

CERTIFICATE MAINTENANCE REQUIREMENTS

To maintain the certificate in good standing, a minimum of six (6) hours of Continuing Education Credits (CEU) in safety, wellness or workers' compensation must be completed annually from the date of certificate issuance. All applied CEUs must be pre-approved by the State Office of Risk Management, if the CEU is not issued by the Office or an accredited source. Note that CEUs provided by the Office of Risk Management may not be approved by other accredited and certificate entities.

Opportunities for CEUs include, but are not limited to, the following:

- Trainings offered by the State Office of Risk Management
- Quarterly CHASE! Committee meeting
- Annual SafetyEXPO
- Online courses
- Webinars
