Inpatient/Outpatient Hospital

Providers must be enrolled as a Colorado Medical Assistance Program provider in order to:

- Treat a Colorado Medical Assistance Program client; and
- Submit claims for payment to the Colorado Medical Assistance Program.

Both inpatient and outpatient hospital services are a benefit of the Colorado Medical Assistance Program when medically necessary and supervised by a physician. Hospital benefit services include bed and board, professional services, and ancillary services necessary for diagnosis and treatment.

The Colorado Medical Assistance Program provides outpatient hospital benefits for medical conditions requiring outpatient services. Outpatient hospital benefits include emergency, diagnostic, therapeutic, rehabilitative, preventative, and palliative items and services when provided by or under the directions of a physician in a Colorado Medical Assistance Program-participating hospital. Non-emergency outpatient services are subject to Primary Care Physician Program guidelines.

The Department of Health Care Policy and Financing (the Department) periodically modifies billing information. Therefore, the information in this manual is subject to change, and the manual is updated as new billing information is implemented.

Providers should refer to the Code of Colorado Regulations, [Program Rules](#) (10 C.C.R. 2505-10) for specific information when providing hospital care.

Billing Information

National Provider Identifier (NPI)

The Health Insurance Portability and Accountability Act (HIPAA) requires that covered entities (i.e., health plans, health care clearinghouses, and those health care providers who transmit any health information electronically in connection with a transaction for which the Secretary of Health and Human Services has adopted a standard) use NPIs in standard transactions.

Paper Claims

Electronic claims format shall be required unless hard copy claims submittals are specifically prior authorized by the Department. Requests for paper claim submission may be sent to the Department's fiscal agent, Xerox State Healthcare, P.O. Box 90, Denver, CO 80201-0090. The following claims can be submitted on paper and processed for payment:

- Claims from providers who consistently submit 5 claims or fewer per month (requires prior approval)
- Claims that, by policy, require attachments
- Reconsideration claims

Paper claims do not require an NPI, but do require the Colorado Medical Assistance Program provider number. In addition, the UB-04 Certification document must be completed and attached to all claims submitted on the paper UB-04. Electronically mandated claims submitted on paper are processed, denied, and marked with the message "Electronic Filing Required".

Electronic Claims

Instructions for completing and submitting electronic claims are available through the following:

- X12N Technical Report 3 (TR3) for the 837P, 837I, or 837D (wpc-edi.com/)
- Companion Guides for the 837P, 837I, or 837D in the Provider Services [Specifications](#) section of the Department's Web site.
- Web Portal User Guide (via within the portal)

The Colorado Medical Assistance Program collects electronic claim information interactively through the Colorado Medical Assistance Program Secure Web Portal ([Web Portal](#)) or via batch submission through a host system. Please refer to the [General Provider Information manual](#) for additional electronic billing information.

General Prior Authorization Requirements

Prior Authorization Requests (PARs) must be completed for:

- All out-of-state Inpatient non-emergency services
- All transplant procedures, except Cornea and Kidney

*Note: Organ transplants are **not** a covered benefit for Non-Citizens.*

All PARs and revisions processed by the ColoradoPAR Program must be submitted using CareWebQI ([CWQI](#)). Prior Authorization Requests submitted via fax or mail **will not** be processed by the ColoradoPAR Program and subsequently not reviewed for medical necessity. These PARs will be returned to providers via mail. This requirement only impacts PARs submitted to the ColoradoPAR Program.

The electronic PAR format will be required unless an exception is granted by the ColoradoPAR Program. Exceptions may be granted for providers who submit five (5) or less PARs per month.

To request an exception, more information on electronic submission, or any other questions regarding PARs submitted to the ColoradoPAR Program, please contact the ColoradoPAR Program at 1-888-454-7686 or refer to the Department's [ColoradoPAR Program](#) web page.

It is the provider's responsibility to maintain clinical documentation to support services provided in the client's file in the event of an audit or retroactive review. Submitted PARs without minimally required information or with missing or inadequate clinical information will result in a lack of information (LOI) denial.

All accepted PARs are reviewed by the authorizing agency. The authorizing agency approves or denies, by individual line item, each requested service or supply listed on the PAR.

Paper PAR forms and completion instructions are located in the Provider Services [Forms](#) section of the Department's website. They must be completed and signed by the client's physician and submitted to the authorizing agency for approval.

Do not render services or submit claims for services requiring prior authorization before the PAR is approved. When the authorizing agency has reviewed the service, the PAR status is transmitted to the fiscal agent's prior approval system.

