II. INTENT. The purposes of these Covenants are to protect human health and the environment by restricting access to and uses of the Property so as to protect the treatment systems, the landfill cap, site drainage ways, and other remedial components and by limiting the exposure of persons and the environment to the contaminants; and to create and preserve open space, which may only be used in accordance with Paragraph III below.

III. LIMITATIONS, RESTRICTIONS, AND COVENANTS.

A. Drilling of wells - No new wells for use of groundwater shall be constructed on the Property, except for monitoring or remediation purposes necessary for implementation of the remedy for Lowry Landfill described in the ROD, or other wells that are not inconsistent with the purposes to be served by these covenants or the remedy described in the ROD.

B. Excavation - No excavation shall be conducted on the property except as necessary for landfill purposes or for monitoring or remediation necessary to implement the remedy identified in the ROD.

C. Structures - No structures shall be constructed on the Property except as necessary for landfill purposes or for monitoring or remediation necessary to implement the remedy identified in the ROD.

D. Uses - The use of the Property shall be restricted to landfilling, monitoring or remediation activities, or other uses that are not inconsistent with the purposes to be served by these covenants or the remedy described in the ROD. The Property shall not be used under any circumstances for day care centers, schools, nursing homes, hospitals, or residential purposes, including but not limited to single family or multi-family dwellings.

E. Access - Access to the Property shall be limited to persons who are authorized to be on site for uses listed in paragraph D above. IV. ENFORCEMENT AND MODIFICATIONS.

A. If any person or entity shall violate or attempt to violate any of the covenants herein, any person or entity owning any part the Property, the Mayor of the City and County of Denver, the Lowry Trust, or its approved successors and assigns, the Colorado Department of Public Health and Environment ("CDPHE") or EPA may enforce these covenants by any means allowed by law, including §25-15-322, C.R.S., by prosecuting any proceedings at law or in equity against the person or entity violating or attempting to violate any such covenants to enjoin him or it from so doing and to recover damages and costs for such violation or attempted violation. A representative of the Lowry Trust or its approved successors and assigns shall visit the Property quarterly to insure that there are no apparent violations of these covenants.

B. These covenants shall not be terminated, revoked or modified, in whole or in part, unless such modification, revocation or termination is not inconsistent with the purposes to be served by the remedy described in the ROD and is approved by the Lowry Trust or its approved successors and assigns, and by vote of a majority of the then-owners of the Property. Owners of the Property shall have one vote for each acre, or part of an acre, owned. The City's votes shall be exercised by the Mayor or his designee.
