SBE Firms

Bring your business cards and a Capabilities Statement or brochure to share with buyers. You will have the opportunity to meet one-on-one with government reps and partners during the networking session.

Government to Business Outreach

We're bringing government contracting to you! Join various state and local government agencies in Durango for an informative workshop and networking session about doing business with the government. This event is open to all small businesses who are interested in learning about how to get registered, prepared, and recognized by contracting officers and project managers in government. There will also be an interactive networking session where you will have the opportunity to talk with buyers and business consultants that can point you in the right direction.