The status of the requested services is available through the Web Portal. In addition, after a PAR has been reviewed, both the provider and the client receive a PAR response letter detailing the status of the requested services. Some services may be approved and others denied. **Check the PAR response carefully as some line items may be approved and others denied.**

Approval of a PAR does **not** guarantee Colorado Medical Assistance Program payment and does **not** serve as a timely filing waiver. Authorization only assures that the approved service is a medical necessity and is considered a benefit of the Colorado Medical Assistance Program.

All claims, including those for prior authorized services, must meet eligibility and claim submission requirements (e.g., timely filing, Primary Care Physician [PCP] information completed appropriately, third party resources payments pursued, required attachments included, etc.) before payment can be made.

Submitted claim data is checked against the PAR file, therefore, **do not** submit a copy of the PAR with the claim. The fiscal agent identifies the appropriate PAR data using patient identification information and the PAR number noted on the claim.

PAR Revisions

All PAR revisions must be completed through [CWQI](#) on the ColoradoPAR Program’s website. If a procedure has been prior authorized but the medical decision was changed, a revision must be sent immediately to the authorizing agency to have the PAR adjusted. Without a revised PAR the claim will not pay.

If the PAR is denied, direct inquiries to the authorizing agency listed in Appendix D of the [Appendices](#) in the Provider Services [Billing Manuals](#) section.

Special Benefits/Limitations/Exclusions

The Colorado Medical Assistance Program benefits are provided for care and treatment services provided in inpatient and outpatient hospital settings. These services must be supervised by a physician.

Hospital services include but are not limited to:

- Bed and board
- Professional services
- Ancillary services necessary for diagnosis and treatment

A Colorado non-participating hospital is considered a participating hospital when providing emergency services to a Colorado Medical Assistance Program client.

Hospitals located outside of Colorado are considered participating when providing emergency services to Colorado Medical Assistance Program clients who are temporarily absent from Colorado. Hospitals located in designated out-of-state border towns may provide both emergency and non-emergency services.

Inpatient

Inpatient- a client who is receiving professional services at a participating Colorado Medical Assistance Program Hospital; the services include:

- A room, and
- Continuous care (24-hour-a-day).

Clients are considered inpatient typically, by a physician’s order if formally admitted as an inpatient, with the expectation that the client will remain at least overnight and occupy a bed; even though it later develops that the client can be discharged or transferred to another hospital and does not actually use a bed overnight.

The following inpatient hospital services are furnished by a participating hospital for the care and treatment of inpatients, and are provided in the hospital by or under the direction of a physician:

- Preventative,
- Surgical,
- Medical, and
- Therapeutic,
- Diagnostic,
- Rehabilitative

Inpatient hospital services are reimbursed by the Colorado Medical Assistance Program on a prospective basis using a Diagnosis Related Group (DRG) method. Claims with discharge date on or after January 1, 2014 will be reimbursed using the All-Patient Refined (APR-DRG) grouper. Inpatient hospital claims with discharge date prior to January 1, 2014 will be processed using the following grouper versions from CMS:

Discharge Date	Grouper
October 1, 2006 to December 31, 2013	Version 24.0
October 1, 2005 to September 30, 2006	Version 23.0
October 1, 2004 to September 30, 2005	Version 22.0
October 1, 2003 to September 30, 2004	Version 21.0
October 1, 2002 to September 30, 2003	Version 20.0

Payment policies for inpatient hospital claims did not change due to the transition to the new APR-DRG system.

Interim payments for Prospective Payment System (PPS) hospital inpatient with long-term stays

The Colorado Medical Assistance Program APR-DRG payment system requires that claims for inpatient stays in PPS hospitals be submitted after discharge. To accommodate the financial needs of PPS hospitals when long-term stays (e.g. neonates, catastrophic illnesses, and trauma patients) create large account receivables, PPS hospitals may bill interim claims.

Criteria

The following criteria must be met in order to receive an interim payment:

Colorado Medical Assistance Program must be the primary payer. Interim payment is not permitted when the recipient has other medical resources such as Medicare or commercial health insurance coverage.

The **Colorado Medical Assistance Program payable amount** (not the billed charges) must be at least \$100,000 at the time the interim claim is billed.

After the first interim payment, additional requests may be submitted only when the additional Colorado Medical Assistance Program payment amount reaches or exceeds \$100,000.

Procedures

All interim claims should be submitted directly to the Department’s fiscal agent.

The first interim claim (type of bill 112 – First Interim Claim) should be billed by the hospital for the services performed from the admission date through the billing date.

