 appointing members to the board of directors of the Logan County Justice Center Finance Corporation. Commissioner Meisner seconded and the motion carried 3-0.

The Board moved on to Miscellaneous Business/Announcements:

The next regular business meeting is scheduled for Tuesday, February 23, 2016 at 9:00 a.m. in the hearing chambers at the Logan County Courthouse.

There being no further business to come before the Board the meeting was adjourned at 9:18 a.m.

RESOLUTION

NO. 2016 - 6

WERTH MINOR SUBDIVISION

A Resolution approving the Final Plat for Werth Minor Subdivision located in the West Half of the Southwest Quarter of the Southeast Quarter (W1/2SW1/4SE1/4) and the West Half of the East Half of the Southwest Quarter of the Southeast Quarter (W1/2E1/2SW1/4SE1/4) of Section 18, Township 8 North, Range 52 West of the Sixth Principal Meridian, Logan County, Colorado.

WHEREAS, Timothy W. and Hilary K. Werth, have petitioned the Board of County Commissioners, Logan County, Colorado, to create a two (2) lot minor subdivision consisting of Lot 1, containing 27.96 acres, and Lot 2, containing 2.51 acres, all located within the following legally described property:

> The West Half of the Southwest Quarter of the Southeast Quarter (W1/2SW1/4SE1/4) and the West Half of the East Half of the Southwest Quarter of the Southeast Quarter (W1/2E1/2SW1/4SE1/4) of Section 18, Township 8 North, Range 52 West of the Sixth Principal Meridian, Logan County, Colorado;
>
> also known as 18597 County Road 32, Sterling, Logan County, Colorado; and

WHEREAS, Timothy W. and Hilary K. Werth have, as shown on the Final Subdivision Plat attached hereto and fully incorporated herein by reference, laid out, platted and subdivided the same into lots under the name and style of Werth Minor Subdivision in the SW1/4SE1/4 of Section 18, T8N, R52W of the 6th P.M., Logan County, Colorado; and

WHEREAS, the above-described parcel consists of a 30.47 acre tract located within the "A" Agricultural District, and all notices and posting requirements for hearing on the Preliminary and Final Minor Subdivision Applications were properly given, and the statements of interested persons were received, and

WHEREAS, the Logan County Planning Commission recommended approval of the Preliminary and Final Plat applications submitted by Timothy W. and Hilary K. Werth, after reviewing the application, studying the staff review, and taking testimony at its regular meeting on February 15, 2016. The Chairman of the Logan County Planning Commission approved and signed the Final Plat on February 15, 2016.

NOW THEREFORE, BE IT RESOLVED pursuant to the authority set forth in C.R.S. § 30-28-133 and the Logan County Subdivision Regulations, the application for minor subdivision submitted by Timothy W. and Hilary K. Werth to divide a 30.47 acre parcel into two (2) lots on the above described property, as platted and shown on the Final Plat attached hereto, is hereby approved.

DONE on Tuesday, the 23rd day of February, 2016.

To Logan County Fair and Rodeo

First of all thank you for putting on such a great event over the past years and letting us be a part of it. With the great work of your fair board and volunteers the Professional Bull Riding event has quickly become one of the Touring Pro's elite events.

Wild West Cattle has provided a state of the art portable arena for this event over the past years and as you know the arena and its configuration is a large part of any events success. We continue to add critical elements to our arena keeping it very safe and functional.

When it comes to producing bull riding and rodeo events we are seasoned veterans always striving to have fast paced, action packed, and affordable events. We are always open to new ideas that will make a show better and more enjoyable for all. Several of our events have been featured on Altitude Sports and Entertainment Television. Our relationship with Altitude may offer the possibility of having your event televised if wanted.

Quality personnel is essential to a successful production and only professionals are used in these positions. In our proposal we have freestyle bull fighting and mini bull riding as the added attractions. We offer more options and will incorporate any event you as a committee want.

The PBR has mandated that a majority of the personnel has to be paid a certain price determined by them, thus raising the expenses.

Thank you for letting Wild West Cattle be a part of your events in the past and we would be greatly honored to be a part of your future.

Once again Thank You

Kevin Rich / Owner Wild West Cattle
Any questions please call 970.581.2708

BID PROPOSAL

Ty Rinaldo
12154 Mesa View Rd
Larkspur, CO 80118

Attention: Logan County Fair Board / PBR Bull Riding Committee
Date: 1-22-16

Project Description - This proposal is in reference to providing PBR approval, announcer, secretary, judges, rodeo clown, bull fighter, timers, bulls, arena, and take care of entries, payouts, pickup men and any other essential requirements to establish a PBR event. It will also provide for a specialty act such as bull fighting or miniature bull riding.

