COMMITTEE CHARTER

Name of Committee: Improving and Bridging Systems Program Improvement Advisory Committee (PIAC) Subcommittee

Purpose or Goals:

- Make benefit design recommendations to the ACC PIAC to enhance care across systems
- Discuss and recommend ways to bridge systems in order to better integrate care and resources
- Identify barriers to access and communication across systems of care and community supports and recommend improvements

Person, issue, or event that cause the committee to be established: The Subcommittee was formed by the State ACC PIAC to address issues unique to frequent users of the health care system.

Major Functions:

- Discuss benefit design, the development of integrated systems, effective approaches for frequent users, lessons learned from the ACC: MMP, and other related topics as assigned by the ACC PIAC
- Recommend changes to ACC policy, programs, and initiatives
- Explore ways to implement changes in five main areas to effectively bridge systems:
 - Ability to identify high utilizers and those at high risk
 - Good communication between providers and systems
 - Care coordination for high utilizers
 - Effective best practice services at the right level
 - Flexible funding for unique needs

Findings of the Committee will be reported to: ACC PIAC

Our mission is to improve health care access and outcomes for the people we serve while demonstrating sound stewardship of financial resources.