Additional interim claims (type of bill 113 - Continuous Interim Claim) can only be billed by the hospital when the total Colorado Medical Assistance Program payment is at least \$100,000 more than the previous interim payment. Continuous Interim Claims must always cover the entire stay from the admission date through the billing date. *

The final interim claim (type of bill 114 – Last Interim Claim) should be billed after the client has been discharged, and should cover the entire stay from the admission date through the discharge date.*

*** Continuous Interim Claims and Last Interim Claims always result in a credit of any prior interim claims that have been paid.**

Billing for Rehabilitation Stays

The Colorado Medical Assistance Program does not recognize Distinct Part Units (DPUs) separately from the general acute hospital under which they are licensed. One of the reasons for this change is that many admissions to DPUs are for rehabilitation care that is part of the recovery from an immediately preceding inpatient stay in the general acute hospital. The Medical Assistance Program payment to the general acute hospital for these cases is designed to cover the cost of this “recovery rehabilitation.” Since the Colorado Medical Assistance Program does not recognize DPUs, hospitals may not submit two claims for a client who is admitted to a general acute hospital and then transferred to the hospital’s DPU. A single claim should be submitted for this scenario covering the dates of service from the admission to the general acute facility through the discharge from the DPU.

Maternity and Newborn Billing

Do not show nursery days in FL 6. Nursery days are entered as units on a detail line but are not covered days that represent additional payment. There is no additional inpatient benefit for routine newborn hospitalization.

Charges for a **well** newborn remaining in the hospital after the mother's discharge are not a benefit (e.g., placement). Benefits apply under the following conditions:

- If the Mother is in the hospital, the mother and baby's charges are billed on one claim as one stay.
- Baby remains in hospital for placement. This is not a Colorado Medical Assistance Program benefit. Services may be billed on the mother's claim until the time the mother is discharged.
- Mother is discharged, but the baby remains in hospital and is not transferred to another hospital (i.e., baby is not well.):
 - Baby becomes a patient in its own right.
 - Hospital records reflect the baby's new admission date, which is the date of the mother's discharge.
 - Baby requires its own state (Medicaid) ID number.
 - Baby's charges beginning with mother's date of discharge through baby's discharge are billed separately from the mother's charges.
 - If the baby is transferred to a different hospital, the Colorado Medical Assistance Program benefits are still applicable. The baby's charges must be billed separately by the receiving hospital.
- When the mother is not eligible for benefits, the baby's well baby care charges may be billed under the following conditions:
 - The baby is eligible for benefits
 - The baby has an active client ID number
 - If the mother's insurance pays for any portion of the well baby care, this must be included on the claim as a third party payment

Special Instructions for Labor and Delivery Claims

Delivery is a benefit for non-citizens, but sterilization is **not** a covered service. If sterilization is performed in conjunction with the delivery for a non-citizen, the coding and charges for sterilization must be omitted from the claim. Only the codes and charges for the delivery can be billed.

Medicare Part B only coverage

Providers should submit a claim to Medicare for any inpatient services covered by Medicare. When Medicaid denies automatic crossovers for Part B services, submit an inpatient claim to Medicaid. This is *not* a crossover claim.

- Complete the Type of Bill form locator using 111.
- Enter Payer source code H for the Medicare Part B payer.
- Enter the Medicare Part B payment in the Prior Payments form locator for Payer source H.
- Deduct the Medicare Part B payment from the total charges to show the Estimated Amount Due.

The Colorado Medical Assistance Program pays the Medicaid inpatient allowable amount minus the Medicare Part B payment, minus any commercial insurance payment (if applicable) and minus any Medicaid co-payment.

Professional Fees

Costs associated with professional services by salaried physicians are included in the hospital's rate structure and cannot be billed separately to the Colorado Medical Assistance Program. Do not bill professional fees (revenue codes 0960-0989) for emergency and outpatient services as an 837 Institutional (837I) electronic transaction or on the UB-04 claim form.

Professional fees for services provided in the emergency room by contract physicians must be billed by the physician as an 837 Professional (837P) electronic transaction or on the Colorado 1500 claim form using the appropriate HCPCS codes. The Colorado Medical Assistance Program payment is made to the physician.

Out-of-State Inpatient Hospital Services

Out-of-state hospitals are classified as urban or rural. A base rate of 90% of the Colorado urban or rural base rate is used for the purpose of reimbursement calculation under the Colorado Medical Assistance APR-DRG program.

