4. Recalculation of FY 16 Incentive Measures/Other

Erica Arnold-Miller (Colorado Health Partnerships/CHP) would like to discuss this topic with the Department staff (**Danielle, Nicole, Melissa**) and other BHO staff to see if recalculating the FY 16 incentive measures, using the same code/s that will be used to pull FY 17 incentive measure data, makes sense. In addition, CHP would like to clarify a couple items regarding the SUD engagement measure and foster care engagement and recommend additional updates.

8. BHO monthly and quarterly reports sent by the Department

James Bloom (HCPF) will lead this discussion with BHO quality staff to understand pharmacy data needs and address these questions:

- File formats and expected delivery: Should BHOs anticipate one large file for the backlogged data, or monthly files (a file for March, a file for April, etc.)?
- Should BHOs anticipate a 2-month lag of submissions like we've seen previously?
- Specific to pharmacy data – will BHOs have that data in time to complete the performance measures that use pharmacy data? If this doesn't seem feasible, what is the game plan for reporting those particular measures?
