To: Improving and Bridging Systems Sub-committee

From: Carol Plock

Date: May 3, 2018

Subject: Sub-committee Voting Membership

Background: The Improving and Bridging Systems (IBS) sub-committee will leverage the following structure for its voting membership: seven core voting members who are committed to the sub-committee’s core question of how the Accountable Care Collaborative fits in with other systems and to attending every meeting and eight subject matter experts (SMEs) who are committed to the sub-committee’s core question for their respective subject area and to attending when their respective subject area is discussed. This gives IBS a total of 15 voting members with at least 11 members in attendance at each meeting.

Voting Member Roster: Below is a tentative roster for IBS.