Psychiatric/Psychological Services

Inpatient psychiatric benefits

Inpatient psychiatric care is covered by Medicaid. Care is limited to 45 days; longer stays must be approved through concurrent review.

Obtaining authorization for Psychiatric/Psychological services

All Colorado Medical Assistance Program clients are assigned to [a Behavioral Health Organization \(BHO\)](#) which is responsible for approval and reimbursement of psychiatric and psychological services. A BHO may refer a client to a hospital for either inpatient or outpatient services. At the time of referral, the BHO will provide the hospital prior authorization and personal health information for the client as necessary.

If a client is referred to a hospital by a BHO, all information necessary for billing will be provided. If a client presents at a hospital requesting services, the hospital will need to submit an eligibility inquiry to verify the client's BHO. The hospital will then contact the BHO in order to obtain prior authorization for treatment.

When a client presents at a hospital requesting emergency services, the hospital provider will be reimbursed by the BHO for medical stabilization of the client, but must contact the BHO to coordinate any further services.

Refer to the Colorado Medical Assistance Program UB-04 Revenue Code Table ([Appendix Q](#)) for a complete listing of services and the corresponding valid revenue codes.

Appendix Q in the Appendices is located in the Provider Services [Billing Manuals](#) section of the Department's website.

Billing for Combined Stays under the 48Hour Readmission Policy

Effective for dates of service on or after July 1, 2011, if a client is discharged from a hospital and readmitted to the same hospital within 48 hours for symptoms related to, or for evaluation and management of, the prior stay's medical condition, the hospital must bill these tandem admissions as a single hospital stay. The effect of this rule is that the hospital will receive only one payment for what is essentially one episode of care.

The following is the correct billing format when billing for combine stays under the 48-hour readmission policy.

Effective for dates of service on or after July 1, 2011, all claims for hospital readmissions in which a client is readmitted to the same hospital within 48 hours of discharge, will be denied unless the readmission is completely unrelated to the first admission. This will apply to all claims for second admissions dated July 1, 2011 or later.

Example:

A client is admitted January 19, 2012, and is discharged January 23, 2012. The client is readmitted January 25, 2012, and is discharged January 28, 2012.

- The hospital bills from DOS January 19, 2012, through DOS January 28, 2012. The number of covered days is seven. The number of non covered days is two.
- Covered days must be reported using Value code 80
- Non covered Days; must be reported using Value code 81
- Claim details need to include leave of absence revenue code 0180, the units should equal to the non-covered days and charges equal to a non zero amount

The Medicaid Management Information System (MMIS) will automatically deny subsequent claims for readmissions to the same hospital within 48 hours. Providers will have to submit an adjustment claim to correctly reflect the dates of service for the full episode of care. To indicate that a readmission is completely unrelated to the first admission, a claim may be coded with condition code B4 which will allow the separate episode of care. Use the following codes to indicate covered/non-covered days:

A claim example is provided under "Billing for combine stays under the 48 hour readmission policy" on page 59 of this billing manual.

The Quality Improvement Organization (QIO) will continue to retrospectively review all readmissions within 48 hours which are paid with use of condition code B4. If the Department determines that the readmission is not completely unrelated to the first admission, the Department will recoup payment.

The Colorado Medical Assistance Program does not recognize Distinct Part Units (DPUs) or any other units of a hospital separately from the general acute care hospital under which they are licensed. General acute care hospitals may not submit two claims for a client who is transferred between units of a hospital. A single claim should be submitted covering the dates of service from the admission to the general acute care hospital through the discharge from the DPU. When the QIO identifies claims for such transfers, the second admission will be denied. Stays at Transitional Care Units or any other location that is not part of the hospital are not billable under the hospital's Colorado Medical Assistance Program provider number and will be denied if billed as such.

Swing Bed Services

Hospitals certified to provide Skilled Nursing Facility (SNF) services and/or Intermediate Care Facility (ICF) services to clients in swing beds must furnish the services, supplies and equipment required for SNFs and ICFs within the approved per diem rate. Services must be certified as medically necessary.

Inpatient Late Charges

Late charges for inpatient services paid under APR-DRG should not be submitted unless there is additional information that would change the APR-DRG or payment amount (e.g., a different or additional diagnosis, or information that would change the co-pay status). Submit appropriate late charges on an [Adjustment Transmittal form](#), which can be found in the Provider Services [Forms](#) section of the Department's website.

Inpatient hospital ancillary late charges for providers reimbursed under a per diem must be recorded in a log and retained for cost reporting purposes. Do not submit late charges if the reimbursement is based on a per diem.

