## **GRANBY RANCH METROPOLITAN DISTRICT**

### **2014 BUDGET MESSAGE**

Granby Ranch Metropolitan District is a quasi-municipal corporation organized and operated pursuant to provisions set forth in the Colorado Special District Act. The District was established to supply the necessary services of water, streets, parks & recreation, safety protection, sanitary sewer, and mosquito control.

The District has no employees and all operations and administrative functions are contracted.

The following budget is prepared on the modified accrual basis of accounting, which is consistent with the basis of accounting used in presenting the District's financial statements.

### **2014 BUDGET STRATEGY**

The District's primary function budgeted for 2014 is to accumulate funds for the repayment of the District's bonds. Virtually all services needed by the District are provided by the Headwaters Metropolitan District pursuant to a voter approved contract.

The District issued bonds in 2006, the proceeds of which were transferred to Headwaters Metropolitan District to fund infrastructure costs of the community. For 2014, the District will be required to devote the entire mill levy towards the repayment of the 2006 bonds and the operating costs of the District are expected to be funded by Headwaters Metropolitan District. Although a portion of the property within the District was excluded from the District during 2010, the excluded property remains liable for the debt service on the 2006 bonds and is therefore included in the property tax revenues of the District.

## Accountant's Compilation Report

October 31, 2013

Boards of Directors  
Granby Ranch Metropolitan District  
Granby, Colorado

I have compiled the accompanying balance sheet of Granby Ranch Metropolitan District as of September 30, 2013 and the related statement of revenues, expenditures and changes in fund balances with budgets for the nine month period then ended. I also compiled the accompanying budget and forecast of revenues, expenditures and changes in fund balances for the year ending December 31, 2013 and the 2014 adopted budget in accordance with standards established by the American Institute of Certified Public Accountants.

I have not audited or reviewed the accompanying financial statement and, accordingly, do not express an opinion or provide any assurance about whether the financial statements are in accordance with accounting principles generally accepted in the United States of America.

As a consulting financial manager, I participate in the financial management of the District. Management (with my participation) is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for designing, implementing, and maintaining internal control relevant to the preparation and fair presentation of the financial statements. I have prepared these financial statements in my capacity as consulting financial manager for the District.

My responsibilities include conducting the compilation in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. The objective of a compilation is to assist management in presenting financial information in the form of financial statements without undertaking to obtain or provide any assurance that there are no material modifications that should be made to the financial statements.

Management (with my participation) has elected to omit substantially all the disclosures required by accounting principles generally accepted in the United States of America. If the omitted disclosures were included in the financial statements, they might influence the user's conclusions about the District's financial position and results of operations. Accordingly, the financial statements are not designed for those who are not informed about such matters.

A compilation of a forecasted financial statement is limited to presenting in the form of a forecast, information that is the representation of management and does not include evaluation of the support for the assumptions underlying the forecast. I have not examined the accompanying forecast and, accordingly, do not express an opinion or any other form of assurance on the forecasted statement or assumptions. Furthermore, there will usually be differences between the forecasted and actual results, because events and circumstances frequently do not occur as expected and those differences may be material. We have no responsibility to update this report for events or circumstances occurring after the date of this report.

The actual historical information for calendar year 2012 is presented for comparative purposes only. Such information is taken from the financial statements for the District for the year ended December 31, 2012, which have been audited by Hiratsuka & Schmitt, L.L.P. and upon which they expressed an unqualified opinion in their report dated May 16, 2013.

I am not independent from an accounting and auditing perspective with respect to Granby Ranch Metropolitan District because I perform certain accounting services that impair my independence.
