RE: Approval of the Colorado Architectural Paint Stewardship Program Plan

Dear Marjaneh:

The Colorado Department of Public Health and Environment (the Department) reviewed and is approving the PaintCare Inc. Colorado Architectural Paint Stewardship Program Plan (the Plan). The Plan was initially received by the Department on January 1, 2015, and subsequently forwarded to the Hazardous Waste and Materials Management Division (the Division) for review. On February 20, 2015 the Division issued comments that identified requirements in C.R.S. 25-17-404 et. seq. that the Division believed were not addressed in the Plan. The Department and PaintCare representatives conducted multiple working sessions to resolve the comments. The revised Plan was received by the Department on June 12, 2015. The revised Plan appropriately addressed the Division's February 20, 2015 comments. Therefore, the Department is approving the June 12, 2015 version of the Plan. Please contact Charles Johnson at 303-692-3348 or Wolf Kray at 303-692-3337 with questions regarding the Plan.

Sincerely,

Larry Wolk, MD, MSPH
Executive Director and Chief Medical Officer