Submit late charges only if they change the APR-DRG or payment.

Transfers

Excluding rehabilitation and specialty-acute hospitals, a client who is transferred from one PPS hospital to another PPS hospital or from a PPS hospital to a hospital designated by the Department as a Non-Prospective Payment System (NPPS) hospital (or the reverse), reimbursement is calculated as follows:

Reimbursement for a client who is transferred from one PPS hospital to another PPS hospital is calculated at a APR-DRG per diem rate for each facility with payment up to the full APR-DRG payment to each facility. If applicable, both hospitals may receive outlier day payments.

Reimbursement for a client who is transferred from a PPS hospital to an NPPS hospital (or the reverse) is calculated at the APR-DRG rate for the PPS facility and at the assigned per diem for the exempt facility.

When transfer services are billed, complete the following Form Locators for correct reimbursement calculation:

- Form Locator 15, Source of Admission
- Form Locator 17, Patient Status
- Form Locators 39-41, Value Codes

See the instructions for each Form Locator in this provider manual.

“Present on Admission” Indicator on Hospital Claims

Inclusion of "present on admission" (POA) indicator responses are required for inpatient hospital claims submitted through the Web Portal. The Department’s policy follows that of the Medicare program for hospitals paid through prospective payment.

The POA response is required for Principle Diagnosis and **all** Other Diagnoses. It is not required for the Admitting Diagnosis. The POA response is to be documented in the gray area to the right of Form Locator 67 (Principal Diagnosis) and 67A -67Q (Other Diagnoses). Allowed responses are limited to:

- ✓ Y = Yes – present at the time of inpatient admission
- ✓ N = No – not present at the time of inpatient admission
- ✓ U = Unknown – the documentation is insufficient to determine if the condition was present at the time of inpatient admission
- ✓ W = Clinically Undetermined – the provider is unable to clinically determined whether the condition was present at the time of inpatient admission or not
- ✓ “Blank” or “1” = Diagnosis is exempt for POA reporting or is not submitted (“blank” to be used on electronics submissions, “1” for paper submissions)

The POA indicator is used to identify claims with Health Care Acquired Conditions (HCAC) and Other Provider Preventable Conditions (OPPC). Specific codes associated with HCAC and OPPC are provided below. These are events which if occurred while in the hospital (POA = N or U) can complicate care and patient outcomes. Because these events can be deemed preventable, CMS does not allow the Department to pay additional costs of a higher APR-DRG assignment arising from HCACs or must deny payment altogether for OPPCs.

Other Provider Preventable Conditions (OPPC) – FY2013

	Other Provider Preventable Conditions (OPPC)
1	Surgery performed on the wrong body part
2	Surgery performed on the wrong patient
3	Wrong surgical procedure performed on a patient

Hospitals are required to submit claims when any of these HCAC or OPPC events occur in an inpatient hospital setting – and also when an OPPC event occurs in an outpatient healthcare setting. Patients may not be billed or balance-billed for services related to these HCACs or OPPCs. The Department will collaborate with hospitals to assure appropriate reimbursement for cases in which a patient receives subsequent care for a HCAC or OPPC in a hospital other than the original site in which the event occurred.

Outpatient

Outpatient hospital benefits are provided for medical conditions requiring outpatient hospital services. Outpatient hospital services are provided for diagnostic, therapeutic, rehabilitative, preventive and palliative items and services when provided by or under the direction of a physician in a Colorado Medical Assistance Program participating hospital. Non-emergency outpatient hospital services are subject to the Primary Care Physician Program guidelines.

Bundling

"Bundling" describes a single reimbursement package for related services. Colorado Medical Assistance Program reimbursement for inpatient hospital care includes associated outpatient, laboratory, and supply services provided in a 24-hour period immediately prior to the hospital admission, during the hospital stay and 24 hours immediately after discharge.

For example, prenatal services provided within 24 hours of an inpatient delivery are related and should be bundled.

Outpatient, clinical laboratory, and supply claims are bundled. Transportation services are not bundled. Inpatient payment bundling assures that all services associated with the inpatient stay are included in the hospital's APR-DRG or per diem payment.

During claim processing, outpatient, laboratory, and supply claim service dates are compared to previously processed and in process inpatient claims. Payment for "unbundled" outpatient, laboratory, or supply claims may be denied.