The Logan County Fair Board will provide advertising, program, ticket sales, ticket takers, security and office space.

Description	Quantity	Unit Price	Cost
Entire PBR Production as stated above.			$ 47,500
Item 2			$ 0
Item 3			$ 0
		Subtotal	$ 47,500
		Total	$ 47,500

Thank you for this opportunity to bid. We could be a great team for many years to come...

Sincerely yours,

Ty Rinaldo

From: Ty Rinaldo

Bull Riding Proposal Bid

Logan County Fair Board,

My name is Ty Rinaldo and I am honored to be notified of this open position. I was born in Sterling and still have many family members in this great City. I enjoy coming back to see friends and family and I love the Logan County Fair.

I take pride in my strong work ethic, my organizational skills and my ability to produce a quality show in a timely manner. I have been involved in rodeo all my life. I have also been working closely with The PBR for the last 20 years as a judge and as a stock contractor taking bulls to their finals 5 different years. I have strong working relations with many PBR Employees and we would work well together to produce your show.

I have been producing bull riding events for many years and I am familiar with every aspect of the production. My wife and I also produced 3 day barrel races, bringing racers in from 10 different States at several events. Nancy Rinaldo is also sanctioned as a PBR Secretary and she is excited to help as well.

I know many of the top PBR Riders on a personal level and will call to invite them to this show. With possible attendance from a few of these top riders, we can implement their names into your advertising and work hard for a sell out show.

Please see my bid proposal, as this is what I have estimated the cost of this event. I have contacted The PBR and there have been several rate and minimum pay increases for workers and contracted personnel in 2016.

Im very excited for the opportunity to team up with great people from a Town that I will always call home. Thanks and please contact me with any questions. I look forward to working for and with you this year and many more to come…

Sincerely,

Ty Rinaldo

PREAMBLE

This Annual Operating Plan is pursuant to the “Agreement for Cooperative Wildfire Protection in Logan County”, also known as the State to County Agreement. This AOP is also a component of the State wide AOP and the “Statewide Cooperative Wildland Fire and Stafford Act Agreement”.

PURPOSE

This Annual Operating Plan is applicable to all signatories and address how the signatories will implement the State to County Agreement. The County may create specific fire district AOP’s or Agreements to further define the roles and responsibilities within the County. This plan is not intended to force or suggest that any signatory operate outside of their legal authority, policies, mission or business practices. This plan outlines common approaches in wildland fire management as well as agency specific approaches.

AUTHORITIES

- Colorado Statewide Cooperative Wildland Fire Management and Stafford Act Response Agreement Between:
    - BUREAU OF LAND MANAGEMENT – COLORADO Agreement Number BLM-MOU-CO-538
    - NATIONAL PARK SERVICE – INTERMOUNTAIN REGION Agreement Number F1249110016
    - BUREAU OF INDIAN AFFAIRS – SOUTHWEST REGION (no agreement number)
    - UNITED STATES FISH AND WILDLIFE SERVICE – MOUNTAIN PRAIRIE REGION
    - UNITED STATES DEPARTMENT OF AGRICULTURE FOREST SERVICE – ROCKY MOUNTAIN REGION Agreement Number 11-FI-11020000-017
- Agreement for Cooperative Wildfire Protection in Logan County

RECITALS

National Response Framework activities will be accomplished utilizing established dispatch coordination concepts. Situation and damage assessment information will be transmitted through established fire suppression intelligence channels.

Jurisdictional agencies are responsible for all planning documents (i.e., land use, fire management plans, mitigation plans) for a units wildland fire and fuels management program.

Protecting Agencies implement the actions documented and directed by the planning documents for initial and extended attack on wildland fires. They provide the supervision and support including operational oversight, direction and logistical support to incident management teams.

INTERAGENCY COOPERATION

Interagency Dispatch Centers

The designated Interagency Dispatch Center for the Logan County area is, Fort Collins Interagency Dispatch Center. (970) 295-6800

Interagency Resources

There are no federal resources located within Logan County. Interagency resources must be requested through the Fort Collins Interagency Dispatch Center.

DFPC does not have initial attack responsibility within Logan County. However, DFPC may provide state resources under either mutual aid or reimbursable conditions. The availability of state resources for firefighting will vary and is not guaranteed.

