

PEAKHealth Mobile App for Medicaid & CHP+ Clients Now Available

The Department of Health Care Policy and Financing has launched the new PEAKHealth mobile app. PEAKHealth gives Medicaid and Child Health Plan *Plus* (CHP+) members a simple way to keep their information up to date and access important health information right from their phone.

PEAKHealth is for **current** Medicaid and CHP+ clients who have a [Colorado.gov/PEAK](https://colorado.gov/PEAK) account. PEAKHealth is **not** for people who want to **apply** for benefits.

PEAKHealth will help Medicaid and CHP+ clients to search for a provider, view their medical card, update their income and contact information, view benefit information, make a payment and access health and wellness resources.

PEAKHealth can be downloaded at the [Apple iTunes Store](https://itunes.apple.com/us/app/peakhhealth/id1441111111) or [Android/Google Play App Store](https://play.google.com/store/apps/details?id=com.peakhhealth) for free.