Clinical Laboratory Improvement Amendments (CLIA)

To comply with the Federal Clinical Laboratory Improvement Amendments of 1988 (CLIA 88), the Colorado Medical Assistance Program requires that all providers of clinical laboratory services obtain a CLIA certificate of waiver or certificate of registration to perform and receive payment for laboratory testing services. A copy of the CLIA registration and a completed information form must be submitted to Colorado Medical Assistance Program Provider Enrollment in order for providers to receive payment. Claims for laboratory services must be provided and billed by an appropriately registered CLIA certified laboratory. These requirements apply to any facility or practitioner who provides clinical laboratory services or performs laboratory testing. CLIA registration is not required for providers who only collect or prepare specimens.

Span Billing

Span billing is used for outpatient hospital, rural health clinics and dialysis centers. Enter the beginning and ending dates of service in FL 6. FL 45 must be completed with the correct date of service using MMDDYY format for each line item submitted. Each date of service must be shown on a separate detail line with a corresponding description, revenue code, units and charge.

Providers not wishing to span bill under these guidelines must submit one claim per date of service.

Split Bills

For any specified date or date span, billed services must appear on a single UB-04. A claim cannot be submitted as a two or more part claim.

Outpatient claims that span the end of one calendar year and the beginning of the following year should be split billed by year. The client co-payment responsibility is renewed January 1st of each calendar year and cannot be calculated when claim dates of service span two calendar years.

Providers reimbursed an encounter rate or per diem must split bill to accommodate the date of the rate change.

Medical records or ancillary service records are not required as claim attachments unless they are requested.

Third Party Payment Pro-rate

When a provider receives a third party lump sum payment for multiple services billed to Colorado Medical Assistance Program on separate UB-04 claim forms, i.e., hospital accommodations, lab and transportation, the provider should pro-rate the third party payment to the multiple services/claims.

Each claim must include a copy of the insurance company's explanation of benefits (EOB) or check with a notation that the payment has been applied to multiple claims.

Example (for outpatient, outpatient laboratory and transportation services)

Services incurred were:	Outpatient	\$ 720.00
	Outpatient Lab	215.00
	Transportation	173.00
	Total Billed To Third Party Payer	\$1,108.00
Lump sum payment received from Third Party Payer		\$ 830.00

To pro-rate third party payment for multiple Colorado Medical Assistance Program UB-04 claims, determine what percentage of the total charge is represented by each claim amount. Divide each individual claim charge by the total charge.

Outpatient Services	$\$720.00 \div \$1,108.00 = 65\%$
Outpatient Lab Services	$\$215.00 \div \$1,108.00 = 19\%$
Transportation Services	$\$173.00 \div \$1,108.00 = 16\%$

To determine the correct Third Party payment amount to enter on each claim, multiply each percentage from the previous calculation times the total amount received from the third party payer. These amounts should be entered on the Third Party payer line in FL 54 (Prior Payments).

$65\% \times \$830.00 =$	$\$539.50$ on the Outpatient claim
$19\% \times \$830.00 =$	$\$157.70$ on the Outpatient Lab claim
$16\% \times \$830.00 =$	$\$132.80$ on the Transportation claim

The amount for the Colorado Medical Assistance Program line in FL 55 (Estimated Amount Due) is the difference between the total claim charge and the third party payer pro-rate amount.

Outpatient	$\$720.00 - \$539.50 = \$180.50$
Outpatient: Lab	$\$215.00 - \$157.70 = \$ 57.30$
Transportation	$\$173.00 - \$132.80 = \$ 40.20$

Procedure/HCPCS Codes Overview

The codes used for submitting claims for services provided to Colorado Medical Assistance Program clients represent services that are approved by the Centers for Medicare and Medicaid Services (CMS) and services that may be provided by an enrolled Colorado Medical Assistance Program provider.

The Healthcare Common Procedural Coding System (HCPCS) is divided into two principal subsystems, referred to as level I and level II of the HCPCS. Level I of the HCPCS is comprised of Current Procedural Terminology (CPT), a numeric coding system maintained by the American Medical Association (AMA). The CPT is a uniform coding system consisting of descriptive terms and identifying codes that are used primarily to identify medical services and procedures furnished by physicians and other health care professionals. Level II of the HCPCS is a standardized coding system that is used primarily to identify products, supplies, and services not included in the CPT codes, such as ambulance services and durable medical equipment, prosthetics, orthotics, and supplies (DMEPOS) when used outside a physician's office.

Level II codes are also referred to as alpha-numeric codes because they consist of a single alphabetical letter followed by 4 numeric digits, while CPT codes are identified using 5 numeric digits.

HIPAA requires providers to comply with the coding guidelines of the AMA CPT Procedure Codes and the International Classification of Disease, Clinical Modification Diagnosis Codes. If there is no time designated in the official descriptor, the code represents one unit or session.