Standards

Signatory agencies to this plan will operate under the concepts defined in the Department of Homeland Security's National Incident Management System (NIMS) and National Wildfire Coordinating Group (NWCG) guidance.

The agency having jurisdiction has the overall responsibility for that incident. Under State statute, the County and the State may enter into an agreement for the State to take management responsibility.

The standard for wildland fire training and qualifications within Colorado is the NWCG 301-1. State employees engaged in firefighting activities will meet the current NWCG qualification standards.

Signatories to this plan may not obligate nor encumber the finances of the other without express written permission.

PREPAREDNESS

Protection Planning

DFPC – Operates in the role of ESF4 at the State level as outlined in the Colorado Emergency Operating Plan

DFPC – Develops a Colorado State Preparedness Plan annually

DFPC – Maintains Cooperative Resource Rate Forms (CRRF), provides Cooperator access to the Incident Qualification System (IQS) and the Resource Ordering and Status System (ROSS)

DFPC – Maintains Cooperative Wildfire Agreements with each County

DFPC – Assists with provision of wildland fire training to Counties and Cooperating Agencies

DFPC – Administers grants specific to wildland fire suppression

DFPC, BLM and the County – Update the AOP each year

County – Provides for wildland fire suppression planning

County – Enters into agreements and AOP's with local fire districts as needed

County – Assists with the maintenance of records in ROSS and WebEOC

Protection Areas and Boundaries

The area described by this plan include all lands within the boundaries of Logan County, including incorporated cities and towns. A current map of fire protection district boundaries and response zones will be kept in the Sterling Emergency Communications Center, Logan County OEM and the Sheriff's Office.

Methods of Fire Protection and Suppression

Logan County has several Fire Protection Districts and Fire Departments that provide response to all areas of the county. The County does not maintain a regular firefighting force, but has the ability to provide water tenders and heavy equipment in support of suppression efforts.

Surrounding Counties have a similar capacity and often provide mutual aid resources to fires within the county.

Reciprocal (Mutual Aid) Fire Assistance

Mutual aid is assistance provided by an Agency, on the jurisdiction of another Agency. Assisting Agencies will, upon request (or voluntarily) take initial attack action in support of the Jurisdictional Agency. It shall be the responsibility of the Agency performing initial attack to notify the Jurisdictional Agency if their lands are involved or threatened.

The normal mutual aid period within Logan County will be 24 hours from the start of the fire. Assisting Agencies may opt to extend mutual aid on a case by case basis after the 24 hour period. This agreement should be documented by the Incident Commander. Additionally, the mutual aid period may be ended early by the requesting agency if that will help fulfill the needs of the incident. After the end of the mutual aid period, outside agencies may be eligible for the reimbursement of operational costs from the benefiting agency.

Obligation: It is understood that no Assisting Agency will be required to assist, or be expected to commit resources to, a Jurisdictional Agency, which may jeopardize the protection of lands of the Assisting Agency.

Response to BLM Lands

The US Bureau of Land Management (BLM) maintains 137 acres within Logan County. However, the BLM does not have any firefighting equipment or personnel located within the County. As such, the BLM relies upon the local jurisdictions to respond to, and suppress fires occurring on BLM property. For fires occurring on BLM lands, there will not be a mutual aid period and the County or Fire Agency providing suppression services may request reimbursement for services from the start of the incident while suppressing fire on BLM lands. Any fire involving more than 10 acres of BLM will have a perimeter mapped via GPS and the perimeter file will be sent to the BLM for inclusion into the historical fire database.

In order to bill, the following must occur;

• Fort Collins Interagency Dispatch Center must be notified that fire is, or has occurred, on BLM lands.

• A Crew Time Report and Equipment Time Report must be completed by the fire agency and a signature must be obtained by either a BLM or DFPC representative.

• Billing rates and procedures will follow currently established state guidelines.

• Billing will be for direct suppression activities only.

Acquisition of Services

Signatories to this plan agree to utilize established ordering procedures for the acquisition of services during a wildland fire. This may include the Interagency Dispatch System, or the State EOC.

In some cases, services may be acquired locally. In such instances, the County will be responsible for the acquisition and establishment of vendor financial documents. If ordered at the request of the State, the County may be reimbursed for the cost of the services provided.

Joint Projects and Project Plans

Nothing in this plan shall prohibit agencies from entering into joint project agreements. There are no joint project plans within Logan County currently for this plan cycle.

