

Dear Provider,

Early this morning, a widespread outage affected the Department of Health Care Policy & Financing (HCPF) main website at Colorado.gov/hcpf, along with many other state agency sites. When trying to view most pages on the website, an error message appeared.

The website is now functioning normally.

The website outage did not affect access to the Provider Web Portal, however, providers who had not saved a direct link may not have been able to navigate to the Provider Web Portal. Please bookmark this link to the Provider Web Portal for easy access to the portal in the event the website is down: <https://colorado-hcp-portal.xco.dcs-usps.com/hcp/provider>.

Thank you,

Health First Colorado (Colorado's Medicaid Program)