The Department updates and revises HCPCS code listings through the billing manuals and bulletins. Providers should regularly consult the billing manuals and monthly bulletins in the Provider Services [Billing Manuals](#) and [Bulletins](#) section of the Department's website.

To receive electronic provider bulletin notifications, an email address can be entered into the Web Portal in the *(MMIS) Provider Data Maintenance* area or by filling out a publication preference form. Bulletins include updates on approved codes as well as the maximum allowable units billed per procedure.

All outpatient laboratory, occupational therapy, physical therapy, x-ray and hospital based transportation claims must be billed using both HCPCS and revenue codes. Outpatient laboratory, occupational therapy, physical therapy, and hospital based transportation claims are reimbursed based on the Colorado Medical Assistance Program fee schedule. Outpatient hospital x-ray claims are reimbursed based on the hospital cost to charge ratio.

When submitting claims for transportation, outpatient laboratory, occupational therapy, physical therapy, and radiology to the Colorado Medical Assistance Program, observe the following guidelines:

Always use the most current CPT revision. The Colorado Medical Assistance Program adds and deletes codes as they are published in annual revisions of the CPT.

Use CMS codes only when CPT codes are not available or are not as specific as the CMS codes.

Not all codes listed in the annual Colorado Medical Assistance Program HCPCS code publications are benefits of the Colorado Medical Assistance Program. Read the entire entry to determine the benefit status of the item.

The CPT can be purchased at local university bookstores and from the American Medical Association at the following address:

UB-04 Revenue Codes

The Colorado Medical Assistance Program Revenue Code Table located in [Appendix Q](#) contains revenue codes for billing services to the Colorado Medical Assistance Program. Not all of the revenue codes listed are Colorado Medical Assistance Program benefits. When non-benefit revenue codes are used, the claim must be completed according to the billing instructions for non-covered charges. Claims submitted with revenue codes that are not listed are denied.

UB-04 Paper Claim Reference Table

The information in the following table provides instructions for completing form locators (FL) as they appear on the paper UB-04 claim form. Instructions for completing the UB-04 claim form are based on the current *National Uniform Billing Committee (NUBC) UB-04 Reference Manual*. Unless otherwise noted, all data form locators on the UB-04 have the same attributes (specifications) for the Colorado Medical Assistance Program as those indicated in the *NUBC UB-04 Reference Manual*.

All code values listed in the *NUBC UB-04 Reference Manual* for each form locator **may not** be used for submitting paper claims to the Colorado Medical Assistance Program. The appropriate code values listed in this manual must be used when billing the Colorado Medical Assistance Program.

The UB-04 Certification document is located after the Sterilizations, Hysterectomies, and Abortions instructions and in the Provider Services [Forms](#) section of the Department's website. The UB-04 Certification document must be completed and attached to all claims submitted on the paper UB-04. Completed UB-04 paper Colorado Medical Assistance Program claims, including hardcopy Medicare claims, should be mailed to the correct fiscal agent address located in Appendix A of the Appendices in the Provider Services [Billing Manuals](#) section of the Department's website.

Do not submit “continuation” claims. Each claim form has a set number of billing lines available for completion. Do not crowd more lines on the form. Billing lines in excess of the designated number are not processed or acknowledged. Claims with more than one page may be submitted through the Web Portal.

The following Paper Claim Reference Table lists the required, optional and/or conditional form locators for submitting the UB-04 paper claim form to the Colorado Medical Assistance Program for inpatient and outpatient hospital services.

Late Bill Override Date

For electronic claims, a delay reason code must be selected and a date must be noted in the “Claim Notes/LBOD” field.

Valid Delay Reason Codes

- 1 Proof of Eligibility Unknown or Unavailable
- 3 Authorization Delays
- 7 Third Party Processing Delay
- 8 Delay in Eligibility Determination
- 9 Original Claim Rejected or Denied Due to a Reason Unrelated to the Billing Limitation Rules
- 11 Other

The Late Bill Override Date (LBOD) allows providers to document compliance with timely filing requirements when the initial timely filing period has expired. Colorado Medical Assistance Program providers have 120 days from the date of service to submit their claim. For information on the 60-day resubmission rule for denied/rejected claims, please see the General Provider Information manual in the Provider Services [Billing Manuals](#) section of the Department’s website.

Making false statements about timely filing compliance is a misrepresentation and falsification that, upon conviction, makes the individual who prepares the claim and the enrolled provider subject to a fine and imprisonment under state and/or federal law.