Standard project planning and written agreements will be utilized when entering into joint projects.

Fire Prevention

Education efforts will be coordinated with partner agencies. Each cooperating agency may release fire danger information as deemed necessary to enhance public awareness and safety with regard to the current fire conditions. News releases will be coordinated between cooperators to lend a unified approach to the current conditions when periods of High to Extreme fire danger or when red flag warnings are issued.

Public Use Restrictions

The purpose of fire restrictions and closures is to reduce the risk of human-caused fires during high fire danger and/or burning conditions, and for the protection of human life and property. Fire restrictions and closures are invoked on federal, state, county, and private lands under federal and state laws. Public information about restrictions must be broad-based, clear and coordinated.

When contemplating a closure to open burning or lifting of fire bans, all agencies or fire departments will advise its cooperators of the situation and consider joint action(s) as needed.

In the case of any restrictions on burning or public movements because of extreme fire danger, either by Governor's proclamation or by local issue, the county sheriff will be responsible for enforcement on all non-federal lands, and may assist on other lands at the request of the appropriate agency.

Burning Permits

The Sterling Fire Department requires burn permits within the city limits of Sterling. Agricultural burns are exempt from permitting.

Prescribed Fire (Planned Ignitions) and Fuels Management

Senate Bill 13-083 directed the Division to implement a prescribed burn program in Colorado, including creating minimum standards for conducting prescribed burns on any area in the state, except for prescribed burning conducted by an agency of the federal government, pursuant to Section 24-33.5-1217. To be exempt from these standards, other users of prescribed fire, including local governments and non-governmental organizations must adopt or have already adopted guidelines or standards that are in substantial compliance with the intent of section 24-33.5-1217.5 for prescribed burning under their control. Agricultural and ditch burning are exempt from these rules.

Signatory agencies to this plan agree to abide by current laws, rules and standards when performing prescribed fire activities. The agencies may assist each other in all aspects of prescribed fire projects.

Smoke Management

The Colorado Air Pollution Prevention and Control Act (CRS 25-7-102) requires every prescribed fire project to have a smoke permit. Due to changes in policy, procedures, technology and State air quality standards, the smoke permitting process is subject to change. For the most up-to-date process and policy refer to the Colorado Department of Public Health and Environment, Air Pollution Control Division (CDPHE-APCD) website at: http://www.colorado.gov/cs/Satellite/CDPHE-AP/CBON/1251594943171.

Agricultural and ditch burning are exempt from these rules.

OPERATIONS

Fire Notifications

Sterling Emergency Communications Center will receive notification of a wildland fire and will dispatch the appropriate resources per policy. Whenever possible, the closest resource should be dispatched regardless of jurisdiction. DFPC will be notified as soon as possible of fires that may exceed the capacity of the County to handle. The contact number for state fire assistance is (303) 279-8855 which rings to CSP Denver Dispatch Center. When a fire is determined to have occurred on BLM lands, Fort Collins Interagency Dispatch Center will be advised of the fire.

Boundary Line Fires

When a boundary line fire occurs; either fire district or county boundaries; the first arriving unit will establish command. Jurisdictional authority will be established after firefighter and public safety have been ensured.

Response to Wildland Fire

Fires within Logan County will initially be suppressed by the Fire Protection District or Fire Department having jurisdictional authority. If the fire escapes initial attack, and, with concurrence of the Fire Chief (or his/her designee) and the County Sheriff (or his/her designee), the fire becomes beyond the ability of the local district to suppress; the fire may be transitioned to county control.

If the fire, with concurrence of the County Sheriff (or his/her designee) and a Division of Fire Prevention and Control, Fire Management Officer, is beyond the ability of the county to suppress, may transition the fire in part or whole, to the state for management.

All agencies within Logan County will utilize the Incident Command System for wildland firefighting operations.

Agencies responding to fires within their own jurisdiction may follow their policies on qualifications and Personal Protective Equipment. Agencies responding outside of the county in response to a fire managed by the State or Federal Government will comply with current interagency standards on qualifications and Personal Protective Equipment.

Special Management Considerations

There are no special management considerations within Logan County.

Decision Process

When a fire is transitioned from County to State control, DFPC requires that the management decision process for suppression be documented.

Cooperation

All of the fire protection districts within Logan County have current mutual aid agreements in place and agree to cooperate to the extent possible to bring rapid stabilization of wildland fires occurring in, near, and around Logan County.

The County and the State agree to cooperate to the extent possible to plan for and respond to fire incidents within the county.

