

Mercury, Lamps, Ballasts, Batteries and Amalgam Recyclers
May 2011

The purpose of this list is to assist you in locating companies that recycle elemental mercury, mercury-containing lamps, lamp ballasts, batteries and amalgam since there are no recyclers physically located in Colorado that provide these services. There are in-state companies, however, that provide intermediary services if you prefer not to work directly with a recycler. Also, many of the listed companies offer pre-paid mailback recycling kits and services. Always contact your selected vendor prior to shipping any waste to them to ensure that they still offer the type of service you need.

AERC Recycling Solutions Allentown, PA 866-447-5177 www.recyclekit.com	Mercury spill kits, lamps, CFLs, non-PCB ballasts, batteries, amalgam (RecycleKits)
Air Cycle Corporation Lisle, IL 888-640-6700 www.lamprecycling.com	Lamps, CFLs, non-PCB ballasts, batteries, thermostats (EasyPak)
Amalgaway Mail Disposal Service Indianapolis, IN 800-267-1467 www.amalgaway.com	Amalgam, lead foil
Bethlehem Apparatus Co. Inc. Hellertown, PA 610-838-7034 www.bethlehemapparatus.com	Mercury devices, lamps, CFLs, mercury-containing batteries, liquid mercury, mercury salts and wastes (large quantities)