Information entered on the consent form must correspond directly to the information on the submitted Colorado Medical Assistance Program claim form.</p> <p>Federal regulations require strict compliance with the requirements for completion of the MED-178 consent form or claim payment is denied. Claims that are denied because of errors, omissions, or inconsistencies on the MED-178 may be resubmitted if corrections to the consent form can be made in a legally acceptable manner.</p> <p>Any corrections to the patient's portion of the sterilization consent must be approved and initialed by the patient.</p> <p style="text-align: center;"><u>Hysterectomies</u></p> <p>Hysterectomy is a benefit of the Colorado Medical Assistance Program when performed solely for medical reasons. Hysterectomy is <u>not</u> a benefit of the Colorado Medical Assistance Program if the procedure is performed solely for the purpose of sterilization, or if there was more than one purpose for the procedure and it would not have been performed but for the purpose of sterilization.</p> <p>The following conditions must be met for payment of hysterectomy claims under the Colorado Medical Assistance Program. These claims must be filed on paper.</p> <ul style="list-style-type: none"> • Prior to the surgery, the person who secures the consent to perform the hysterectomy must inform the patient and her representative, if any, verbally and in writing that the hysterectomy will render the patient permanently incapable of bearing children. • The patient and her representative, if any, must sign a written acknowledgment that she has been informed that the hysterectomy will render her permanently incapable of reproducing. The written acknowledgment may be any form created by the provider that states specifically that, “I acknowledge that prior to surgery, I was advised that a hysterectomy is a procedure that will render me permanently incapable of having children.” The acknowledgment must be signed and dated by the patient. <p>A written acknowledgment from the patient is not required if:</p> <ul style="list-style-type: none"> • The patient is already sterile at the time of the hysterectomy, or • The hysterectomy is performed because of a life-threatening emergency in which the practitioner determines that prior acknowledgment is not possible.

Billing Instruction Detail	Instructions								
<p>Sterilizations, Hysterectomies, and Abortions (continued)</p> 	<p>If the patient’s acknowledgment is not required because of the one of the above noted exceptions, the practitioner who performs the hysterectomy must certify in writing, as applicable, one of the following:</p> <ul style="list-style-type: none"> • A signed and dated statement certifying that the patient was already sterile at the time of hysterectomy and stating the cause of sterility; • A signed and dated statement certifying that the patient required hysterectomy under a life-threatening, emergency situation in which the practitioner determined that prior acknowledgment by the patient was not possible. The statement must describe the nature of the emergency. <p>A copy of the patient’s written acknowledgment or the practitioner’s certification as described above must be attached to all claims submitted for hysterectomy services. A suggested form on which to report the required information is located in Claim Forms and Attachments in the Provider Services Forms section of the Department’s website. Providers may copy this form, as needed, for attachment to claim(s). Providers may substitute any form that includes the required information. The submitted form or case summary documentation must be signed and dated by the practitioner performing the hysterectomy.</p> <p>The surgeon is responsible for providing copies of the appropriate acknowledgment or certification to the hospital, anesthesiologist, and assistant surgeon for billing purposes. Claims will be denied if a copy of the written acknowledgment or practitioner’s statement is not attached.</p> <p style="text-align: center;"><u>Abortions</u></p> <p>Induced abortions</p> <p>Therapeutic legally induced abortions are a benefit of the Colorado Medical Assistance Program when performed to save the life of the mother. The Colorado Medical Assistance Program also reimburses legally induced abortions for pregnancies that are the result of sexual assault (rape) or incest.</p> <p>A copy of the appropriate certification statement must be attached to all claims for legally induced abortions performed for the above reasons. Because of the attachment requirement, claims for legally induced abortions must be submitted on paper and must not be electronically transmitted. Claims for spontaneous abortions (miscarriages), ectopic, or molar pregnancies are not affected by these regulations.</p> <p>The following procedure codes are appropriate for identifying induced abortions:</p> <table border="0" style="margin-left: auto; margin-right: auto;"> <tr> <td style="padding: 0 20px;">59840</td> <td style="padding: 0 20px;">59841</td> <td style="padding: 0 20px;">59850</td> <td style="padding: 0 20px;">59851</td> </tr> <tr> <td style="padding: 0 20px;">59852</td> <td style="padding: 0 20px;">59855</td> <td style="padding: 0 20px;">59856</td> <td style="padding: 0 20px;">59857</td> </tr> </table>	59840	59841	59850	59851	59852	59855	59856	59857