Communication

All parties agree that a common communications plan is essential during a wildland fire event. As such, a common “Command” talk group will be established that all responders can operate on, and that can be monitored by Logan County Dispatch.

Separate “Tactical” talk groups should be established for each division of the fire. These need to be accessible to all responders assigned to that division as well as the Incident Commander.

To accomplish this, a radio “bridge” may be required to join un-like radios together.

Cost efficiency

It is a goal of Logan County and the State of Colorado to provide cost efficient services. Agency administrators will make every effort to ensure cost effectiveness during firefighting operations. However, cost efficiencies will not take priority over firefighter or public safety. Additionally, the potential long term financial impacts of the fire should be considered and balanced against the short term costs savings of not ordering needed resources.

Delegation of Authority

A written delegation of authority will be generated whenever an agency, other than the authority having jurisdiction, will take over the management of a fire. A delegation of authority may also be made to the incident commander and the incident command team.

The delegation does not absolve the authority having jurisdiction from any legally owed responsibility. It does however, provide another agency or individual, the authority and power to act on behalf of the agency delegating the authority. It also lists the parameters of the delegated authority.

A delegation of authority should include the following items;

- Authority having jurisdiction who is delegating authority
- Agency or individual accepting authority
- Specific authorities delegated
- Specific limits to the authority
- End terms of the authority

Preservation of Evidence

All parties agree to participate, to the extent legally possible, to assist each other in the investigational process. This includes the preservation of evidence.

The State requires that any fire for which DFPC has assumed responsibility, the County Sheriff shall conduct an investigation into the cause of said fire. This investigation may be conducted jointly with the fire district and State as needed. All of the investigational materials will be made available to DFPC to include evidence, notes, interviews, and the final investigation package. DFPC will not directly be responsible for criminal prosecution. This remains the responsibility of the law enforcement agency having jurisdiction.

STATE EMERGENCY FIRE FUND (EFF)

Logan County is not a participant in the Emergency Fire Fund.

USE AND REIMBURSEMENT OF INTERAGENCY FIRE RESOURCES

Cost Share Agreement (Cost Share Methodologies)

For fires that have shared financial responsibility, a cost share agreement will be produced. While each fire will be evaluated differently and may require different cost share methodologies, the basic premise for a cost share agreement is to create one that is fair and balanced for all parties.

A standard method for creating a cost share agreement is one where the total acres burned are calculated and then the percentage of acres burned within each jurisdiction are calculated. These percentages are then used for the final cost calculations for each agency.

Example: The fire burned 1000 acres. 500 acres in district A and 500 acres in district B. This equates to an even 50% split. The total cost would be split 50/50 with both agencies. Exemptions can be made for high cost items such as aircraft that may have only been utilized in one jurisdiction.

For fires where the State has taken management/financial responsibilities, the County will maintain a reasonable minimum commitment as part of a cost share methodology. The minimum commitment will be documented and will be on an incident by incident basis.

The County commitment can be resources such as heavy equipment, water trucks, law enforcement, incident command personnel, or facilities and logistical needs.

Training

The Colorado Division of Fire Prevention and Control (DFPC) will serve as the representative to the Fort Collins Interagency Dispatch Zone Training Committee. This Training Committee uses input from all agencies with wildland fire responsibilities including the County, Fire Protection Districts, and Volunteer Fire Departments to determine the training needs for the zone.

DFPC has the ability to assist with the provision of wildland fire training within the county. DFPC will assist agencies as available with requested trainings. With the exception of custom courses designed for specific objectives, all training provided by DFPC will follow the current National

Wildfire Coordinating Group standards as outlined in PMS 901-1 “Field Managers Course Guide”. The costs for these courses will be negotiated on a case by case basis.

Communication Systems

For the purposes of conducting business authorized by this plan, all parties to this operating plan agree that assisting agencies may use the jurisdictional agency’s radio frequencies as needed to conduct emergency communications on fires of the jurisdictional agency. No party to this operating plan will use, or authorize others to use, another agency’s radio frequencies for routine day to day operations.

Logan County currently utilizes the state 800Mhz Digital Trunked Radio System for its daily operations. A State Mutual Aid Channel (MAC) may be assigned by dispatch for out of area resources responding within the county.

VHF Radio frequencies may be needed for certain aviation resources. Generally, the VFIRE frequencies will be available for this purpose.

