- 
2. Please provide the complete physical address where radioactive materials will be used and stored:

- 
3. I hereby apply for a General License for In-Vitro testing pursuant to Section 3.6.9 of the *Regulations* for the use of radioactive materials for: (please check one)
- Myself, a duly licensed physician authorized to dispense drugs in the practice of medicine
  - The above-named veterinary clinic
  - The above-named clinical laboratory
  - The above-named hospital

- 
4. Certification:

I hereby certify that:

- a. All information in this General License application is true and complete.
- b. The applicant has appropriate radiation measuring instruments to carry out *in vitro* clinical or laboratory tests with radioactive material as authorized under the General License in Section 3.6.9.1 of the Regulations and that such tests will be performed only by personnel competent in the use of such instruments and in the handling of the radioactive material.
- c. I understand the Regulations require that any change in the information furnished on this application for a General License be reported to the Radiation Management Program within 30 days from the effective date of such change.
- d. I have read and understand the provisions of Section 3.6.9 of the Regulations, and I understand that the General Licensee is required to comply with those provisions as to all radioactive materials which are received, acquired, possessed, used, or transferred under the General License for which this application is filed.