Fire Weather Systems

Information on Fire Weather Stations, Fire Danger, Current Fire Situation, Current Fire Restrictions, and other information can be seen at the FTC website:

http://gacc.nifc.gov/rmcc/dispatch_centers/r2ftc/

Red Flag/Fire Weather Announcements - The National Weather Service in Boulder and Goodland periodically issues “FIRE WEATHER” watch and “RED FLAG” warning bulletins. Fire Weather Forecast information can be seen at the National Weather Service’s Fire Weather Index Page: http://www.crh.noaa.gov/bou/awebphp/fireindx.php

Aviation Operations

Logan Count may contract with local aviation resources for fire suppression. The benefiting agency will be responsible for establishing ordering, use, and reimbursement guidelines for the utilization of said aircraft.

Other firefighting aircraft may be ordered through the Fort Collins Interagency Dispatch Center. The benefiting/requesting agency may be wholly responsible for any and all costs associated with such resource.

Interagency firefighting aircraft may be ordered by the Incident Commander after approval from the respective jurisdiction(s) that has, or may have, financial responsibility for the cost of such aircraft response. Approval of these jurisdictions may be obtained from one or more of the following parties, as applicable: Sheriff, Undersheriff, Sterling Fire Chief, Sterling Fire Captain, Peetz Fire Chief, Crook Fire Chief, Fleming Fire Chief, Merino Fire Chief or the County OEM Manager. The request will be made to the Sterling Emergency Communications Center who will relay the request to the Fort Collins Interagency Dispatch Center.

For local agricultural aircraft, the request process will be the same except that, Sterling Emergency Communications Center will send the request directly to the aircraft vendor, following any established dispatching policy.

Aircraft ordered from Fort Collins Interagency Dispatch will operate on VHF Radio frequencies and not the DTRS. The incident MUST have VHF communications in place when ordering aircraft. Air to Ground 9 is the normal and preferred radio frequency. The VFIRE frequencies are available for use for this purpose if Air to Ground 9 is unavailable. Aircraft that cannot communicate with ground forces will not engage in suppression operations.

National Guard helicopters with water buckets may be available for use. These resources MUST be ordered through the State EOC process and may take several hours to mobilize. These resources will utilize VHF radios for communications. The benefiting/requesting agency may be wholly responsible for any and all costs associated with National Guard resources.

The following information will be included in the aircraft request:

- ✓ Incident Name
- ✓ Location (legal description and/or latitude and longitude)
- ✓ Jurisdiction
- ✓ Air Contact with air to air radio frequency
- ✓ Ground Contact with air to ground radio frequency
- ✓ any other aircraft in the area
- ✓ Weather conditions on the fire
- ✓ Recommended Aviation Frequencies

Identifier	VHF Frequency	Tone
VFIRE21	154.2800	None
Air/Ground 7	166.8500	None
Air/Ground 9	166.9125	None
Air/Air Primary	134.2750	None

Billing Procedures

The procedure for reimbursement through DFPC will occur via the Cooperative Resource Rate Form (CRRF)**.** Billing may be made for equipment and/or personnel listed on the CRRF with the corresponding documentation. Current procedures and forms can found at the DFPC website http://dfs.state.co.us/

Cost Recovery

Both the County and the State reserve the right to purse reasonable cost recovery efforts for equipment, personnel, and supplies utilized in response to a wildland fire that extends beyond the mutual aid period. This includes the facilities and administrative fee, also known as indirect rate. This includes pursuing legal action against any party determined to be responsible for the cause of the fire.

GENERAL PROVISIONS

This AOP is the framework for cooperation between the State and the County. It does not supersede any other lawful policy, rule, or procedure. This AOP may be utilized as part of the Counties master emergency operations plan. The County is encouraged to create AOP's, MOU's and Agreements with their local response agencies.

Personnel Policy

All government employees shall be employed at their regular salary rate. All non-government employees will be paid at agency department rates. If no agency department rates have been set, then DFPC established rates will be used. These can be found at the DFPC website http://dfs.state.co.us/

Modification

Changes may be made to this plan at anytime during the plan cycle as needed. These changes must have the concurrence of all parties before being placed into the plan document.

Annual Review

This plan requires annual review and will require re-authorization by all parties prior to April 1.

Duration of Plan

This plan is to be considered in full effect upon the date of the signatures. This plan will remain in effect until rescinded by the parties, or until April 1, 2017, whichever occurs first.

Previous Plans Superseded

Any and all previously dated Annual Operating Plans pertaining to wildland fire within Logan County are hereby null and void upon the date of the signatures on this current plan.
